## **Yarn Bombing The Art Of Crochet And Knit Graffiti:**

**Yarn Bombing** Mandy Moore, Leanne Prain, 2019-11-05 When Yarn Bombing was first published in 2009 the idea that knitted and crocheted objects could be used as a political act of resistance was brand new Ten years and thousands of pink pussy hats later the art of knit and crochet graffiti has entered the public zeitgeist a cultural phenomenon that shows no sign of slowing down Yarn bombing is an international guerrilla movement that started underground and is now embraced by crochet and knitting artists of all ages nationalities and genders Its practitioners create stunning works of art out of yarn then donate them to public spaces as part of a covert plan for world yarn domination or fashion them into personal political statements Yarn Bombing the book is a wildly colorful guide to covert textile street art around the world it also includes over 20 amazing patterns provides tips on how to be as stealthy as a ninja demonstrates how to orchestrate a large scale textile project and offers revealing information necessary to design your own yarn graffiti tags This tenth anniversary edition includes a new foreword by the authors and a new chapter that includes many infamous examples of yarn bombing over the past ten years Subversive and beguiling this new edition of Yarn Bombing demonstrates that the phenomenon of knit and crochet graffiti is more relevant than ever especially in these troubled times

**Craftivism and Yarn Bombing** Alyce McGovern, 2019-08-19 This book explores the use of handmade crafts as a vehicle for protest Craftivism has experienced a resurgence in recent years often in direct response to the social environment and political concerns of those who engage in the practice Acts of craftivism raise important questions for criminologists about the use of public space power and resistance McGovern focuses on an example of the craftivist movement that has been steadily gaining momentum since the early to mid 2000s yarn bombing As an urban craft movement that melds the skills of knitting or crochet with the act of graffiti yarn bombing has the potential to contribute to criminological understandings of graffiti and street art particularly on issues of gender perceptions of and motivations for graffiti and the commodification of crime Drawing on interviews with yarn bombers and craftivists Craftivism and Yarn Bombing explores how such acts can be understood and explored through a criminological lens and will be of interest to students and scholars across a range of disciplines including criminology sociology cultural studies gender studies and urban studies

and argument and debate pedagogy Contributors study argument using a range of methodological approaches from social scientifically informed studies of interpersonal group and political argument to humanistic examinations of argument theory political discourse and social protest to creatively informed considerations of argument practices that truly disturb the boundaries of what we consider argument

**Hoopla** Leanne Prain, 2011-09-30 Hoopla by the co author of 2009 s bestselling Yarn Bombing The Art of Crochet and Knit Graffiti showcases those who take the craft of embroidery where it s never gone before in an astonishing full color display of embroidered art Hoopla rebels against the quaint and familiar embroidery motifs of flowers and swashes and focuses instead on innovative stitch artists who specialize in unusual guerrilla style patterns such as a mythical jackalope and needlepoint nipple doilies it demonstrates that modern embroidery artists are as sharp as the needles with which they work Hoopla includes twenty eight innovative embroidery patterns and profiles of contemporary embroidery artists including Jenny Hart author of Sublime Stitching Rosa Martyn of the UK based Craftivism Collective Ray Materson an ex con who learned to stitch in prison Sherry Lynn Wood of the Tattooed Baby Doll Project which collaborated with female tattoo artists across the United States Penny Nickels and Johnny Murder the self proclaimed Bonnie and Clyde of embroidery and Alexandra Walters a military wife who replicates military portraits and weapons in her stitching Full color throughout and bursting with history technique and sass Hoopla will teach readers how to stitch a ransom note pillow mean and dainty knuckle tattoo church gloves and create their own innovative embroidery projects If you like anarchistic DIY craft and the idea of deviating from the rules Hoopla will inspire you to wield a needle with flair With a foreword by Betsy Greer

Fray Julia Bryan-Wilson, 2021-02 In 1974 women in a feminist consciousness raising group in Eugene Oregon formed a mock organization called the Ladies Sewing Circle and Terrorist Society Emblazoning its logo onto t shirts the group wryly envisioned female collective textile making as a practice that could upend conventions threaten state structures and wreak political havoc Elaborating on this example as a prehistory to the more recent phenomenon of craftivism the politics and social practices associated with handmaking Fray explores textiles and their role at the forefront of debates about process materiality gender and race in times of economic upheaval Closely examining how amateurs and fine artists in the United States and Chile turned to sewing braiding knotting and quilting amid the rise of global manufacturing Julia Bryan Wilson argues that textiles unravel the high low divide and urges us to think flexibly about what the politics of textiles might be Her case studies from the 1970s through the 1990s including the improvised costumes of the theater troupe the Cockettes the braided rag rugs of US artist Harmony Hammond the thread based sculptures of Chilean artist Cecilia Vicu a the small hand sewn tapestries depicting Pinochet s torture and the NAMES Project AIDS Memorial Quilt are often taken as evidence of the inherently progressive nature of handcrafted textiles Fray however shows that such methods are recruited to often ambivalent ends leaving textiles very much in the fray of debates about feminized labor protest cultures and queer identities the malleability of cloth and fiber means that textiles can be activated or stretched in

many ideological directions The first contemporary art history book to discuss both fine art and amateur registers of  
handmaking at such an expansive scale Fray unveils crucial insights into how textiles inhabit the broad space between  
artistic and political poles high and low untrained and highly skilled conformist and disobedient craft and art Anarchism  
and Art Mark Mattern,2016-03-01 Interprets popular art forms as exhibiting core anarchist values and presaging a more  
democratic world Situated at the intersection of anarchist and democratic theory Anarchism and Art focuses on four popular  
art forms DIY Do It Yourself punk music poetry slam graffiti and street art and flash mobs found in the cracks between  
dominant political economic and cultural institutions and on the margins of mainstream neoliberal society Mark Mattern  
interprets these popular art forms in terms of core anarchist values of autonomy equality decentralized and horizontal forms  
of power and direct action by common people who refuse the terms offered them by neoliberalism while creating practical  
alternatives As exemplars of central anarchist principles and commitments such forms of popular art he argues prefigure  
deeper forms of democracy than those experienced by most people in today s liberal democracies That is they contain hints  
of future more democratic possibilities while modeling in the present the characteristics of those more democratic  
possibilities Providing concrete evidence that progressive change is both desirable and possible they also point the way
