Rothman**

Who Were The Progressives Historians At Work:

Who Were the Progressives? / How Did American Slavery Begin? / Does the Frontier Experience Make America Exceptional? Glenda Elizabeth Gilmore, Edward Countryman, Richard W. Etulain, 2007-06-01 Who Were the Progressives? Glenda Elizabeth Gilmore, 2002-02-09 In the first two decades of the 20th century a diverse array of Americans sought solutions to the social problems caused by industrialization and urbanization Because they did not recognize themselves as a cohesive group indeed the description Progressive only developed late in the era it has fallen to historians to define Progressivism and its participants as belonging to a distinct period The articles included in this volume explore who participated in the social movements considered Progressive what their goals were what tactics they used and the degree to which their activity was revolutionary Viewing the Progressive era as the precursor to the activist state that developed during World War I and more fully during the Depression the book explores the civic imagination of a remarkable group of reformers who sought to change their society creatively completely and peacefully **Historians in Public** Ian Tyrrell, 2005-12 From lagging book sales and shrinking job prospects to concerns over the discipline's narrowness myriad factors have been cited by historians as evidence that their profession is in decline in America Ian Tyrrell's *Historians in Public* shows that this perceived threat to history is recurrent exaggerated and often misunderstood In fact history has adapted to and influenced the American public more than people and often historians realize Tyrrell's elegant history of the practice of American history traces debates beginning shortly after the profession's emergence in American academia about history's role in school curricula He also examines the use of historians in and by the government and whether historians should utilize mass media such as film and radio to influence the general public As *Historians in Public* shows the utility of history is a distinctive theme throughout the history of the discipline as is the attempt to be responsive to public issues among pressure groups A superb examination of the practice of American history since the turn of the century *Historians in Public* uncovers the often tangled ways history makers make history both as artisans and as actors *Building the Old Time Religion* Priscilla Pope-Levison, 2013-12-06 2015 Smith Wynkoop Book Award presented by the Wesleyan Theological Society 2014 Choice Outstanding Academic Title During the Progressive Era a period of unprecedented ingenuity women evangelists built the old time religion with brick and mortar uniforms and automobiles fresh converts and devoted protégés Across America entrepreneurial women founded churches denominations religious training schools rescue homes rescue missions and evangelistic organizations Until now these intrepid women have gone largely unnoticed though their collective yet unchoreographed decision to build institutions in the service of evangelism marked a seismic shift in American Christianity In this ground breaking study Priscilla Pope Levison dusts off the unpublished letters diaries sermons and yearbooks of these pioneers to share their personal tribulations and public achievements The effect is staggering With an uncanny eye for essential details and a knack for historical nuance Pope Levison breathes life into not just one or two of these women but two

dozen **A Companion to 19th-Century America** William Barney, 2008-04-15 A Companion to 19th Century America is an authoritative overview of current historiographical developments and major themes in the history of nineteenth century America Twenty seven scholars all specialists in their own thematic areas examine the key debates and historiography A thematic and chronological organization brings together the major time periods politics the Civil War economy and social and cultural history of the nineteenth century Written with the general reader in mind each essay surveys the historical research the emerging concerns and assesses the future direction of scholarship Complete coverage of all the major themes and current debates in nineteenth century US history assessing the state of the scholarship and future concerns 24 original essays by leading experts in nineteenth century American history complete with up to date bibliographies Chronological and thematic organization covers both traditional and contemporary fields of research politics periods economy class formation ethnicity gender roles regions culture and ideas

American Educational History Journal J. Wesley Null, 2007-08-01 The American Educational History Journal is a peer reviewed national research journal devoted to the examination of educational topics using perspectives from a variety of disciplines The editors of AEHJ encourage communication between scholars from numerous disciplines nationalities institutions and backgrounds Authors come from a variety of disciplines including political science curriculum history philosophy teacher education and educational leadership Acceptance for publication in AEHJ requires that each author present a well articulated argument that deals substantively with questions of educational history

