Religious Books 1876-1982, 1983 **The Jewish-Christian Schism** John Howard Yoder, 2008-11-12 Between 1971 and 1996 the late John Howard Yoder 1927 1997 wrote a series of ten essays revisiting the Jewish Christian schism in which he argued that properly understood Jesus did not reject Judaism Judaism did not reject Jesus and the Apostle Paul's universal mandate for the salvation of the nations is best understood not as a product of Hellenization but rather in the context of his Jewish heritage This posthumous collection of essays is arguably his most ambitious project and displays Yoder's original thesis that the Jewish Christian schism did not have to be Originally published in 2003 by SCM Press and Eerdmans **Fast Tanks and Heavy Bombers** David E. Johnson, 2013-01-14 The U S Army entered World War II unprepared In addition lacking Germany's blitzkrieg approach of coordinated armor and air power the army was organized to fight two wars one on the ground and one in the air Previous commentators have blamed Congressional funding and public apathy for the army's unprepared state David E Johnson believes instead that the principal causes were internal army culture and bureaucracy and their combined impact on the development of weapons and doctrine Johnson examines the U S Army's innovations for both armor and aviation between the world wars arguing that the tank became a captive of the conservative infantry and cavalry branches while the airplane's development was channeled by air power insurgents bent on creating an independent air force He maintains that as a consequence the tank's potential was hindered by the traditional arms while air power advocates focused mainly on proving the decisiveness of strategic bombing neglecting the mission of tactical support for ground troops Minimal interaction between ground and air officers resulted in insufficient cooperation between armored forces and air forces *Fast Tanks and Heavy Bombers* makes a major contribution to a new understanding of both the creation of the modern U S Army and the Army's performance in World War II The book also provides important insights for future military innovation *The Taste for Ethics* Christian Coff, 2006-02-14 This book marks a new departure in ethics which has up to now been a question of the good life in relation to other people based on Greek concepts of friendship and the Judaeo Christian *caritas* No early moral teaching discussed man's relation to the origin of foodstuffs and the system that produced them doubtless the question was of little interest since the production path was so short *Sade's Philosophical System in its Enlightenment Context* Henry Martyn Lloyd, 2018-09-05 This book connects the philosophy of the Marquis de Sade one of the most notorious iconic and yet poorly understood figures within the history of European thought with the broader themes of the Enlightenment Rather than seeing himself as a mere pornographer Sade understood himself as continuing the progressive tradition of French Enlightenment philosophy Sade aspired to be a philosophe This book uses intellectual history and the history of philosophy to reconstruct Sade's philosophical system and its historical context Within the period's discourse of sensibility Sade draws on the philosophical and the literary to form a relatively sophisticated system which he deploys to critically engage with the two major strands of eighteenth century ethical theory the moral sense and natural law

traditions This work is of interest to Continental Philosophy Critical Theory French Studies the History of Eighteenth Century Philosophy Literary Studies the History of Moral Philosophy and Enlightenment Studies After Redemption John M. Giggie,2007-11-21 After Redemption fills in a missing chapter in the history of African American life after freedom It takes on the widely overlooked period between the end of Reconstruction and World War I to examine the sacred world of ex slaves and their descendants living in the region more densely settled than any other by blacks living in this era the Mississippi and Arkansas Delta Drawing on a rich range of local memoirs newspaper accounts photographs early blues music and recently unearthed Works Project Administration records John Giggie challenges the conventional view that this era marked the low point in the modern evolution of African American religion and culture Set against a backdrop of escalating racial violence in a region more densely populated by African Americans than any other at the time he illuminates how blacks adapted to the defining features of the post Reconstruction South including the growth of segregation train travel consumer capitalism and fraternal orders and in the process dramatically altered their spiritual ideas and institutions Masterfully analyzing these disparate elements Giggie s study situates the African American experience in the broadest context of southern religious and American history and sheds new light on the complexity of black religion and its role in confronting Jim Crow *The Road to Shiloh* Leander K. Lane,2025-06-09 From Jim Crow to the Last Best West In 1910 twelve African American families from Oklahoma journeyed north to claim the promise of a better life in the Canadian West Among them was Julius Caesar Lane a former enslaved man whose legacy and that of his family is intertwined with the history of Saskatchewan s first Black community The settlement anchored by Shiloh Baptist Church now a designated Provincial Heritage Property near Maidstone became a symbol of resilience faith and determination in the face of racial barriers In this deeply personal and meticulously researched account Leander K Lane descendant of Julius Caesar Lane traces his ancestors steps through the tumultuous aftermath of slavery in the United States to Canada documenting the challenges and successes they experienced in their new home Drawing from oral histories historical texts and never before consulted archival documents Lane vividly brings to life the untold story of the Shiloh community from their origins in the American South to their enduring impact in Western Canada This compelling narrative is both a heartfelt family memoir and a vital piece of Canadian history shedding light on the rich heritage of Black prairie homesteaders and the indomitable spirit of the Shiloh People Climax of the Covenant N.T. Wright,1993-12-01 A detailed examination of the passages central to the debate about Paul s christology and his view of Jewish Law From meticulous exegesis makes some striking theological and historical conclusions Phantom Ladies Tim Snelson,2014-11-15 Defying industry logic and gender expectations women started flocking to see horror films in the early 1940s The departure of the young male audience and the surprise success of the film Cat People convinced studios that there was an untapped female audience for horror movies and they adjusted their production and marketing strategies accordingly Phantom Ladies reveals the untold story of how the Hollywood horror film changed dramatically in the early 1940s including

