Leszek Kolakowski Richard Pipes and Robert C Tucker As much a theoretical analysis of the practical philosophies of Marxism Leninism and Fascism as it is a political biography of particular figures this book deals with the incarnation of diabolically nihilistic principles of human subjugation and conditioning in the name of presumably pure and purifying goals Ultimately the author claims that no ideological commitment no matter how absorbing should ever prevail over the sanctity of human life He comes to the conclusion that no party movement or leader holds the right to dictate to the followers to renounce their critical faculties and to embrace a pseudo miraculous a mystically self centered delusional vision of mandatory happiness

**Velvet Totalitarianism** Claudia Moscovici, 2009 This book introduces students and the general public to the post Stalinist phase of totalitarianism focusing on Romania under the Ceausescu dictatorship through the dual optic of scholarship and fiction in a story about a family surviving difficult times under a totalitarian regime due to the strength of their love

*Who Will Say Kaddish?* Larry Mayer, 2002-06-01 Who Will Say Kaddish is an exploration of the fragile resurgence of Jewish life and identity in post Communist Poland By the eve of the Holocaust Poland was home to the second largest Jewish population in the world By war s end its Jews had been exterminated and their once vibrant culture all but destroyed In this book Larry Mayer and Gary Gelb themselves descendants of Polish Jews explore reports that Jewish life is being rekindled in modern Poland What they discover are three generations of Jews Holocaust survivors and their children and grandchildren with differing historical perspectives As survivors descendants learn of their hidden Jewish heritage through deathbed revelations a compelling drama about personal identity unfolds Mayer and Gelb chronicle a new chapter in the life of Poland s Jewish community as the present generation seeks to celebrate its members recent freedom and to honor the rich traditions of their forebears Through interviews photography reportage and personal memoir Who Will Say Kaddish creates a sociocultural portrait of the multilayered community of renewed Jewish life and tradition in Poland that has emerged since the fall of the Communist regime in 1989

**Laboring Along** Adrian Grama, 2018-11-05 Products of war rather than revolution the socialist regimes of Eastern Europe emerged in a global conjuncture defined by the aftermath of the Second World War How did these regimes manage to overcome the domestic impact of the war and build socialism at the same time This book shows how a commitment to productivity structured the transition from the period of postwar reconstruction to the take off of industrial development during the late 1950s Conceived as 1 pacification of labor relations 2 the recovery of managerial authority 3 monetarization of everyday life 4 rationalization and 5 austerity the politics of productivity provides a comprehensive conceptual framework for grasping together the end of the postwar period and the building of state socialism in Eastern

Europe By revealing how the social consequences of the Second World War were absorbed in the transition to authoritarian state socialism in the age of the rolling steel mill this book carries implications for the way in which we may think about the aftermath of wars reconstruction and development during the second half of the twentieth century *An Annotated Timeline of Operations Research* Saul I. Gass, Arjang A. Assad, 2005 Arising from the urgent operational issues of World War II the philosophy and methodology of Operations Research OR has permeated the resolution of decision problems in business industry and government This work recounts the evolution of OR as the science of decision making It chronicles the history of OR in the form of expository entries **Studies in Contemporary Jewry** Ezra Mendelsohn, 2004-09-09 Bringing together contributions from established scholars from multiple disciplines and countries Volume XIX of Studies in Contemporary Jewry offers a comparative view of alliances between Jewish communities and the state Together the volume s contents show the price Jews paid for allying with unpopular regimes The essays cover the American South South Africa Canada Algeria Morocco Poland Hungary Romania and Russia **Planning Labour** Alina-Sandra Cucu, 2019-04-09 Impoverished indebted and underdeveloped at the close of World War II Romania underwent dramatic changes as part of its transition to a centrally planned economy As with the Soviet experience it pursued a policy of primitive socialist accumulation whereby the state appropriated agricultural surplus and restricted workers consumption in support of industrial growth Focusing on the daily operations of planning in the ethnically mixed city of Cluj from 1945 to 1955 this book argues that socialist accumulation was deeply contradictory it not only inherited some of the classical tensions of capital accumulation but also generated its own which derived from the multivocal nature of the state socialist worker as a creator of value as living labour and as a subject of emancipatory politics Nightmares Konrad Charmatz, 2003-10-01 When World War II erupted in Europe Konrad Charmatz was a prospering businessman in Sosnowiec Poland a loving son and an aspiring poet For the next seven years he witnessed the Holocaust as it destroyed his family his country and his culture In this astonishing story of suffering and survival he gives his own personal account of the Warsaw ghetto the death chambers at Auschwitz the transport trains the slave labor camps of Dachau and the liberation And from the perspective of the renowned journalist he later became he also describes how the Holocaust was carried out not only at the level of governments and their armies but at the level of the individuals who took its orders Few people survived the Holocaust from such close range or for so long and few remembered it with the eye of a practiced journalist Life in the Ghettos During the Holocaust Eric J. Sterling, 2005-07-08 This book focuses on Jewish life before Jews lost their autonomy and fell totally under Nazi power With contributions from survivors of the ghettos throughout Poland Czechoslovakia and Hungary and from prominent scholars this book covers Jewish daily life and governance the Judenrat the Warsaw Ghetto uprising smuggling housing death and religious life and comprises historical and cultural essays The selection of work combines a range scope and narrative rarely available in one volume Ghettos varied depending on the time circumstance and place in which they were created A combination of scholarly