Perspectives on Mass Communication History Wm. David Sloan, 2013-11-05 This unique volume is based on the philosophy that the teaching of history should emphasize critical thinking and attempt to involve the student intellectually rather than simply provide names dates and places to memorize The book approaches history not as a cut and dried recitation of a collection of facts but as multifaceted discipline In examining the various perspectives historians have provided the author brings a vitality to the study of history that students normally do not gain The text is comprised of 24 historiographical essays each of which discusses the major interpretations of a significant topic in mass communication history Students are challenged to evaluate each approach critically and to develop their own explanations As a textbook designed specifically for use in graduate level communication history courses it should serve as a stimulating pedagogical tool

Encyclopedia of Historians and Historical Writing Kelly Boyd, 2019-10-09 The Encyclopedia of Historians and Historical Writing contains over 800 entries ranging from Lord Acton and Anna Comnena to Howard Zinn and from Herodotus to Simon Schama Over 300 contributors from around the world have composed critical assessments of historians from the beginning of historical writing to the present day including individuals from related disciplines like Jürgen Habermas and Clifford Geertz whose theoretical contributions have informed historical debate Additionally the Encyclopedia includes some 200 essays treating the development of national regional and topical historiographies from the Ancient Near East to the history of sexuality In addition to the Western tradition it includes substantial assessments of African Asian and Latin

American historians and debates on gender and subaltern studies

Progressive Historians Richard

Hofstadter, 2012-02-29 Richard Hofstadter the distinguished historian and twice winner of the Pulitzer Prize brilliantly assesses the ideas and contributions of the three major American interpretive historians of the twentieth century Frederick Jackson Turner Charles A Beard and V L Parrington These men whose views of history were shaped in large part by the political battles of the Progressive era provided the Progressive movement with a usable past and the American liberal mind with a historical tradition The Progressive Historians is at once a critique of historical thought during this decisive period of American development and an account of how these three writers led American historians into the controversial political world of the twentieth century Turner in developing his idea that American democracy is the outcome of the experience of frontier expansion and the settlement of the West introduced his fellow historians to a set of new concepts and methods and in doing so drew the guidelines of American historiography Beard insisted upon the elitist origins of the Constitution crusaded for the economic interpretation of history and ultimately staked his historical reputation on an isolationist view of recent American foreign policy Parrington emphasized the moral and social functions of literature and read the history of literature as a history of the national political mind In recent years the tide has run against the Progressive historians as one specialist after another has taken issue with their interpretations The movement of contemporary historical thought has led to a rediscovery of the complexity of the American past Although he cannot share the faith of the Progressive historians in the sufficiency of American liberalism as a guide to the modern world Richard Hofstadter believes we have much to learn about ourselves from a reconsideration of their insights American Historical Explanations Gene Wise, 1980

American Historical Explanations was first published in 1980 Minnesota Archive Editions uses digital technology to make long unavailable books once again accessible and are published unaltered from the original University of Minnesota Press editions In this new edition of American Historical Explanations Gene Wise expands his examination of historical thinking to include the latest work in American Studies the new social history ethnography and psychohistory Wise asserts that historians address their subjects through an intervening set of assumptions or what he calls explanation forms similar to the philosophical paradigms that Thomas Kuhn has found in scientific inquiry Through analysis of historical cultural texts including the work of V L Parrington Lionel Trilling and Perry Miller he defines the forms used by several groups of American historians and traces the process by which an old form breaks down and is replaced by a new set of assumptions Throughout he aims to study the process of change in the history of ideas His conclusions extend beyond historiography and will be useful for those interested in literature social sciences and the arts The Lost World of Classical Legal Thought William M. Wiecek, 2001 This text examines the ideology of elite lawyers and judges from the Gilded Age to the New Deal Between 1866 and 1937 this coherent outlook or legal orthodoxy shaped the way the American bar interpreted and understood the law

History's Memory Ellen Fitzpatrick, 2004-10-25 This reinterpretation of a century of American historical writing

challenges the notion that the politics of the recent past alone explains the politics of history Fitzpatrick offers a wise historical perspective on today's heated debates and reclaims the long line of historians who tilled the rich and diverse soil of our past

