O'Connell Pearson, 2018-02-06 A truly inspiring read Booklist starred review A solid account of women's contributions as aviators during World War II Kirkus Reviews In the tradition of Hidden Figures debut author Patricia Pearson offers a beautifully written account of the remarkable but often forgotten group of female fighter pilots who answered their country's call in its time of need during World War II At the height of World War II the US Army Airforce faced a desperate need for skilled pilots but only men were allowed in military airplanes even if the expert pilots who were training them to fly were women Through grit and pure determination 1 100 of these female pilots who had to prove their worth time and time again were finally allowed to ferry planes from factories to bases to tow targets for live ammunition artillery training to test repaired planes and new equipment and more Though the Women Airforce Service Pilots lived on military bases trained as military pilots wore uniforms marched in review and sometimes died violently in the line of duty they were civilian employees and received less pay than men doing the same jobs and no military benefits not even for burials Their story is one of patriotism the power of positive attitudes the love of flying and the willingness to serve others with no concern for personal gain **Flying for Her Country** Amy

Goodpaster Strebe,2007-08-30 During the Second World War women pilots were given the opportunity to fly military aircraft for the first time In the United States famed aviatrix Jacqueline Cochran formed the Women Airforce Service Pilots program where over one thousand women flyers ferried aircraft from factories to airbases throughout the United States and Canada from 1942 to 1944 The WASP operated from 110 facilities and flew more than 60 million miles in 78 different types of aircraft from the smallest trainers to the fastest fighters and the largest bombers The WASP performed every duty inside the cockpit as their male counterparts except combat and 38 women pilots gave their lives in the service of their country

Notwithstanding their outward appearance as official members of the U S Army Air Forces the WASP were considered civil servants during the war Despite a highly publicized attempt to militarize in 1944 the women pilots would not be granted veteran status until 1977 In the Soviet Union Marina Raskova Russia s Amelia Earhart famous for her historic Far East flight in 1938 formed the USSR s first all female aviation regiments that flew combat missions along the Eastern Front A little over one thousand women flew a combined total of more than 30 thousand combat sorties producing at least 30 Heroes of the Soviet Union Included in their ranks were at least two fighter aces More than 50 women pilots were killed in action Sharing both patriotism and a mutual love of aviation these pioneering women flyers faced similar obstacles while challenging assumptions of male supremacy in wartime culture Despite experiencing discrimination from male aircrews during the war these intrepid airwomen ultimately earned their respect The pilots exploits and their courageous story told so convincingly here continue to inspire future generations of women in aviation
