Vignelli Canon Massimo:

The Vignelli Canon Massimo Vignelli, 2010 An important manual for young designers from Italian modernist Massimo Vignelli The famous Italian designer Massimo Vignelli allows us a glimpse of his understanding of good design in this book its rules and criteria He uses numerous examples to convey applications in practice from product design via signaletics and graphic design to Corporate Design By doing this he is making an important manual available to young designers that in its clarity both in terms of subject matter and visually is entirely committed to Vignelli's modern design **The Vignelli Canon**, 2015 Redesign of The Vignelli canon by Massimo Vignelli Original text and image by Massimo Vignelli Typeset in Adobe Caslon Pro and Bodoni MT Colophon **Graphic Design Discourse** Henry Hongmin Kim, 2018-03-20 If the aim of graphic design is to communicate meaning clearly there's an irony that the field itself has struggled between two contradictory opposites rote design resulting from a rigorous fixed set of rules and eccentric design that expresses the hand of the artist but fails to communicate with its audience But what if designers focused on process and critical analysis over visual outcome Through a carefully selected collection of more than seventy five seminal texts spanning centuries and bridging the disciplines of art architecture design history philosophy and cultural theory *Graphic Design Discourse: Evolving Theories, Ideologies and Processes of Visual Communication* establishes a new paradigm for graphic design methodologies for the twenty first century This illuminating anthology is essential reading for practicing designers educators and students trying to understand how to design in a singular expressive way without forgoing clear and concise visual communication **Never Use Futura** Douglas Thomas, 2017-10-31 It's everywhere including the moon on the commemorative plaque left by Apollo 11 astronauts Nike sneakers the artworks of Barbara Kruger Ed Ruscha and Jenny Holzer 2001 A Space Odyssey credits Domino's Pizza boxes Absolut Vodka bottles and Red Bull cans Richard Nixon used it for his presidential campaign as did Hillary Clinton Indeed Futura is one of the most used fonts in the world today the typeface of modern design more so even than Helvetica This fascinating book explores the cultural history and uses of a face that's so common you might not notice until you start looking and then you can't escape it Douglas Thomas traces Futura from its Bauhaus inspired origin in Paul Renner's 1924 design to its current role as the go to choice for corporate work logos motion pictures and advertisements *Never Use Futura* is illuminating sometimes playful reading not just for type nerds but for anyone interested in how typefaces are used take on meaning and become a language of their own **Religion and Art in the Heart of Modern Manhattan** Aaron Rosen, 2017-07-28 When you're in New York the sculptor Louise Nevelson once said you're in perpetual resurrection She might have said the same thing about St Peter's Lutheran Church set in the heart of midtown Manhattan In the 1970s the church made a radical move scrapping its neo gothic building for a sleek modern structure in the shadow of a skyscraper The transformation was not just architectural Inside Nevelson created a shimmering chapel while over the years artists and designers such as Willem de Kooning Kiki Smith and Massimo and Lella Vignelli produced works for the sanctuary This

fusion of modern art architecture and design was complemented by an innovative jazz ministry including funerals for Billy Strayhorn and John Coltrane and performances by Duke Ellington and other jazz legends For the first time this volume examines the astounding cultural output of this single church Just as importantly the story of St Peter s serves as a springboard for wider reflections on the challenges and possibilities which arise when religion and art intersect in the modern city Working from a wide range of disciplines including art history theology musicology and cultural studies a distinguished group of scholars demonstrate that this church at the center of New York City deserves an equally central place in contemporary scholarship
