Wings of a Sparrow Dougie Brimson, 2013-03-27 Rob Cooper self confessed football fanatic and editor of the United FC fanzine Wings Of A Sparrow returns from watching his team succumb to yet another defeat to discover that not only has he inherited an estate worth in excess of six million pounds but that it has been left to him by an uncle he never knew he had. However even as Rob is struggling to come to terms with these two bombshells he is hit with another. For the estate contains ownership of an almost bankrupt professional football club. And the terms of the will are such that Rob will only receive his inheritance if he takes over the running of the club and manages to keep them going for the coming season. The problem is the club concerned are the local and very bitter rivals of the club Rob and his family have passionately supported all their lives. But after wrestling with his conscience and driven by his wife's desire for instant wealth he accepts the challenge with a promise to the United faithful that he will do whatever he can to ensure that whilst his new club might survive its supporters are about to experience the most depressing season in their history. And so in the full glare of the media spotlight he sets out to do what most football fans could only ever dream about humiliate their local rivals. The trouble is it just doesn't work out like that.

Wings of Shadow Nicki Pau Preto, 2021-07-13 In the heart stopping finale to the Crown of Feathers trilogy which 1 New York Times bestselling author Kendare Blake calls absolutely unforgettable Veronyka must face her most devastating enemy yet her own sister. I had a sister once Veronyka is no longer an orphaned stable boy or a nameless Phoenix Rider apprentice she is the daughter of Pheronia Ashfire the last queen of the Golden Empire and the niece of Avalkyra Ashfire the resurrected rebel queen who tore the empire apart. We shone brightly burned fiercely. Now that the secret is out everyone at the Eyrie treats Veronyka differently and with Tristan still a hostage of the scheming Lord Rolan and Sev with him as a spy Veronyka feels very much alone. Except for her beloved phoenix Xephyra of course and her new friend Kade who has his own reasons for wanting to save Tristan. Was it always going to come down to this? Sister against sister. Darkness against light. Veronyka is determined to do whatever it takes to get Tristan back even if that means revealing her identity to the world and inheriting a throne she's not sure she wants. But when she discovers that Avalkyra has bonded with a strix a legendary creature of darkness that feeds off the life force of others Veronyka realizes she has more to deal with than an encroaching war with the empire. Val is willing to destroy everything to get her revenge on a world that rejected her and if Veronyka wants to bring peace to the empire and Pyra alike she must face down her sister once and for all. The world began with Ashfire queens perhaps they will also be its destruction.

the human condition and Darwish's own hopes and dreams. Since Mahmoud Darwish's death, his poetic writings continue to be read by an audience in awe. This is a collection of autobiographical poetry designed to give an insight into the wider human condition. Darwish explores the meaning of life, identity, and the impact of exile. Hailed as the most important Arab poet of the modern day, Darwish's voice has come to represent a generation and the Palestinian people in the midst of the tense political situation in the Middle East. While Darwish explored themes of lost Eden, exile, and life after death, he resisted classification as a spokesperson for the Palestinian cause and refused to use his art for purely political ends. Darwish's was a nomadic existence; much of it spent in international exile, and these experiences lent his writing a cosmopolitan edge. They partake of a worldwide mythology. *The Library of Wit and Humor, Prose and Poetry* Ainsworth Rand Spofford, 1893

Humor J.S. Mawdsley, 2020-03-15. People said the plague could never touch an angel. Of Earstien people were wrong. A great pestilence has swept over Myrcia Loshadnarod and their neighbors; entire towns wiped off the map by the sickness. Foreword by Authors such as Bret Harte, Henry Ward Beecher, James Whitcomb Riley, Samuel Clemens, Mark Twain, Joel Chandler Harris, Thomas Bailey Aldrich, and many more. It was in the year of our Lord 1629 that Mynheer Wouter Van Twiller was appointed Governor of the province of Nieuw Nederlandts under the commission and control of their High Mightinesses the Lords States General of the United Netherlands and the privileged West India Company. This renowned old gentleman arrived at New Amsterdam in the merry month of June, the sweetest month in all the year when *dan Apollo* seems to dance up the transparent firmament when the robin, the thrush, and a thousand other wanton songsters make the woods to resound with amorous ditties and the luxurious little bob lincon revels among the clover blossoms of the meadows, all which happy coincidences persuaded the old dames of New Amsterdam who were skilled in the art of foretelling events that this was to be a happy and prosperous administration. The renowned Wouter or Walter Van Twiller was descended from a long line of Dutch burgomasters who had successively dozed away their lives and grown fat upon the bench of magistracy in

Rotterdam and who had comported themselves with such singular wisdom and propriety that they were never either heard or talked of which next to being universally applauded should be the object of ambition of all magistrates and rulers There are two opposite ways by which some men make a figure in the world one by talking faster than they think and the other by holding their tongues and not thinking at all By the first many a smatterer acquires the reputation of a man of quick parts by the other many a dunderpate like the owl the stupidest of birds comes to be considered the very type of wisdom This by the way is a casual remark which I would not for the universe have it thought I apply to Governor Van Twiller It is true he was a man shut up within himself like an oyster and rarely spoke except in monosyllables but then it was allowed he seldom said a foolish thing So invincible was his gravity that he was never known to laugh or even to smile through the whole course of a long and prosperous life Nay if a joke were uttered in his presence that set light minded hearers in a roar it was observed to throw him into a state of perplexity Sometimes he would deign to inquire into the matter and when after much explanation the joke was made as plain as a pike staff he would continue to smoke his pipe in silence and at length knocking out the ashes would exclaim Well I see nothing in all that to laugh about With all his reflective habits he never made up his mind on a subject His adherents accounted for this by the astonishing magnitude of his ideas He conceived every subject on so grand a scale that he had not room in his head to turn it over and examine both sides of it Certain it is that if any matter were propounded to him on which ordinary mortals would rashly determine at first glance he would put on a vague mysterious look shake his capacious head smoke some time in profound silence and at length observe that he had his doubts about the matter which gained him the reputation of a man slow of belief and not easily imposed upon What is more it gained him a lasting name for to this habit of the mind has been attributed his surname of Twiller which is said to be a corruption of the original Twijfler or in plain English Doubter
