## **Yes Is More An Archicomic On Architectural Evolution:**

**Yes is More** BIG Bjarke Ingels Group, 2009 *Yes is More*, 2010 *Yes is more* is the title of an exhibition and a book presenting B I G in solo format for the first time in Denmark at the Danish architecture centre Unlike a classic architectural monograph this book is more of a popular cultural manifesto which is also literally the first actual documentation of B I G s trailblazing practice As the book demonstrates this is a practice where method processes instruments and the approach to the concept of architecture is precisely as wild unfettered and result producing as the world it is part of and greets with an unqualified Yes **Case Study Strategies for Architects and Designers** Marja Sarvimaki, 2017-06-27 Case Study

Strategies for Architects and Designers explains methods in evidence based design also called practice based research to show you the value of research to your designs Topics covered pertain to data collection and analysis techniques including surveys interviews fieldwork participatory design occupancy evaluations and memory sketching Integrative data evaluation theoretical sampling triangulation pattern matching logic and analytical generalization are also discussed Global research precedents exercises further reading section summaries sidebars more than 30 black and white images and tables will help you conduct empirical inquiries in real life contexts *Yes is More* BIG Bjarke Ingels Group, Bjarke Ingels, 2009 This

monograph is devoted to the practice of BIG a Copenhagen based group of architects designers and thinkers operating within the fields of architecture urbanism research and development *Ghosts of Transparency* Michael R. Doyle, Selena Savić, Vera Bühlmann, 2019-09-23 In this book the editors focus on architecture and communication from various different perspectives taking into account that the term architecture is used for buildings as well as in the context of computer software Data and software also impact on our cities raw data however do not convey any information in order to generate information and communication they have to be organized and must make sense to the reader The contributions avoid clear separation of the various communication spheres of their disciplines Instead they use the wide range of approaches to explore meanings an ambitious aim that leaves the destination wide open the reader is invited to share in this adventure

*Graphic Imprints* Carlos L. Marcos, 2018-05-30 This is the Proceedings of the International Congress of Graphic Design in Architecture EGA 2018 held in Alicante Spain May 30 June 1 2018 About 200 professionals and researchers from 18 different countries attended the Congress This book will be of interest to researchers in the field of architecture and Engineering Topics discussed are Innovations in Architecture graphic design and architecture history and heritage among others

**Inflection 06: Originals** Sir Peter Cook, Alison Brooks, Beatriz Colomina, Sean Godsell, Adam Peacock, 2019-09-16 Architects are expected to create original ideas resulting in a unique bespoke design With the rise of Modern Architecture originality became ingrained in perceptions of good design As a result originality has become a barometer against which we measure the value of design However technology today allows for ease of replication and copies thus originality in design has become an ostensibly hollow prospect *Originals* gathers a wide range of responses varied in their opinions and approaches to

originality and authorship in design and architecture Inflection is a student run design journal based at the Melbourne School of Design University of Melbourne Born from a desire to stimulate debate and generate ideas it advocates the discursive voice of students academics and practitioners Founded in 2013 Inflection is a home for provocative writing a place to share ideas and engage with contemporary discourse

**The Sourcebook of Contemporary Green Architecture** Sergi Costa Duran, 2011-03-08 Lavishly illustrated with full color photographs drawings floor and aerial plans The Sourcebook of Contemporary Green Architecture features today's most noteworthy environmentally friendly architectural projects Comprehensive chapters account for the core concerns of all architectural projects the needs of architects clients and partners as well as logistical area and cost management concerns and energy management while allowing readers a hands on understanding of what it takes to envision create and develop an environmentally conscious master plan building or landscape design Featured projects exhibit a range of sustainable design ideas from bioclimatic strategies to more complex off the grid constructions that include passive designs prefab systems water harvesting mechanisms and green renovations Projects include building eco certifications and eco design solutions to utilize advanced technologies and both cost management plans as well as plans geared toward more lax budgets are featured All projects included in The Sourcebook of Contemporary Green Architecture have been completed or are ongoing in the 21st century and were chosen as highly successful examples of green architects meeting the individual needs and tastes of their clients It is the perfect resource for architects city planners engineers and designers to find the knowledge and inspiration to carry us into a green architectural future

*Play Among Books* Miro Roman, Alice \_ch3n81, 2021-12-06 How does coding change the way we think about architecture This question opens up an important research perspective In this book Miro Roman and his AI Alice \_ch3n81 develop a playful scenario in which they propose coding as the new literacy of information They convey knowledge in the form of a project model that links the fields of architecture and information through two interwoven narrative strands in an infinite flow of real books Focusing on the intersection of information technology and architectural formulation the authors create an evolving intellectual reflection on digital architecture and computer science

Masterplanning Futures Lucy Bullivant, 2012 Lucy Bullivant analyses the ideals and processes of international masterplans and their role in the evolution of many different types of urban contexts in both the developed and developing world Among the book's key themes are landscape driven schemes social equity through the reevaluation of spatial planning and the evolution of strategies responding to a range of ecological issues and the demands of social growth The author's research was enabled by grants from the Commission for Architecture and the Built Environment CABE the SfA the Netherlands Architecture Fund the Danish Embassy and support from the Alfred Herrhausen Society
