Yoga Beyond Belief Yoga Beyond Belief:

Yoga Beyond Belief Ganga White, 2011-03-15 *Yoga Beyond Belief* offers a unique vision of contemporary yoga. It integrates scientific and practical approaches providing a much needed integrative perspective that complements existing yoga books for all levels and styles of yoga students. Serving up a collection of valuable insights gleaned from a lifetime of exploration, practice, study and teaching by one of America's pioneering and leading teachers of yoga, the book assists readers in making sense of the many discordant claims and teaching techniques that currently exist in the yoga world, freeing readers to pursue their own individual paths of yoga and personal practice. This is an essential text and reference for all yoga practitioners. The book first sets a context for an open minded and evolutionary approach to yoga practice and then explains the core principles of the many branches of yoga. A clear foundation is given for how the physical practices of yoga work to produce remarkable results of health and well being. The chapter Injury, Pain and Healing shows how to prevent injuries and how to heal injuries should they occur. The reader is given a wealth of sophisticated tools, insights and anecdotes gleaned from a lifetime of practice and teaching to develop and hone his or her personal yoga approach. This book makes yoga come alive for the reader. The book concludes by going beyond the physical aspects to the heart of yoga. It illuminates and gives insight into the discovery of non dogmatic forms and evolutionary approaches to meditation and spirituality. It presents a clear argument showing the pitfalls of regimented systems and how to make everything in daily life part of yoga practice and spiritual development. Ganga White gives us his unique and creative perspectives on a time tested discipline for a healthy and vital life. Entertaining and thoroughly readable, this book offers a coherent explication of yoga, its philosophy and practice. White's integrative views will inspire beginners and accomplished yogis to trust their inner wisdom and creatively reassess their practice. He is a great storyteller and gives us his personal and creative perspective, breathing fresh air into an ancient discipline. *Yoga Beyond Belief* offers an original integrative approach to body, mind and spirit that is practical, inspiring and full of valuable insights to enliven and inform anyone's yoga practice. **Yoga Journal**, 2007-03 For more than 30 years *Yoga Journal* has been helping readers achieve the balance and well being they seek in their everyday lives.
