Schiller's Historical Dramas Friedrich Schiller, 2001 Friedrich Schiller was a famous German playwright born in 1759 in the little duchy of Wurttemberg Germany Friedrich von Schiller was the son of an army officer Although the young boy disliked the strict regimentation of his father s chosen profession he was forced by the Duke of Wurttemberg to enter a military academy Trapped and overcome with depression Schiller began to compose morbid poetry He found some comfort in these literary diversions but after composing his first play *The Robbers* 1782 Schiller s writing was discovered by his superiors and he was forbidden to write The young dramatist quickly determined to desert the army and flee to Mannheim where he lived under an assumed name and made his living as a court playwright and stage manager During this period he penned such plays as *Fiesco* 1783 *Intrigue and Love* 1784 and *Don Carlos* 1787 Between 1787 and 1798 Schiller wrote no plays instead devoting himself to historical studies *The Revolt of the Netherlands* and *A History of the Thirty Years War* that won him fame as a historian In 1794 however Schiller established a close friendship with Johann Wolfgang von Goethe Under Goethe s influence Schiller soon returned his attentions to the craft of playwriting and during the period that followed composed his most mature dramas including *Wallenstein s Camp* 1798 *The Piccolomini* 1799 *Wallenstein s Death* 1799 *Mary Stuart* 1800 *The Maid of Orleans* 1801 and *William Tell* 1804 In 1799 he took up residence in Weimar where he and Goethe collaborated to make the Weimar Theatre one of the most prestigious theatrical houses in Germany On May 9 1805 Friedrich Schiller died of tuberculosis He was only forty six years old His plays however along with those of Goethe had established a

theatrical renaissance in Germany which would become known as Weimar Classicism For more than a century after his death Schiller remained the favorite playwright of the German people *William Tell* Charles Alexander Mcmurry,Friedrich Schiller,2018-02-03 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant *William Tell an Historical Play* Friedrich Schiller,1873 *William Tell* Friedrich Schiller,Ernst Theodor Amadeus Hoffmann,2016-05-20 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you for being an important part of keeping this knowledge alive and relevant
