The HR Change Toolkit Lucy Adams, 2019-01-17 It s hard to make change happen in HR If you re a HR manager with good ideas on making things work better that s frustrating enough but for organisations that fail to respond to the way the world is changing the results could be fatal In this insightful practical book the world s top HR disruptor Lucy Adams explains why HR needs to change its approach if it s to be successful in transforming its organisations She also shares workable strategies for getting your own HR team ready preparing the ground in your organisation designing your change and implementing it effectively It s up to you to lead the way here s what you need to make it happen

Enchantment Guy Kawasaki, 2011-03-08 Enchantment as defined by bestselling business guru Guy Kawasaki is not about manipulating people It transforms situations and relationships It converts hostility into civility and civility into affinity It changes the skeptics and cynics into the believers and the undecided into the loyal Enchantment can happen during a retail transaction a high level corporate negotiation or a Facebook update And when done right it s more powerful than traditional persuasion influence or marketing techniques Kawasaki argues that in business and personal interactions your goal is not merely to get what you want but to bring about a voluntary enduring and delightful change in other people By enlisting their own goals and desires by being likable and trustworthy and by framing a cause that others can embrace you can change hearts minds and actions For instance enchantment is what enabled A Peace Corps volunteer to finesse a potentially violent confrontation with armed guerrillas A small cable channel E to win the TV broadcast rights to radio superstar Howard Stern A seemingly crazy new running shoe Vibram Five Fingers to methodically build a passionate customer base A Canadian crystal maker Nova Scotian Crystal to turn observers into buyers This book explains all the tactics you need to prepare and launch an enchantment

campaign to get the most from both push and pull technologies and to enchant your customers your employees and even your boss It shows how enchantment can turn difficult decisions your way at times when intangibles mean more than hard facts It will help you overcome other people s entrenched habits and defy the not always wise wisdom of the crowd Kawasaki s lessons are drawn from his tenure at one of the most enchanting organizations of all time Apple as well as his decades of experience as an entrepreneur and venture capitalist There are few people in the world more qualified to teach you how to enchant people As Kawasaki writes Want to change the world Change caterpillars into butterflies This takes more than run of the mill relationships You need to convince people to dream the same dream that you do That s a big goal but one that s
