world count for nothing It has the power to take an ordinary person to extraordinary It has a positive impact on the behaviour and performance in the workplace on the bottom line for the organisation but most of all on the health and wellbeing of individuals IT is an imperative This is the book to tell you how to Stop feeling tired all the time Enhance your energy vitality and sustainability Fuel the energy making powerhouses in your body Avoid energy slumps during the day Sleep better and wake revitalised Use energy to focus concentrate and deliver to a higher standard Improve your mood and outlook on life Improve your resilience to manage your demanding life It will show you how to have the capacity to live life to the full mentally and physically a mind and body approach It is a one stop shop that does everything it says on the tin It will leave nothing to the imagination as all the experience and knowledge built up over the author s career will be succinctly and practically reproduced in this book Using theory activities questionnaires and case studies each section will be explained in a way that guides the reader to make the changes necessary to recharge their batteries and keep them topped up going forward
