L. R. James** John Nauright, Alan G. Goble, David K. Wiggins, 2014-11-01 Beyond C L R James brings together essays analyzing the interconnections among race ethnicity and sport Published in memory of C L R James the revolutionary sociologist and writer from Trinidad who penned the famous autobiographical account of cricket titled Beyond a Boundary this collection of essays many of which originated at the 2010 conference on race and ethnicity in sport at the University of West Indies Cave Hill in Barbados cover everything from Aborigines in sport and cricket and minstrel shows in Australia to Zulu stick fighting and football and racism in northern Ireland The essays divided into four sections that include introductory comments by each editor are written by some of the more well known sport historians in the world and characterized by a focus on the role of culture and sport in society in the context of both political economies and the state as well as colonial and postcolonial struggles Included also are discussions on how sport at once brings people together shapes the identities of its participants and reflects the continuing search for social justice **Should Race Matter?** David Boonin, 2011-11-14 In this book philosopher David Boonin attempts to answer the moral questions raised by five important and widely contested racial practices slave reparations affirmative action hate speech restrictions hate crime laws and racial profiling Arguing from premises that virtually everyone on both sides of the debates over these issues already accepts Boonin arrives at an unusual and unorthodox set of conclusions one that is neither liberal nor conservative color conscious nor color blind Defended with the rigor that has characterized his previous work but written in a more widely accessible style this provocative and

important new book is sure to spark controversy and should be of interest to philosophers legal theorists and anyone interested in trying to resolve the debate over these important and divisive issues **Recognizing Race and Ethnicity**,2018-05-15 This book approaches the study of race ethnicity through a sociological lens It focuses on a few social policies that are perceived as race related such as affirmative action to an understanding of the historical racialization of the US welfare state overall *White Like Me* Tim Wise,2008 Using stories from his own life anti racist activist and Fortune 500 racial awareness trainer Tim Wise demonstrates the ways in which racism not only burdens people of colour but also hurts in relative terms those who are white like him Flipping John Howard Griffin s classic *Black Like Me* Wise explores the meanings and consequences of whiteness and discusses the ways in which racial privilege can harm not just people of colour but whites as well Using stories in place of stale statistics he weaves a narrative that is readable scholarly analytical and accessible