assessment and eyewitness accounts this book clearly elucidates these differences some ghettos were ad hoc arrangements intended only as way stations while others were final destinations **New Dawn** Helen Sendyk,2002-06-01 This emotionally riveting book traces the travails of three young Polish Jewish women attempting to resurrect their lives in the bitter aftermath of World War II After years in a concentration camp they must first fend off the lusty Russian soldiers who free them Then comes the arduous trek home Other people live in their houses now and the village is hostile Where will they go How will they survive Is anyone they knew and loved still alive Traveling far often passing as non Jews they learn to cope and endure Finally their search for freedom bears fruit in the promise of a Jewish homeland But pioneering Israel means new hardships housing shortages scant medicine food rationing political conflict And enemies everywhere from harsh British rulers to warrior Arab neighbors New Dawn is a book of many miracles As history it thrillingly recounts how Jews from vastly different cultures joined forces to fight for Israel As Holocaust literature it is significant A half century after the fact time is running out for survivors and the need for testimony is pressing This book makes a major contribution to that growing genre

**Judah L. Magnes** Daniel P. Kotzin,2010-08-17 Judah L Magnes 1877 1948 was an American Reform rabbi Jewish community leader and active pacifist during World War I In the 1920s he moved to British Mandatory Palestine where he helped found and served as first chancellor of the Hebrew University of Jerusalem Later in the 1930s and 1940s he emerged as the leading advocate for the binational plan for Palestine In these varied roles he actively participated in the major transformations in American Jewish life and the Zionist movement during the first half of the twentieth century Kotzin tells the story of how Magnes immersed in American Jewish life Zionism and Jewish life in Mandatory Palestine rebelled against the dominant strains of all three His tireless efforts ensured that Jewish public life was vibrant and diverse and not controlled by any one faction within Jewry Magnes brought American ideals to Palestine and his unique conception of Zionism shaped Jewish public life in Palestine influencing both the development of the Hebrew University and Zionist policy toward Arabs

We Are Many Edward S. Shapiro,2005-06-03 The topics of Edward Shapiro s book span the gamut of the American Jewish experience from the politics of American Jews the nature of American Jewish identity relations between Jews and blacks and Jews and American capitalism He discusses writer Herman Wouk Patrick Buchanan and the Jews John Higham s interpretation of American anti Semitism Nathan Glazer s view of American Orthodoxy and the Jewishness of Sidney Hook Of particular interest is the author s exploration of how American Jews have reconciled their dual identities as Americans and as Jews These solutions has shaped the way Jews have voted prayed earned a living married and chosen a profession America Shapiro argues has truly been different for Jews but this difference has shaped the history of America s Jews in unexpected and ironic ways The fact that Jews have risen rapidly up the economic and social ladder and have become politically influential has not eliminated their insecurity and the sense they have of themselves as a marginal group Silent No More Henry L. Feingold,2007-01-03 Leading scholar and author of the celebrated five volume series The Jewish People in America

