Wilderness First Aid Manual:

Boy Scouts of America Wilderness First Aid Manual Buck Tilton, 2010 Recognizing the lack of a national standard for wilderness first aid The Boy Scouts of America formed a Task Force consisting of wilderness medicine specialists medical epidemiologists legal expertise and educators to develop a curriculum and doctrine for a 16 hour wilderness first aid WFA course Buck Tilton was the lead author of this project As author he had to amalgamate the results of the literature research performed by the Task Force and through multiple revisions until this final product was developed The Task Force is indebted to Buck for his hours of dedication to the project Persons taking this course will have an appreciation of how wilderness first aid differs from standard urban first aid Many readers will want to learn more about this fascinating and critical skill needed by all outdoor travelers Some will be inspired to continue their education with a wilderness first responder course This book contains the full doctrine that the Task Force approved It provides a portable resource for use in the field as well as a text for the WFA course It will be your introduction to the basic skills and knowledge all wilderness travelers should possess

The Wilderness First Aid Handbook Grant S. Lipman, 2013-08-13 The Wilderness First Aid Handbook is a handy quick reference guide easily accessible with basic wilderness first aid knowledge but it does not require advanced degrees or experience with medicine and prehospital care Recognizing that certain knowledge and procedures are outside the scope of a layperson's training Dr Grant Lipman limits the use of technical terms and advanced techniques that may be unfamiliar to some readers or beyond their comfort zone This system based easy to follow guide assists the first aid provider when encountering most wilderness emergencies from cold and heat concerns and blister treatments to high altitude illness and lightning injury prevention and much more Typically the most challenging decision in the wilderness environment is when to evacuate a sick or potentially sick person and as such each section has detailed decision making steps to inform you of when to be concerned and when to get out This guidance is based upon the recent evidence based consensus statement published by the Wilderness Medical Society on the scope of practice of wilderness first aid Filled with original full color artwork illustrating the techniques and procedures described and with internal spiral binding and waterproof pages handy for travel into extreme environments The Wilderness First Aid Handbook is a must have for every back pocket or backpack
