Yeats The Poet The Measures Of Difference:

Yeats The Poet Edward Larrissy, 2014-07-15 This work addresses Yeats's antinomies seeing their origin and structure in his divided Anglo Irish inheritance and examining the notion of measure It then explores how this relates to freemasonry Celticism and Orientalism and looks at the Blakean esoteric language of contrariety and outline which provided Yeats with the vocabulary of self understanding

The Gyroscopic Transformation of Self Quest in W. B. Yeats's Poetry Özlem Saylan, 2019-01-17 Carrying a story to tell is the ancient burden of craftsmen and it is one of the characteristics of the quest to find oneself since a journey requires recognition of the aspects of self and anti self Like the speaker of his poems W B Yeats has something to tell His poetry draws nourishment from the battle between the dichotomies of self and anti self human and divine mind and intellect past and present and body and soul This book covers a selection of Yeats's poems from 1889 to 1939 discussing them within the frame of the quest to find oneself and its gyroscopic transformation The book illustrates that self is not a single entity but has multiple layers and it can be found within the quest in which it experiences a simultaneous transformation with every phase of the antithetical structure of gyroscopic movements In addition the way of the quest is cyclical however it is not a vicious cycle since in life every end is a phase of a beginning and every beginning is a phase of an end

W.B. Yeats Edward Larrissy,2015 This book not only introduces the reader to contemporary themes in Yeats criticism but also provides a unified interpretation based on Yeats ambivalent sense of identity as a nationalist conscious of the Anglo Irish tradition from which he claimed descent Modernist studies ,1974 **Ezra Pound's Early Poetry and Poetics** Thomas F. Grieve,1997 Ezra Pound s Early Poetry and Poetics uniquely contributes to an understanding of Ezra Pound s seminal role in literary modernism The book allows readers to judge more fully the reasons for Pound s influence on the direction twentieth century poetry has taken Central to this effort is Grieve s unfolding of Poundian objectivity in Pound s early poetry and poetics which is shown to be not just an attitude toward reality but a self conscious deconstruction of subjectivity as the privileged ground of poetry Such a view takes issue with and corrects previous studies that have tended to relegate Pound s early poetry to the simplifications and naivetes of realism or failed romanticism BOOK JACKET Title Summary field provided by Blackwell North America Inc All Rights Reserved **Rhythm and Ideology in Twentieth-century Poetry and Poetics** Michael Bernhard Golston,1998 **Contemporary Literary Critics** Elmer Borklund,1977 A reference guide to the work of 115 modern British and American critics **The Publishers Weekly** ,1920 **Review of English Literature** ,1962
