Raising a Toast Pramit Pratim Ghosh,2021-02-05 Raising a Toast is a compilation of 20 speeches that I had the good fortune of delivering in my journey as a Toastmaster Most of these speeches have sprung from my personal anecdotes some funny some thought provoking Few speeches will tell you stories of past and present of people and places through my eyes And then there are a couple of speeches that raise some questions for you and me to reflect upon But one common link that binds them all is the stage of Toastmasters where they found life Each of these speeches gave me an opportunity to pen down some burning message inside of me to share my story to any audience which was willing to listen to connect with those who took back something from what I had to say Raising a Toast is a humble attempt to carry these anecdotes these stories these questions from the conventional stage to the paperback stage Written with the sole agenda of reaching out to more souls out there who are willing to listen And with the hope that when they read this they get inspired to share their set of stories with the world

Say John Bowe,2020-08-11 A veteran journalist discovers an ancient system of speech techniques for overcoming the fear of public speaking and reveals how they can profoundly change our lives In 2010 award winning journalist John Bowe learned that his cousin Bill a longtime extreme recluse living in his parents basement had at the age of fifty nine overcome a lifetime of shyness and isolation and gotten happily married Bill credited his turnaround to Toastmasters the world s largest organization devoted to teaching the art of public speaking Fascinated by the possibility that speech training could foster the kind of psychological well being more commonly sought through psychiatric treatment and intrigued by the notion that words

can serve as medicine Bowe set out to discover the origins of speech training and to learn for himself how to speak better in public From the birth of democracy in Ancient Greece until two centuries ago education meant in addition to reading and writing years of learning specific easily taught language techniques for interacting with others Nowadays absent such education the average American speaks 16 000 to 20 000 words every day but 74 percent of us suffer from speech anxiety As he joins Toastmasters and learns step by step to successfully overcome his own speech anxiety Bowe muses upon our record levels of loneliness social isolation and political divisiveness What would it mean for Americans to learn once again the simple art of talking to one another Bowe shows that learning to speak in public means more than giving a decent speech without nervousness or a total meltdown Learning to connect with others bestows upon us an enhanced sense of freedom power and belonging
