Rosemont, II Warren Tucker,2010-03 **Victoria's Scottish Lion** Adrian Greenwood,2015-07-06 From humble Glasgow beginnings Colin Campbell rose to become Scotland's finest general and a favourite of Queen Victoria In his fifty year career he fought through the Peninsula the Crimea China and India and still found time to contain a slave revolt a Chartist revolution and Ireland's Tithe War Through a combination of personal courage compassionate leadership and genius for military strategy he became an idol for the men who served under him This undisputed hero whose memory has grown faint beside celebrated warriors of the Victorian age was a soldier ahead of his time the first working class field marshal with strong humanitarian leanings and an instinct for harnessing the power of the press In the first major biography of Campbell since 1880 his career is radically reinterpreted and the life of this very private man is revealed Victoria's Scottish Lion was shortlisted for The Society for Army Historical Research's 2015 Templar Prize **Australia's Railways** Ed Wright,2015-10-27 When Australia was first settled by Europeans in 1788 the worldwide railway boom was still 40 years

away When the railways finally came to Australia they helped create new towns and alleviate the isolation of the outback Communities began to consolidate in places where the rail came In the cities the railway enabled the growth of commuter belt suburbs They have been crucial to the development of Australian industry Railways and associated industries were the biggest employers in Australia The railways reached their pinnacle in the 1950s but they have been disadvantaged by Australia s sparsely distributed population and low density cities the advancement of the motor vehicle and air travel Nonetheless the future for our railways is not completely grim While the romance of the long distance passenger journey seems to have more tourist than utilitarian value the growing population in Australia s major cities as well as the traffic and environmental problems caused by cars means that urban railways are more vital than ever to the effective operation of cities The railways also continue to play an important part in freighting the produce of Australia s primary industries as well as in agriculture Combined with the large number of heritage and tourist trains these ensure that even today some of the romance of the railways remains

Ellipsis in English Literature Anne Toner,2015-03-05 Anne Toner provides an original account of the history of ellipsis marks dots dashes and asterisks in English literary writing Highlighting ever renewing interest in these forms of non completion in literature Toner demonstrates how writers have striven to get closer to the hesitations and interruptions of spoken language the indeterminacies of thought and the successive or fragmented nature of experience by means of these textual symbols While such punctuation marks may seem routine today this book describes their emergence in early modern drama and examines the relationship between authors printers and grammarians in advancing or obstructing the standardisation of the marks Their development is explored through close study of the works of major English writers including Jonson Shakespeare Richardson Sterne Meredith and Woolf along with visual illustrations of their usage In particular Toner traces the evolution of ellipsis marks in the novel a form highly receptive to elliptical punctuation
