Yankee Dawg You Die:

Yankee Dawg You Die Philip Kan Gotanda, 2004 *National Abjection* Karen Shimakawa, 2002-12-05 Explores the ways that playwrights and performers have dealt with the presentation of the Asian American body on stage given the historical construction of Asian Americanness as abject and unrepresentable **Act Like a Man** Robert H. Vorlicky, 2023-06-20 How

men communicate with each other on stage when no women are present and what it tells us about power and gender

Performing Asian America Josephine Lee, 2010-08-12 In her groundbreaking book *Performing Asian America* Josephine Lee meets a formidable challenge How does one go about describing and analyzing the cultural production of Asian Americans a group just beginning to make their complex political and social positions more visible Lee approaches her specific subject how Asian American playwrights depict race and ethnicity onstage from the perspective that theatrical performances and dramatic texts can tell us much about these contemporary dynamics **Double Agency**, 2005 In *Double Agency* Tina Chen proposes impersonation as a paradigm for teasing out the performative dimensions of Asian American literature and culture Asian American acts of impersonation she argues foreground the limits of subjectivity even as they insist on the undeniable importance of subjecthood By decoupling imposture from impersonation Chen shows how Asian American performances have often been misinterpreted read as acts of betrayal rather than multiple allegiance A central paradox informing the book impersonation as a performance of divided allegiance that simultaneously pays homage to and challenges authenticity and authority thus becomes a site for reconsidering the implications of Asian Americans as double agents In exploring the possibilities that impersonation affords for refusing the binary logics of loyalty disloyalty real fake and Asian American *Double Agency* attends to the possibilities of reading such acts as impersonations dynamic performances and a performance dynamics through which Asian Americans constitute themselves as speaking and acting subjects *Asian American Playwrights* Miles Liu, 2002-05-30 In the late nineteenth century Asian American drama made its debut with the spotlight firmly on the lives and struggles of Asians in North America rather than on the cultures and traditions of the Asian homeland Today Asian American playwrights continue to challenge the limitations of established theatrical conventions and direct popular attention toward issues and experiences that might otherwise be ignored or marginalized While Asian American literature came into full bloom in the last 25 years Asian American drama has yet to receive the kind of critical attention it warrants This reference book serves as a versatile vehicle for exploring the field of Asian American drama from its recorded conception to its present stage Included are alphabetically arranged entries for 52 Asian American dramatists of origins from India Pakistan Vietnam the Philippines Japan Korea and China Each entry includes relevant biographical information that contextualizes the works of a playwright an interpretive description of selected plays that spotlights recurring themes and plots a summary of the playwright's critical reception and a bibliography of primary and secondary works The entries are written by expert contributors and reflect the ethnic diversity of the Asian American

community The volume closes with a selected general bibliography which includes anthologies scholarly studies and periodicals
