Lamentations and Song of Songs Harvey Cox, Stephanie Paulsell, 2012-04-13 This latest volume in the popular Belief series considers two very different types of biblical writings and two very timely subjects violence and sex within the context of Scripture Well known theologian Harvey Cox draws on a wide array of sources in his commentary on Lamentations including poetry novels films paintings and photography to offer a contemporary theological reading that is provocative and sure to stir numerous theological reflections and responses The biblical book of Song of Songs has historically been seen as a book pointing to Christ's love for the church and has been interpreted in allegorical ways Yet it is unique in the canon for its use of erotic poetry celebrating the human body and human love in graphic terms Author Stephanie Paulsell suggests that the Song can still have profound meaning for us teaching us to love not only what we can see shining on the surface but also those depths of the other which are out of our reach Hermenegildo and the Jesuits Stefano Muneroni, 2017-06-27 This book explores the cultural conditions that led to the emergence and proliferation of Saint Hermenegildo as a stage character in the sixteenth and seventeenth centuries It considers how this saint became a theatrical trope enabling the Society of Jesus to address religious and secular concerns of the post Tridentine Church and to discuss political issues such as the supremacy of the pope over the monarch and the legitimacy of regicide The book goes on to explain how the Hermenegildo narrative developed outside of Jesuit colleges through works by professional dramatist Lope de Vega and Mexican nun Juana Inés de la Cruz Stefano Muneroni takes a global approach to the staging of Hermenegildo tracing the character's journey from Europe to the Americas from male to female authors and from a sacrificial to a sacramental paradigm where the emphasis shifts from bloodletting to spiritual salvation Given its interdisciplinary approach this book is geared toward scholars and students of theatre history religion and drama early modern theology cultural studies romance languages and literature and the history of the Society of Jesus T&T Clark Handbook of Sacraments and Sacramentality Martha Moore-Keish, James Farwell, 2022-12-29 Introducing readers to the contemporary field of sacramental theology this volume covers the biblical and historical foundations a survey of the state of the discipline and a collection of constructive essays representing major themes practices and approaches to sacraments and sacramentality in the contemporary world The volume starts with a set of foundational essays that offer broad introduction to the field of sacramental theology from contemporary scholars analysing a number of historical figures in order to illumine and inform contemporary sacramental theology The second part

of the volume is dedicated to a series of essays on sacramentality and includes attention to elements of space time ritual action music and word all as aspects of what Christians have termed sacramental reality The third set of essays includes attention to each of the seven practices that have most commonly been termed sacraments in Christian traditions baptism eucharist Lord s Supper confirmation confession forgiveness and reconciliation marriage ordination and anointing The final part of this volume features scholars who are working on sacraments in conversation with contemporary academic disciplines critical race theory queer theory comparative theology and disability studies
