The Heart-Soul Axis in the Jesus Prayer and the Integral Yoga Sadhana Marta Rubinart Rufach, 2021 The Jesus Prayer is a form of prayer that for centuries has been preserved and practiced by the Hesychasm the eremitic tradition that is the direct inheritor of the Desert Fathers of early Christianity Such prayer is deeply similar to the Integral Yoga spiritual practice or sadhana Both traditions have a comparable understanding of the human being and both bestow a special role to the heart as the place for integration and purification of the psyche as well as of gnosis and union with the Divine This dissertation proposes the term heart soul axis to study the structural functional and phenomenological aspects of the heart The main methodological tools are hermeneutics and the geometrical model or topological invariant of Panikkar to establish homeomorphic equivalences enabling a valid integration of both traditions In addition the dissertation offers an autoethnographical narrative in which the heuristic process leading to a creative visual synthesis is disclosed Yoga in Transformation Karl Baier, Philipp André Maas, Karin Preisendanz, 2018 This volume explores aspects of yoga over a period of about 2500 years In its first part it investigates facets of the South Asian and Tibetan traditions of yoga such as the evolution of posture practice the relationship between yoga and sex yoga in the theistic context the influence of Buddhism on early yoga and the encounter of Islam with classical yoga The second part addresses aspects of modern globalised yoga and its historical formation as for example the emergence of yoga in Viennese occultism the integration of yoga and nature cure in modern India the eventisation of yoga in a global setting and the development of Patajali s iconography In keeping with the

current trend in yoga studies the emphasis of the volume is on the practice of yoga and its theoretical underpinnings A *Christian Outlook on Yoga* Abraham Oommen,2008 *Salinger's Glass Stories as a Composite Novel* Eberhard Alsen,1983 This study hopes to contribute to a better understanding of Salinger's later fiction by concentrating on those aspects of its form and meaning that have not yet been adequately explained It will offer close readings of the six Glass stories as self contained accounts it will describe the way in which the shape of the stories has changed over the years it will explain the major religious and aesthetic ideas mentioned by the Glasses and it will present an interpretation of the overall meaning of the Glass series as a composite novel Preface *Yoga and Meditation* Geddes & Grosset, Limited,Katherine Wright,2001
