Killinger,2022-08-24 Painted Flowers Shouldn t Talk Back tells the story of a suburban women s art collective that painted together in Houston Texas from 1970 to 1977 They called themselves the Garden Artists though their subjects were much more varied than just garden views Author Margaret Killinger s artful narrative illustrates how these women creatively confronted profound sociocultural challenges through decorative art Some discovered much needed financial independence and personal freedom through the group others camaraderie and gratification outside home and marriage Still others found a

welcome reprieve from the demands of motherhood the confines of suburban conformity or the sinking weight of grief They collectively learned to confront stark walls and to determine what they could and could not live with all the while enjoying art and each other Framed by Killinger s 2008 group interview conducted in Houston the story moves via memories and other interviews to El Paso Austin San Antonio Santa Fe and New Orleans The women s story is furthermore told under the shadow of Killinger s own search for answers She began exploring the women s lives after the sudden quiet death of her mother a portrait artist and peripheral member of the group who collapsed and died in 2004 when she was just sixty five years old Nancy Alvarez the eccentric hilarious leader of the Garden Artists who shaped each of their stories died one year later also sixty five To make sense of these losses Killinger looks back to when the women were prolific Houston artists with Nancy as their quirky guide a time when they were arguably most alive Resolution comes through deciphering what their art meant to them back then and exploring what it could mean for readers today **Walking on Water** Madeleine L'Engle,1982-08-01

Children and Childhoods in L.M. Montgomery Rita Bode, Lesley D. Clement, E. Holly Pike, Margaret Steffler, 2022-10-15 From Jane Austen to contemporary fanfiction and adaptations literary portrayals of the child and imaginings of childhood are particularly telling indicators of cultural values and when they shift Inspired by the responsive reading practices of L M Montgomery herself those demonstrated by her characters and those of her diverse readership *Children and Childhoods in L M Montgomery* works with concepts of confluence based on organic non linear readings of texts across time and space Such readings reconsider views of childhood and children by challenging power hierarchies and inequities found in approaches that privilege more linear readings of literary influence While

acknowledging differences between childhood and adulthood contributors emphasize kinship between child and adult as well as between past and present selves and use both scholarly approaches and creative reimagining to explore how the boundaries between different stages of life are blurred in Montgomery's writing Children and Childhoods in L M Montgomery addresses Montgomery's challenges to prescribed assumptions about childhood while positioning her novels as essential texts in twenty-first century literary childhood and youth studies Contributors include Yoshiko Akamatsu Notre Dame Seishin University Balaka Basu UNC Charlotte Rita Bode Trent University Holly Cinnamon Lesley D Clement Vappu Kannas Heidi Lawrence University of Glasgow Kit Pearson Rosalee Peppard Lockyer E Holly Pike Laura Robinson Acadia University Kate Scarth UPEI Margaret Steffler Trent University William Thompson MacEwan University Bonnie Tulloch UBC Asa Warnqvist Swedish Institute for Children's Books

Conversations with Madeleine L'Engle Jackie C.

Horne, 2018-12-03 Conversations with Madeleine L'Engle is the first collection of interviews with the beloved children's book author best known for her 1962 Newbery Award winning novel *A Wrinkle in Time*. However, Madeleine L'Engle's accomplishments as a writer spread far beyond children's literature. Beginning her career as a literary novelist for adults, L'Engle, 1918-2007, continued to write fiction for both young and old long after *A Wrinkle in Time*. In her sixties, she published personal memoirs and devotional texts that explored her relationship with religion. At the time of her death, L'Engle was mourned by fans of her children's books and the larger Christian community. L'Engle's books as well as her life were often marked by contradictions. A consummate storyteller, L'Engle carefully crafted and performed a public self image via her interviews. Weaving through the documentable facts in these interviews are partial lies, misdirections, and wish fulfillment fantasies. But when read against her fictions, these truths can help us see L'Engle more deeply: what she wanted for herself and for her children, what she believed about good and evil, and what she thought was the right way and the wrong way to be a family, than if she had been able to articulate the truth more directly. The thirteen interviews collected here reveal an amazing feat of authorial self-fashioning as L'Engle transformed from novelist to children's author to Christian writer and attempted to craft a public persona that would speak to each of these different audiences in meaningful yet not painfully revealing ways.
