Voice Of Her Own Women And The Journal Writing Journey:

Voice of Her Own Marlene A. Schiwy, 1996-05-27 As writers such as Virginia Woolf Audre Lorde and Anais Nin recognized keeping a journal is a powerful tool of creative expression and self healing In *A Voice of Her Own* a companion for both new and longtime diarists Marlene Schiwy shows that journal writing is the ideal way to find one's individual voice an opportunity for women to explore feelings intuitions perceptions and ideas often suppressed in our society and to record the truths of their own experience Schiwy invites readers to share the journeys other women have made toward selfhood and encourages them to begin a journey of their own She weaves together passages from published and unpublished journals from works of literature psychology and women's studies with her personal insights *A Voice of Her Own* is a treasure chest of inspiration for every woman seeking deeper self awareness and new outlets for creativity *From Scrolls to Scrolling*

Bradford A. Anderson, 2020-06-22 Throughout history the study of sacred texts has focused almost exclusively on the content and meaning of these writings Such a focus obscures the fact that sacred texts are always embodied in particular material forms from ancient scrolls to contemporary electronic devices Using the digital turn as a starting point this volume highlights material dimensions of the sacred texts of Judaism Christianity and Islam The essays in this collection investigate how material aspects have shaped the production and use of these texts within and between the traditions of Judaism Christianity and Islam from antiquity to the present day Contributors also reflect on the implications of transitions between varied material forms and media cultures Taken together the essays suggest that materiality is significant for the academic study of sacred texts as well as for reflection on developments within and between these religious traditions This volume offers insightful analysis on key issues related to the materiality of sacred texts in the traditions of Judaism Christianity and Islam while also highlighting the significance of transitions between various material forms including the current shift to digital culture *Diaries of Girls and Women*

Suzanne L. Bunkers, 2001-05-30 *Diaries of Girls and Women* captures and preserves the diverse lives of forty seven girls and women who lived in Minnesota Iowa and Wisconsin between 1837 and 1999 young schoolgirls adolescents coming of age newlywed wives mothers grieving the loss of children teachers nurses elderly women Luxembourger immigrant nuns and women traveling abroad A compelling work of living history it brings together both diaries from historical society archives and diaries still in possession of the diarists or their descendants Editor Suzanne L. Bunkers has selected these excerpts from more than 450 diaries she examined Some diaries were kept only briefly others through an entire lifetime some diaries are the intensely private record of a life others tell the story of an entire family and were meant to be saved and appreciated by future generations By approaching diaries as historical documents therapeutic tools and a form of literature Bunkers offers readers insight into the self images of girls and women the dynamics of families and communities and the kinds of contributions that girls and women have made past and present As a representation of the girls and women of varied historical eras locales races and economic circumstances who settled and populated the Midwest
