Olson, 2012 A selection of Sigurd F Olson s finest writing on the splendor of the great outdoors hand picked by the master himself **Once Upon a Wilderness** Calvin Rutstrum, 2002 Though he began his life as a Twin Cities resident Calvin Rutstrum came to see noise material wealth and perpetual frenzy as the narcotics of the city dweller Like Henry David Thoreau he set out to live a simpler more meaningful life In his pursuit Rutstrum came to appreciate the natural world and the skills necessary to survive in it Part memoir part guidebook and part environmental treatise Once upon a Wilderness is a treasury of wilderness wisdom Rutstrum reminisces about lessons that his time in the wilderness has taught him He writes about a range of backcountry issues including environmental preservation cultural sensitivity toward Native Americans the urban versus the rural and the artistic value of practical skills Through his thoughtful consideration of the pleasure and value of wilderness Rutstrum offers a clarion call for a saner more socially responsible and environmentally sensitive way of living **Open Horizons** Sigurd F. The Boundary Waters Journal, 1997 **The Meaning of Wilderness** Sigurd F. Olson, David Backes, 2001 Despite the enduring popularity of *The Singing Wilderness* *Listening Point* *Reflections from the North Country* and his other books a major portion of Sigurd F Olson's wilderness writing much of it originating as speeches has been relatively inaccessible scattered in a number of magazines and obscure books over a period of more than fifty years or never published at all *The Meaning of Wilderness* gathers together the most important of Olson's articles and speeches making them available in one place for the first time The book also contains an introduction and chapter by chapter commentary by Olson's authorized biographer David Backes that help the reader discover the various facets of Olson's wilderness philosophy and their development over time *Listening Point* Sigurd F. Olson, 1997-01 *Listening Point* is about the spiritual human connection to the environment Each time I have gone there I have found something new which has opened up great realms of thought and interest Sigurd F Olson writes For me it has been a point of discovery and like all such places of departure has assumed meaning far beyond the ordinary Considered by some to contain Olson's most vivid and moving passages *Listening Point* is the nature lover's companion for hearing the depth and beauty of the great outdoors *Reflections from the North Country* Sigurd F. Olson, 2012-04-25 Written in the last years of his life *Reflections from the North Country* is often considered Sigurd Olson's most intellectually significant work In an account alive with anecdote and insight Olson outlines the wilderness philosophy he developed while working as an outspoken advocate for the conservation of America's natural heritage Based on speeches delivered at town meetings and government hearings this book joins *The Singing Wilderness* and *Listening Point* as the core of Olson's work Upon its initial publication in 1976 *Reflections from the North Country* with Olson's unique combination of lyrical nature writing and activism became an inspiration to the burgeoning environmental movement selling over 46 000 copies in hardcover In this wide ranging work Olson evokes the soaring grace of raven osprey and eagle the call of the loon and the song of the hermit thrush He challenges the reader to loosen the grasp of technology and the rush of contemporary life and make room for a sense of wonder heightened by being in nature From evolution to the meaning and power of solitude Olson meditates on the human condition offering eloquent testimony to the joys and truths he discovered in his beloved north country wilderness **American Book Publishing Record**, 2004 **Long-Shadowed Forest** Helen Hoover, Adrian Hoover, 1998 A beloved naturalist's guide to the northern wilderness around her remote cabin Helen Hoover is one of those rare writers who can describe the natural world warmly intimately and affectionately without being in the least sentimental or childish Paul Gruchow In 1954 Helen Hoover and her husband Adrian left their careers and the big city life of Chicago to live in a small cabin in the north woods that border Minnesota and Canada Living without electricity
