Chaucer and the Early Writings of Boccaccio David Wallace, 1985
 David Wallace s examination of the aims and literary affiliations of Boccaccio s early writings provides an indispensable
 preface to and context for an informed appraisal of Chaucer s usage of Boccaccio Previous studies of the relationship
 between the work of the two poets have tended to consider Chaucer s borrowings without making a thorough study of the
 traditions which shaped the Italian writer s work Wallace argues that Boccaccio was not primarily concerned with winning
 recognition at the Angevin court but was chiefly concerned with fashioning an identity for himself as an illustrious vernacular
 author Chaucer recognised that both the Filostrato and Teseida derived their basic narrative capabilities from popular
 tradition analogous to that of the English tail rhyme romance Following a detailed analysis of Chaucer s translation practice
 in Troilus and Criseyde Wallace concludesthat it was Boccaccio s attempt to develop a narrative art occupying the middle
 ground between popular and illustrious domestic and European traditions that Chaucer found so uniquely congenial and
 instructive

Madame Bovary Gustave Flaubert, 2016-01-18 Chapter One We were in class when the head master came in followed by a new fellow not wearing the school uniform and a school servant carrying a large desk Those who had been asleep woke up and every one rose as if just surprised at his work The head master made a sign to us to sit down Then turning to the class master he said to him in a low voice Monsieur Roger here is a pupil whom I

recommend to your care he'll be in the second. If his work and conduct are satisfactory he will go into one of the upper classes as he becomes his age. The new fellow standing in the corner behind the door so that he could hardly be seen was a country lad of about fifteen and taller than any of us. His hair was cut square on his forehead like a village chorister's. He looked reliable but very ill at ease. Although he was not broad shouldered his short school jacket of green cloth with black buttons must have been tight about the arm holes and showed at the opening of the cuffs red wrists accustomed to being bare. His legs in blue stockings looked out from beneath yellow trousers drawn tight by braces. He wore stout ill-cleaned hobnailed boots. We began repeating the lesson. He listened with all his ears as attentive as if at a sermon not daring even to cross his legs or lean on his elbow and when at two o'clock the bell rang the master was obliged to tell him to fall into line with the rest of us. When we came back to work we were in the habit of throwing our caps on the ground so as to have our hands more free; we used from the door to toss them under the form so that they hit against the wall and made a lot of dust. It was the thing. But whether he had not noticed the trick or did not dare to attempt it the new fellow was still holding his cap on his knees even after prayers were over. It was one of those head-gears of composite order in which we can find traces of the bearskin shako, billycock hat, sealskin cap and cotton night cap, one of those poor things in fine whose dumb ugliness has depths of expression like an imbecile's face.
