Year Of The Horse Vietnam 1st Air Cavalry In The Highlands 1965 1967:

Year of the Horse Kenneth D. Mertel, 1997 This book is the day by day story of the Jumping Mustangs 1st Battalion Airborne 8th Cavalry of the 1st Air Cavalry Division written by the man who knows them best 1st Air Cav Lieutenant Colonel Kenneth Mertel On 1 July 1965 at Fort Benning Georgia the 1st Air Cavalry Division was activated to employ newly developed techniques and tactics providing the utmost in combat effectiveness and flexibility After telling of the excitement at Benning over the formation of this revolutionary airmobile division Colonel Mertel gives a vivid picture of the building of his own Jumping Mustang Battalion the rigorous training of officers and men and finally the long voyage across the Pacific to Vietnam Now the test Would the new concept of airmobility so painstakingly worked out stateside produce the hoped for results The answer came quickly and dramatically in a rapid succession of search and destroy operations Ia Drang An Khe South Plei Mei the Cambodian border Bong Son Tarzan In precipitous mountains dense jungles mud and water filled rice paddles and expanses of view obstructing elephant grass the Jumping Mustangs sought out the enemy engaging him in combat and stopping him in his tracks Airmobility more than passed the test Colonel Mertel pays tribute to the many acts of heroism of his men who lived worked and fought together in some of the world's most inhospitable conditions He also writes movingly of those who never came back In 1967 the President at a White House ceremony recognized the Division's success and valor by awarding it the Presidential Unit Citation for the action at Plei Mei According to the Chinese calendar 1966 was the Year of the Horse It was the Year of the Horse for the Jumping Mustangs in Vietnam *United States Army unit histories* George S. Pappas, 1978 *Voices from the Vietnam War* Xiaobing Li, 2010-06-11 The Vietnam War's influence on politics foreign policy and subsequent military campaigns is the center of much debate and analysis But the impact on veterans across the globe as well as the war's effects on individual lives and communities is a largely neglected issue As a consequence of cultural and legal barriers the oral histories of the Vietnam War currently available in English are predictably one sided providing limited insight into the inner workings of the Communist nations that participated in the war Furthermore many of these accounts focus on combat experiences rather than the backgrounds belief systems and social experiences of interviewees resulting in an incomplete historiography of the war Chinese native Xiaobing Li corrects this oversight in *Voices from the Vietnam War* Stories from American Asian and Russian Veterans Li spent seven years gathering hundreds of personal accounts from survivors of the war accounts that span continents nationalities and political affiliations The twenty two intimate stories in the book feature the experiences of American Chinese Russian Korean and North and South Vietnamese veterans representing the views of both anti Communist and Communist participants including Chinese officers of the PLA a Russian missile training instructor and a KGB spy These narratives humanize and contextualize the war's events while shedding light on aspects of the war previously unknown to Western scholars Providing fresh perspectives on a long discussed topic *Voices from the Vietnam War* offers a thorough and unique understanding of America's longest war

The Era of World War II Roy Barnard, William Joseph Burns, Duane Ryan, 1977 **The Battle of Bong Son** Kenneth P. White, 2025-08-05 Finalist 2024 Army Historical Foundation Distinguished Writing Awards a deeply researched and comprehensive book chronicles the battle in great detail including all American and allied units involved and some of the enemy units of the NVA's Sao Vong Yellow Star Division The VVA Veteran Operation Masher White Wing targeted the regiments of the North Vietnamese Army Sao Vong Division operating in the Bong Son area in northeast Binh Dinh Province in central South Vietnam The operation started on January 24 1966 immediately after the Vietnamese New Year Tet and ended six weeks later It was led by newly promoted Colonel Harold G Moore who as a lieutenant colonel commanded the 1st Battalion 7th Cavalry in the battle of Landing Zone X Ray in the Ia Drang Valley two months earlier In 41 days of sustained fighting the 1st Cav battled each of the three regiments of the Sao Vong Division resulting in enemy losses of more than 3 000 KIA This came at the cost of 199 Americans killed on the battlefield and 46 more who died in the crash of a U S Air Force C 123 aircraft en route to the battlefield making it one of the deadliest battles of the entire Vietnam War Operation Masher White Wing was a success The 1st Cav demonstrated that it had the firepower mobility and leadership to find the enemy and deliver a severe blow to it in terms of personnel and equipment losses and in forced evacuation from formerly secure base areas seemingly proving the value of the search and destroy strategy However within a few weeks intelligence reports indicated that North Vietnamese soldiers were returning to the Bong Son area in small groups By late April the Sao Vong Division was back in the area in force Operation Masher White Wing proved to be the start of a very long and deadly struggle between the 1st Cav and North Vietnamese for control of Binh Dinh Province multiple search destroy operations eventually resulted in more than 9 000 enemy KIA and 2 358 enemy detained with friendly losses of more than 1 200 KIA 5 775 WIA and 27 MIA While Masher White Wing demonstrated that search destroy operations were very effective at the tactical level but without a high level strategy to stop the unabated flow of fresh Communist troops and supplies into South Vietnam it wasn't clear just how they contributed to overall victory At the start of 1968 General Westmoreland ordered the 1st Cav to terminate its operations in the Bong Son area bringing the battle to a close **Army**, 1998 **Special Bibliography**, 1978

Vietnam John Prados, 2009 The first major synthesis of the war since 2001 drawing upon a host of newly declassified documents presidential tapes and overlooked foreign sources to give the most comprehensive look to date of the war that still haunts America **The Wars in Vietnam, Cambodia, and Laos, 1945-1982** Richard Dean Burns, Milton Leitenberg, 1984 Lists sources which discuss the history and causes of war in Indochina **Seeds of Victory** Richard Denis Johnson, 1997 Psychological Warfare is by no means a new concept in warfare To the layman however this particular aspect of armed conflict has seldom been greeted with understanding or even acknowledgment Accordingly not enough has been broadly or factually disseminated upon the subject to date Seeds of Victory explores in detail the component mechanics of an intensely orchestrated Psychological Warfare campaign while utilizing the most recent formant of the Persian Gulf War as a case in

point for understanding The tremendous scale of the Persian Gulf War's Psychological Warfare campaign is evidenced by the fact that long before Coalition soldiers fired the first shots in that conflict a different class of army had already been assembled for months and was fiercely locked in a pitched battle for dominance over Saddam Hussein's citizens and soldiers alike Far away from blaring headlines and flashy newscasts violent graphic images of warfare civil unrest starvation disease and death were systematically bombarding Saddam Hussein's Empire in wave upon wave of leaflet and radio assaults That provocative campaign of psychological attrition and dominance is documented within this text through personal interviews with some of the commanders and soldiers who orchestrated and executed that campaign Their experiences will accompany the reader from the earliest planning and developmental stages through the production and into the final dissemination phases of demoralization As a reference source this text is of historical significance as it documents in exacting detail the many deceptive Psychological Warfare campaign methodologies and strategies which incited wide spread desertions and mutiny among as many as 150 000 front line Iraqi combat troops many of whom were battle hardened veterans of the fierce eight year war with Iran Seeds of Victory is also unique in that it has already demonstrated its value within the professional realm of the Psychological Warfare community since its having been officially adapted by the United States Army's Psychological Warfare Group Command as an instructional and reference work for use within their company level units
