Title Performance Management 3rd Edition Author Herman:

Transferring Information Literacy Practices Billy Tak Hoi Leung, Jingzhen Xie, Linlin Geng, Priscilla Nga Ian Pun, 2019-05-28 This book focuses on information literacy for the younger generation of learners and library readers. It is divided into four sections: 1 Information Literacy for Life, 2 Searching Strategies, Disciplines and Special Topics, 3 Information Literacy Tools for Evaluating and Utilizing Resources, 4 Assessment of Learning Outcomes. Written by librarians with wide experience in research and services and a strong academic background in disciplines such as the humanities, social sciences, information technology, and library science, this valuable reference resource combines both theory and practice. In today's ever-changing era of information, it offers students of library and information studies insights into information literacy as well as learning tips they can use for life.

Performance Management For Dummies Herman Aguinis, 2019-05-29 Implement best-in-class performance management systems. *Performance Management For Dummies* is the definitive guide to infuse performance management with your organization's strategic goals and priorities. It provides the nuts and bolts of how to define and measure performance in terms of what employees do (i.e., behaviors) and the outcome of what they do (i.e., results) both for individual employees as well as teams. Inside you'll find a new multi-step cyclical process to help you keep track of your employees' work, identify where they need to improve, and how and ensure they're growing with the organization and helping the organization succeed. Plus, it'll show managers to C-Suites how to use performance management not just as an evaluation tool but just as importantly to help employees grow and improve on an ongoing basis so they are capable and motivated to support the organization's strategic objectives. Understand if your performance management system is working. Make fixes where needed. Get performance evaluation forms, interview protocols, and scripts for feedback meetings. Grasp why people make some businesses more successful than others. Make performance management a useful rather than painful management tool. Get ready to define performance measures, help employees improve, and align employee performance with the strategic goals and priorities of your organization.

Performance Management: Pearson New International Edition Herman Aguinis, 2013-08-29 For courses in Performance Appraisal, Compensation Management, and Training and Development. Discover where the real success in business can be found. What makes some businesses more successful than others? The answer: people. Organizations with motivated, talented employees that offer outstanding customer service are more likely to pull ahead of the competition. *Performance Management* is the first text to emphasize this key competitive advantage, showing students that success in today's globalized business world can be found not in technology and products but in an organization's people. The third edition includes updated and current information and features over forty new cases.