both female heroines and female monsters while incorporating elements of women's genres like the gothic mystery Drawing from a wealth of newly unearthed archival material from production records to audience surveys Tim Snelson challenges long held assumptions about gender and horror film viewership Examining a wide range of classic horror movies Snelson offers us a new appreciation of how dynamic this genre could be as it underwent seismic shifts in a matter of months *Phantom Ladies* therefore not only includes horror films made in the early 1940s but also those produced immediately after the war ended films in which the female monster was replaced by neurotic psychotic or hysterical women who could be cured and domesticated *Phantom Ladies* is a spine tingling eye opening read about gender and horror and the complex relationship between industry and audiences in the classical Hollywood era

Minority Nations in Multinational Federations

Min Reuchamps, 2014-12-17 Multinational federations rest on the coexistence of two or more nations within a single polity Within these federations minority nations play a significant role as their character differs from the other building blocks of the federation This edited volume offers a comprehensive comparison of two such minority nations Quebec in Canada and Wallonia in Belgium which exemplifies many dimensions themes and issues highly resonant to the study of federalism and regionalism across the globe Quebec and Wallonia have experienced several decades of federal dynamics where both regions have had to find their way as a minority nation in a multinational federation For those studying federalism and regionalism their importance lies in a number of characteristics but principally in the fact of these minority nations have transformed into mini states with fully fledged legislative powers within their federation This book seeks to study the specific dynamics within these small worlds and between them and the rest of the federation This text will be of key interest to students and scholars of federalism nationalism and regionalism comparative politics and policies political ideas and social movements

The Waxing of the Middle Ages Charles-Louis Morand-Métivier, Tracy Adams, 2023-04-14 Johan Huizinga's much loved and much contested *Autumn of the Middle Ages* first published in 1919 encouraged an image of the Late French Middle Ages as a flamboyant but empty period of decline and nostalgia Many studies particularly literary studies have challenged Huizinga's perceptions of individual works or genres Still the vision of the Late French and Burgundian Middle Ages as a sad transitional phase between the High Middle Ages and the Renaissance persists Yet a series of exceptionally significant cultural developments mark the period *The Waxing of the Middle Ages* sets out to provide a rich complex and diverse study of these developments and to reassert that late medieval France is crucial in its own right The collection argues for an approach that views the late medieval period not as an afterthought or a blind spot but as a period that is key in understanding the fluidity of time traditions culture and history Each essay explores some cultural form to borrow Huizinga's expression to expose the false divide that has dominated modern scholarship

Touching Architecture

Anthony Brand, 2022-12-30 This book is about perception emotion and affect in architecture how and why we

feel the way that we do and the ways in which our surroundings and bodies contribute to this Our experience of architecture is an embodied one with all our senses acting in concert as we move through time and space The book picks up where much of the critique of architectural aestheticism at the end of the twentieth century left off illustrating the limitations and potential consequences of attending to architecture as the visually biased practice which has steadily become the status quo within both industry and education It draws upon interdisciplinary research to elucidate the reasons why this is counter productive to the creation of meaningful places and to articulate the embodied richness of our touching encounters A felt phenomenology is introduced as a more than visual alternative capable of sustaining our physical emotional and psychological well being By recognising the reciprocal and participatory relationship that exists between atmospheric affect and our phenomenological bodies we begin to appreciate the manifold ways in which we touch and are touched by our built environment As such Touching Architecture will appeal to those with an interest in architectural history and theory as well as those interested in the topic of atmospheres affect and embodied perception
