Yes We Can Barack Obamas History Making Presidential Campaign:

Yes We Can, 2008-12-09 The story of Barack Obama's historic journey from the Senator of Illinois to President of the USA Scout Tufankjian is the only independent photographer to have documented Obama's entire campaign all the way to the election night celebration in Chicago's Grant Park Obama's grassroots journey has touched something profound in America and electrified record breaking crowds The historic results have been nothing short of a revolution in political strategy communication and activism This is the deepest most personal portrait captured in diverse intimate imagery **Obama on the Home Front** John D. Graham, 2016-08-08 The best comprehensive review of the Obama administration's policies available by the author of *Bush on the Home Front* Daniel P Franklin author of *Pitiful Giants Presidents in their Final Term* Barack Obama came into office as the economy was careening into the worst downturn since the Great Depression On the political front he would be challenged by the same intense congressional polarization faced by Bill Clinton and George W Bush now exacerbated by the rise of the Tea Party movement In this comprehensive assessment of domestic policymaking John D Graham considers what we may learn from the Obama presidency about how presidents can best implement their agendas when Congress is evenly divided What did Obama pledge to do in domestic policy and what did he actually accomplish Why did some initiatives succeed and others fail Did Obama's policies contribute to the losses experienced by the Democratic Party in 2010 and 2014 In carefully documented case studies of economic policy health care reform energy and environmental policy and immigration reform Graham asks whether Obama was effective at accomplishing his agenda Counterfactuals are analyzed to suggest ways that Obama might have been even more effective than he was and at less political cost to his party As with the author's acclaimed *Bush on the Home Front* this book elaborates and applies a theory of presidential effectiveness in a polarized political environment **Obama** David Cohen, Mark Greenberg, 2009 When Barack Obama became president elected on November 4 2008 he transformed Martin's Luther King's dream into reality Obama and the 66.3 million Americans who voted for him proved to the world that all things are possible And the day after people from coast to coast lined up to buy newspapers as souvenirs The demand was unprecedented with stands and stores quickly selling out USA Today sold an extra 380 000 copies for example while the Atlanta Journal Constitution went back to print five times Now everyone can own a piece of history thanks to this gorgeous commemorative album of front pages that capture Barack Obama's extraordinary journey to the White House Featuring newspapers both domestic and foreign and depicting all the landmarks in this groundbreaking campaign including the inauguration itself Obama is a stunning keepsake for all who experienced this remarkable moment and for future generations too **From Edward Brooke to Barack Obama** Dennis S. Nordin, 2012-06-25 In 2008 American history was forever changed with the election of Barack Obama the United States first African American president However Obama was far from the first African American to run for a public office or to face the complexities of race in a political campaign For over a century offices ranging from city mayor to state senator have been

filled by African Americans making race a factor in many elections In *From Edward Brooke to Barack Obama* Dennis S Nordin navigates the history of biracial elections by examining the experiences of a variety of African American politicians from across the country revealing how voters both black and white respond to the issue of race in an election The idea to compare the African American political experience across several levels of office first occurred to Nordin as he was researching Arthur W Mitchell s 1934 congressional campaign The question of white voter support was of particular significance as was whether the continuation of that support depended upon his avoiding minority issues in office To begin answering these questions and others Nordin compares the experiences of eleven African American politicians Taken from across the country to ensure a wide sample and accurate depiction of the subject the case studies examined include Tom Bradley mayor of Los Angeles David Dinkins mayor of New York Freeman Bosley Jr mayor of St Louis Senator Edward Brooke of Massachusetts Senator Carol Moseley Braun of Illinois Governor L Douglas Wilder of Virginia and Representative J C Watts Jr of Oklahoma among others As Nordin analyzes these individuals and their contribution to the whole he concludes that biracial elections in the United States have yet to progress beyond race *From Edward Brooke to Barack Obama* investigates the implications of race in politics a highly relevant topic in today s American society It offers readers a chronological overview of the progress made over the last several decades as well as shows where there is room for growth in the political arena By taking a pertinent topic for the era and placing it in the context of history Nordin successfully chronicles the roles of race and race relations in American politics

"Yes We Can" Wolfgang Mieder, 2009 As President Barack Obama outlined his promise for change during the presidential campaign he made effective use of proverbs and proverbial phrases and invented many quotable epithets that have all the makings of future proverbs This book examines how Obama s natural and authentic reliance on traditional metaphors enhances his impressive rhetoric rather than reducing it to mere sound bites Proverbs with their often colorful metaphors add expressiveness and emotion to his communications giving people the opportunity to follow his pragmatic or philosophical arguments through common language No matter the subject Obama s prose contains metaphorical language that makes his rhetoric and oratory universally accessible This book contains detailed analyses of the proverbial rhetoric in Obama s books *Dreams from My Father* 1995 and *The Audacity of Hope* 2006 A section looks at his proverbial language in 229 speeches news conferences interviews and radio addresses and the final section presents in depth studies of his seven most significant addresses It includes a comprehensive contextualized index of 1714 proverbial texts found within the writings and speeches from Obama s political beginnings to his memorable inaugural address
