Cuban Currency Esther Whitfield, 2008-01-01 With the collapse of the Soviet Union in the 1990s during an economic crisis termed its special period in times of peace Cuba began to court the capitalist world for the first time since its 1959 revolution With the U S dollar instated as domestic currency the island seemed suddenly accessible to foreign consumers and their interest in its culture boomed Cuban Currency is the first book to address the effects on Cuban literature of the country's spectacular opening to foreign markets that marked the end of the twentieth century Based on interviews and archival research in Havana Esther Whitfield argues that writers have both challenged and profited from new transnational markets for their work with far reaching literary and ideological implications Whitfield examines money and cross cultural economic relations as they are inscribed in Cuban fiction Exploring the work of Zo Valdés Pedro Juan Gutiérrez Antonio José Ponte and others she draws out writers' engagements with the troublesome commodification of Cuban identity Confronting the tourist and publishing industries' roles in the transformation of the Cuban revolution into commercial capital Whitfield identifies a body of fiction peculiarly attuned to the material and political challenges of the special period Esther Whitfield is assistant professor of comparative literature at Brown University

Gender and the Self in Latin American Literature Emma Staniland, 2015-10-05 This book explores six texts from across Spanish America in which the coming of age story Bildungsroman offers a critique of gendered selfhood as experienced in the region's socio cultural contexts Looking at a range of novels from the late twentieth century Staniland explores thematic concerns in terms of their role in elucidating a literary journey towards agency that is towards the articulation of a socially and personally viable female gendered identity mindful of both the hegemonic discourses that constrain it and the possibility of their deconstruction and reconfiguration Myth exile and the female body are the three central themes for understanding the personal social and political aims of the Post Boom women writers whose work is explored in this volume Isabel Allende Laura Esquivel Angeles Mastretta Sylvia Molloy Cristina Peri Rossi and Zo Valdés Their adoption and adaptation of an originally eighteenth century and European literary genre is seen here to reshape the global canon as much as it works to reshape our understanding of gendered identities as socially constructed culturally contingent and open ended

From Sugar to Revolution Myriam J.A. Chancy, 2013-02-05 Sovereignty Sugar Revolution These are the three axes this book uses to link the works of contemporary women artists from Haiti a country excluded in contemporary Latin American and Caribbean literary studies the Dominican Republic and Cuba In *From Sugar to Revolution* Women's Visions of Haiti Cuba and the Dominican Republic Myriam Chancy aims to show that Haiti's exclusion is grounded in its historical role as a site of ontological defiance Her premise is that writers Edwidge Danticat Julia Alvarez Zo Valdés Loida Maritza Pérez Marilyn Bobes Achy Obejas Nancy Morej

n and visual artist Maria Magdalena Campos Pons attempt to defy fears of otherness by assuming the role of archaeologists of amnesia They seek to elucidate women s variegated lives within the confining walls of their national identifications identifications wholly defined as male They reach beyond the confining limits of national borders to discuss gender race sexuality and class in ways that render possible the linking of all three nations Nations such as Haiti the Dominican Republic and Cuba are still locked in battles over self determination but as Chancy demonstrates women s gendered revisionings may open doors to less exclusionary imaginings of social and political realities for Caribbean people in general Contemporary Authors Terrie M. Rooney,2001-09 Your students and users will find biographical information on approximately 300 modern writers in this volume of Contemporary Authors R Gender and Allegory in Transamerican Fiction and Performance Katherine Sugg,2008-09-15 By rethinking contemporary debates regarding the politics of aesthetic forms Gender and Allegory in Transamerican Fiction and Performance explores how allegory can be used to resolve the problem of identity in both political theory and literary studies Examining fiction and performance from Zo Vald s and Cherr e Moraga to Def Poetry Jam and Carmelita Tropicana Sugg suggests that the representational oscillations of allegory can reflect and illuminate the fraught dynamics of identity discourses and categories in the Americas Using a wide array of theoretical and aesthetic sources from the United States Latin America and the Caribbean this book argues for the crucial and potentially transformative role of feminist cultural production in transamerican public cultures *Information Services Latin America* ,1999-07 **The New York Times Biographical Service** ,1998 A compilation of current biographical information of general interest *MultiCultural Review* ,1997 **Come Weep with Me** Joyce C. Harte,2007 This groundbreaking anthology represents the critical inquiry of literary scholars into the trope of loss and mourning in the work of women writers from the Caribbean archipelago There is a great deal of recent scholarly interest in the relationship of loss and mourning yet there are no books specifically devoted to an examination of this trope in the works of Caribbean women writers To fill this gap this collection of original essays examines subjects that encompass the brutality of slavery oppressive dictatorships AIDS and the catastrophe of the Mount Pele volcano that appear in the writings of women from the English Spanish and French speaking Caribbean It is an important addition to the contemporary discourse on loss and mourning The project is an exciting and vital one because it brings together a multiplicity of perspectives and critical approaches to examine the works of writers such as Jean Rhys Jamaica Kincaid Julia Alvarez and Maryse Cond e What emerges is a complex portrait of loss mourning and remembrance that both enriches and challenges customary discourses of loss mourning and melancholia Culture and Customs of Cuba William Luis,2001 Cuba continues to loom large in U S consciousness and politics Culture and Customs of Cuba is a much needed resource that gives students and other readers an in depth view of our important island neighbor Luis of Cuban descent provides detailed clear insight into the society religions customs media cinema literature performing arts and art in the context of three interrelated periods in Cuban history Colonial the Republic and Castros Revolution and beyond
