Hungary and Arizona achieving a horrific consummation in the actions of mass murderer Anders Breivik The subterranean work of dissatisfaction continues Rage is building and a new wave of revolts and disturbances will follow Why Because the events of 2011 augur a new political reality These are limited distorted sometimes even perverted fragments of a utopian future lying dormant in the present Welcome to the Desert of the Real Slavoj Žižek, 2014-09-24 Liberals and conservatives proclaim the end of the American holiday from history Now the easy games are over one should take sides i ek argues this is precisely the temptation to be resisted In such moments of apparently clear choices the real alternatives are most hidden Welcome to the Desert of the Real steps back complicating the choices imposed on us It proposes that global capitalism is fundamentalist and that America was complicit in the rise of Muslim fundamentalism It points to our dreaming about the catastrophe in numerous disaster movies before it happened and explores the irony that the tragedy has been used to legitimize torture Last but not least it analyzes the fiasco of the predominant leftist response to the events **The Courage of Hopelessness** Slavoj Žižek, 2017 In these troubled times even the most pessimistic diagnosis of our future ends with an uplifting hint that things might not be as bad as all that that there is light at the end of the tunnel Yet argues Slavoj Žižek it is only when we have admitted to ourselves that our situation is completely hopeless that the light at the end of the tunnel is in fact the headlight of a train approaching us from the opposite direction that fundamental change can be brought about Surveying the various challenges in the world today from mass migration and geopolitical tensions to terrorism the explosion of rightist populism and the emergence of new radical politics all of which in their own way express the impasses of global capitalism Žižek explores whether there still remains the possibility for genuine change Today he proposes the only true question is or should be this do we endorse the predominant acceptance of capitalism as a fact of human nature or does today s capitalism contain strong enough antagonisms to prevent its infinite reproduction Can we he asks move beyond the failure of socialism and beyond the current wave of populist rage and initiate radical change before the train hits

Welcome to the Desert of the Real! Slavoj Žižek, 2002 Probing beneath the level of TV punditry Žižek offers a highly original and readable account that serves as a fascinating and insightful comprehension of the events of September 11

The Courage of Hopelessness Slavoj Žižek, 2018-06-26 The maverick philosopher returns to explore today s ideological political and economic battles and asks whether radical change is possible In these troubled times even the most pessimistic diagnosis of our future ends with an uplifting hint that things might not be as bad as all that that there is light at the end of the tunnel Yet argues Slavoj i ek it is only when we have admit to ourselves that our situation is completely hopeless that the light at the end of the tunnel is in fact the headlight of a train approaching us from the opposite direction that fundamental change can be brought about Surveying the various challenges in the world today from mass migration and geopolitical tensions to terrorism the explosion of rightist populism and the emergence of new radical politics all of which in their own way express the impasses of global capitalism i ek explores whether there still remains the possibility for genuine change

Today he proposes the only true question is or should be this do we endorse the predominant acceptance of capitalism as fact of human nature or does today s capitalism contain strong enough antagonisms to prevent its infinite reproduction Can we he asks move beyond the failure of socialism and beyond the current wave of populist rage and initiate radical change before the train hits i ek is a thinker who regards nothing as outside his field the result is deeply interesting and provocative Guardian i ek leaves no social or cultural phenomenon untheorized and is master of the counterintuitive observation New Yorker
