Year Of No Sugar A Memoir:

Year of No Sugar Eve Schaub, 2014-04-08 For fans of the New York Times bestseller *I Quit Sugar* or Katie Couric's controversial food industry documentary *Fed Up* *A Year of No Sugar* is a delightfully readable account of how one family survived a yearlong sugar free diet and lived to tell the tale A funny intelligent and informative memoir Kirkus It's dinnertime Do you know where your sugar is coming from Most likely everywhere Sure it's in ice cream and cookies but what scared Eve O Schaub was the secret world of sugar hidden in bacon crackers salad dressing pasta sauce chicken broth and baby food With her eyes opened by the work of obesity expert Dr Robert Lustig and others Eve challenged her husband and two school age daughters to join her on a quest to quit sugar for an entire year Along the way Eve uncovered the real costs of our sugar heavy American diet including diabetes obesity and increased incidences of health problems such as heart disease and cancer The stories tips and recipes she shares throw fresh light on questionable nutritional advice we've been following for years and show that it is possible to eat at restaurants and go grocery shopping with less and even no added sugar *Year of No Sugar* is what the conversation about kicking the sugar addiction looks like for a real American family a roller coaster of unexpected discoveries and challenges As an outspoken advocate for healthy eating I found Schaub's book to shine a much needed spotlight on an aspect of American culture that is making us sick fat and unhappy and it does so with wit and warmth
