Yesterday And Today Chicago Yesterday Today:

Atlanta - Yesterday, Today And Tomorrow John R. Hornady, 2020 It seems more than passing strange that Atlanta where the Sherman war machine attained the maximum in destructive force should have become the most dynamic power in the rehabilitation of the South that a city which was fed to the flames in times of internecine conflict should have become as a shining light leading an exhausted and impoverished people into peaceful conquests out of which came wealth and happiness undreamed The intention of the author of this valuable book is to point out the important developments in the history of Atlanta beginning with the transfer in 1821 of the land upon which the City stands and continuing until 1902 *Today's Sounds for Yesterday's Films* K.J. Donnelly, Ann-Kristin Wallengren, 2016-04-08 In recent years there has been something of an explosion in the performance of live music to silent films There is a wide range of films with live and new scores that run from the historically accurate orchestral scores to contemporary sounds by groups such as Pet Shop Boys or by experimental composers and gothic heavy metal bands It is no exaggeration to claim that music constitutes a bridge between the old silent film and the modern audience music is also a channel for non scholarly audiences to gain an appreciation of silent films Music has become a means both for musicians and audiences to understand this bygone film art anew This book is the first of its kind in that it aims to bring together writings and interviews to delineate the culture of providing music for silent films **After the Shock City** Tom Hulme, 2019 A comparative and trans national study of urban culture in Britain and the United States from the late nineteenth to the twentieth century Using the industrial cities of Manchester and Chicago as case studies this book traces the idea of citizenship across different areas of local life in the first half of the twentieth century from philosophy and festivals to historical re enactment and public housing Coalitions of voluntary associations municipal government and local elites lambasted modern urban culture as the cause of social disintegration But rather than simply decanting the population to new and smaller settlements they tried to re imagine a reformed city as a place that could foster loyal and healthy communities Celebrating civic progress in the period since the shock city of the nineteenth century they sought to create a sense of local pride that could bracket growing class and racial tensions The diverse individuals groups and communities of the city reacted in different ways to this message Some were happy to gather under the identity of one civic banner Others held back by discriminatory structures of society chose to shape their own idea of citizenship one that looked far beyond the city for a sense of belonging and rights Historians have tended to emphasise the rise of national identity state centralisation and popular patriotism at the expense of distinctive local identities municipal autonomy and expressions of civic pride This book aims to redress the imbalance demonstrating how local ideas of belonging could still exert a powerful hold on the making of modern citizenship TOM HULME is a lecturer in the School of History Anthropology Philosophy and Politics Queen s University Belfast **public utilities fort nightly** ,1880 Understanding