A Revolt Against Liberalism A.A.M. van der Linden, 2023-04-12 This is the first study to provide a comprehensive picture of the revolt brought about by American radical historians in the 1960s and 1970s With the turbulent sixties as a backdrop the work of radical luminaries like Eugene Genovese Herbert Gutman Staughton Lynd William Appleman Williams and Howard Zinn is discussed These historians made a significant contribution to present day notions about slavery working class history the New Deal the Cold War and a wealth of other subjects Their main target was American liberalism Radical criticism centered on the liberal concepts of the division of power and of the nature of man The acrimonious debate which ensued tore the historical profession apart Therefore most historians have stressed the disagreements between liberals and radicals Yet in this study it will be argued that in some respects the radicals were part and parcel of mainstream historiography though they presented a radical version of it

The Concise Princeton Encyclopedia of American Political History Michael Kazin, Rebecca Edwards, Adam Rothman, 2011-08-28 Contains 150 articles that provide information about significant topics in American political history including ideas philosophies movements economics religion and more

The Political Thought of Calvin Coolidge Thomas J. Tacoma, 2020-09-02 Calvin Coolidge lived during a time of constitutional transformation the Progressive Era and World War I before serving as President of the United States from 1923 1929 Thomas J Tacoma argues that Coolidge contended with this changing regime and world through as a Burkean conservative and an Americanist politician In The Political Thought of Calvin Coolidge Burkean Americanist Tacoma contextualizes Coolidge's thought in the Progressive milieu of the age and Coolidge's own educational background in New England and then presents the core of Coolidge's political thought civilization Tacoma maintains that Coolidge believed in civilization and that the traditional American political and economic order represented the highest achievements in western civilization Coolidge's speeches ranged across American history to defend the virtues of the American regime and in his political career he undertook to defend the constitutional regime he had inherited Coolidge famous for his emphasis on thrift likewise situated his views on economy within his larger vision of civilization and he mixed realism and idealism in his developed views on international relations Through extensive research Tacoma examines the way Coolidge responded to the challenge of upholding American civilization in the face of a changing world

Work, Recreation, and Culture Martin H. Blatt, Martha K. Norkunas, 2013-02-01 The essays in this volume focus on the role of women in the work force They explore how organized sports social associations of all kinds and the educational system faced by the children of worker were profoundly linked to work place and community activism They examine why radical labor organizations that could win major strikes often could not sustain themselves as permanent institutions Finally the essays argue that simultaneous leadership changes in management and labor in the auto industry were less the result of internal

conflicts than needed structural adjustments to changing economic and political realities Interwoven into all of the essays is the intricate dynamic between immigrant and native born between different immigrant waves and the groups and between workers at different skill levels Work Recreation and Culture enriches and expands the established labor narratives

Poems Containing History Gary Grieve-Carlson,2013-11-08 Ezra Pound s definition of an epic as a poem containing history raises questions how can a poem contain history And if it can does it help us to think about history in ways that conventional historiography cannot Poems Containing History Twentieth Century American Poetry s Engagement with the Past by Gary Grieve Carlson argues that twentieth century American poetry has contained and helped its readers to think about history in a variety of provocative and powerful ways Tracing the discussion of the relationship between poetry and history from Aristotle s Poetics to Norman Mailer s *The Armies of the Night* and Hayden White s *Metahistory* the book shows that even as history evolves into a professional academic discipline in the late nineteenth century and as its practitioners emphasize the scientific aspects of their work and minimize its literary aspects twentieth century American poets continue to take history as the subject of their major poems Sometimes they endorse the views of mainstream historians as Stephen Vincent Ben t does in *John Brown s Body* but more often they challenge them as do Robert Penn Warren in *Brother to Dragons* Ezra Pound in *The Cantos* or Charles Olson in *The Maximus Poems* In *Conquistador* Archibald MacLeish illustrates Aristotle s claim that poetry tells more philosophical truths about the past than history does while in Paterson William Carlos Williams develops a Nietzschean suspicion of history s value Three major American poets T S Eliot in *Four Quartets* Hart Crane in *The Bridge* and Carolyn Forché in *The Angel of History* present different challenges to professional historiography s assumption that the past is best understood in strictly material terms Poems Containing History devotes chapters to each of these poets and offers a clear sense of the seriousness with which American poetry has engaged the past as well as the great variety of those engagements