Henry L Feingold offers a fresh and inspiring look at the Russian Soviet Jewish emigration phenomenon Haunted by its sense of failure during the Holocaust the Soviet Jewry movement set for itself an almost unrealizable goal of finding sanctuary for Jews from a hostile Soviet government Working together with activists in Israel and Europe and with a remarkable group of refuseniks that had been denied the right to emigrate this courageous group mounted a relentless campaign lasting almost three decades Although Feingold credits Israel with initiating the struggle for Soviet Jewry and fostering it within American Jewry he maintains that it was the actions of a secure and confident American Jewry that finally delivered the Jews from the Soviet Union Feingold s mastery of detail and broadness of scope provide a prodigious and sweeping account of the American Jewish movement He finds early roots of the effort in the American Jewish involvement with Jewish emigration in late Tsarist Russia He highlights both the human dimension of the exodus and the complex international ramifications of the movement especially in the Middle East Silent No More concludes by pondering the role of the movement s effective public relations campaign which focused on the human right of freedom of movement in hastening the collapse of the Soviet empire Feingold s rigorous scholarship sheds light on an important yet rarely told episode in history one that will enliven further examination of the subject This book will be of interest to scholars of American Jewish history the cold war Israeli studies and American ethnic and immigration history

*The Downfall of Abba Hillel Silver and the Foundation of Israel* Ofer Shiff, 2014-05-27 In early February 1949 American Jewry's most popular and powerful leader Abba Hillel Silver 1893-1963 had summarily resigned from all his official positions within the Zionist movement and had left New York for Cleveland returning to his post as a Reform rabbi During the second half of the 1940s Silver was the most outspoken proponent of the founding of a sovereign Jewish state He was the most instrumental American Jewish leader in the political struggle that led to the foundation of the State of Israel Paradoxically this historic victory also heralded Silver's personal defeat Soon after Israel's declaration of independence Silver and many of his American Zionist colleagues were relegated to the sidelines of the Zionist movement Almost overnight the influential leader one who had been admired and feared by supporters and opponents was stripped of his power within both the Zionist and the American Jewish arenas Shiff's book discerns the various aspects of the striking turnabout in Silver's political fate describing the personal tragic story of a leader who was defeated by his own victory and the much broader intra Zionist battle that erupted in full force immediately after the founding of Israel Drawing extensively on Silver's own archival material Shiff presents an enlightening portrait of a critical episode in Jewish history This book is highly relevant for anyone who attempts to understand the complex homeland diaspora relations between Israel and American Jewry

*Ruling Ideas* Cornel Ban, 2016-06-16 Neoliberal economic theories are powerful because their domestic translators make them go local hybridizing global scripts with local ideas This does not mean that all local translations shape policy however External constraints and translators access to cohesive policy institutions filter what kind of neoliberal hybrids become policy reality By comparing the moderate neoliberalism that prevails in Spain with the more radical one that shapes policy thinking in Romania *Ruling Ideas* explains why neoliberal hybrids take the forms that they do and how they survive crises Cornel Ban contributes to the literature by showing that these different varieties of neoliberalism depend on what competing ideas are available locally on the networks of actors who serve as the local advocates of neoliberalism and on their vulnerability to external coercion *Ruling Ideas* covers an extended historical period starting with the Franco period in Spain and the Ceausescu period in Romania discusses the economic integration of these countries into the EU and continues through Europe's Great Recession and the European debt crisis The broad historical coverage enables a careful analysis of

how neoliberalism rules in times of stability and crisis and under different political systems      *Ana Pauker* Robert Levy, 2001-03-22 In her own day Ana Pauker was named The Most Powerful Woman in the World by Time magazine Today when she is remembered at all she is thought of as the puppet of Soviet communism in Romania blindly enforcing the most brutal and repressive Stalinist regime Robert Levy's new biography changes the picture dramatically revealing a woman of remarkable strength dominated by conflict and contradiction far more than by dogmatism Telling the story of Pauker's youth in an increasingly anti-Semitic environment her commitment to a revolutionary career and her rise in the Romanian Communist movement Levy makes no attempt to whitewash Pauker's life and actions but rather explores every contour of the complicated persona he found expressed in masses of newly accessible archival documents