Encyclopedia of American Social Movements Immanuel Ness,2015-07-17 This four volume set examines every social movement in American history from the great struggles for abolition civil rights and women s equality to the more specific quests for prohibition consumer safety unemployment insurance and global justice

A Companion to the Gilded Age and Progressive Era Christopher McKnight Nichols,Nancy C. Unger,2022-06-15 *A Companion to the Gilded Age and Progressive Era* presents a collection of new historiographic essays covering the years between 1877 and 1920 a period which saw the U S emerge from the ashes of Reconstruction to become a world power The single definitive resource for the latest state of knowledge relating to the history and historiography of the Gilded Age and Progressive Era Features contributions by leading scholars in a wide range of relevant specialties Coverage of the period includes geographic social cultural economic political diplomatic ethnic racial gendered religious global and ecological themes and approaches In today s era often referred to as a second Gilded Age this book offers relevant historical analysis of the factors that helped create contemporary society Fills an important chronological gap in period based American history collections

Progressivism Bradley C. S. Watson, 2020-02-28 At its core this book is intellectual history tracing the work of progressive historians as they in turn wrote the history of progressivism In *Progressivism The Strange History of a Radical Idea* Bradley C S Watson presents an intellectual history of American progressivism as a philosophical political phenomenon focusing on how and with what consequences the academic discipline of history came to accept and propagate it This book offers a meticulously detailed historiography and critique of the insularity and biases of academic culture It shows how the first scholarly interpreters of progressivism were in large measure also its intellectual architects and later interpreters were in deep sympathy with their premises and conclusions Too many scholarly treatments of the progressive synthesis were products of it or at least were insufficiently mindful of two central facts the hostility of progressive theory to the Founders Constitution and the tension between progressive theory and the realm of the private including even conscience itself The constitutional and religious dimensions of progressive thought and in particular the relationship between the two remained hidden for much of the twentieth century This pathbreaking volume reveals how and why this scholarly obfuscation occurred The book will interest students and scholars of American political thought the Progressive Era and historiography and it will be a useful reference work for anyone in history law and political science

This book delves into Who Were The Progressives Historians At Work. Who Were The Progressives Historians At Work is an essential topic that needs to be grasped by everyone, ranging from students and scholars to the general public. The book will furnish comprehensive and in-depth insights into Who Were The Progressives Historians At Work, encompassing both the fundamentals and more intricate discussions.

1. The book is structured into several chapters, namely:
 - Chapter 1: Introduction to Who Were The Progressives Historians At Work
 - Chapter 2: Essential Elements of Who Were The Progressives Historians At Work
 - Chapter 3: Who Were The Progressives Historians At Work in Everyday Life
 - Chapter 4: Who Were The Progressives Historians At Work in Specific Contexts
 - Chapter 5: Conclusion
 2. In chapter 1, this book will provide an overview of Who Were The Progressives Historians At Work. This chapter will explore what Who Were The Progressives Historians At Work is, why Who Were The Progressives Historians At Work is vital, and how to effectively learn about Who Were The Progressives Historians At Work.
 3. In chapter 2, the author will delve into the foundational concepts of Who Were The Progressives Historians At Work. The second chapter will elucidate the essential principles that must be understood to grasp Who Were The Progressives Historians At Work in its entirety.
 4. In chapter 3, this book will examine the practical applications of Who Were The Progressives Historians At Work in daily life. The third chapter will showcase real-world examples of how Who Were The Progressives Historians At Work can be effectively utilized in everyday scenarios.
 5. In chapter 4, this book will scrutinize the relevance of Who Were The Progressives Historians At Work in specific contexts. This chapter will explore how Who Were The Progressives Historians At Work is applied in specialized fields, such as education, business, and technology.
 6. In chapter 5, this book will draw a conclusion about Who Were The Progressives Historians At Work. This chapter will summarize the key points that have been discussed throughout the book.
- The book is crafted in an easy-to-understand language and is complemented by engaging illustrations. It is highly recommended for anyone seeking to gain a comprehensive understanding of Who Were The Progressives Historians At Work.
