Why America Must Not Follow Europe Encounter Broadside:

Why America Must Not Follow Europe Daniel Hannan, 2011 Daniel Hannan a British Conservative Member of the European Parliament calls on Americans to avoid Europe's future He traces the common roots of British and American liberty and describes how both countries are losing their inheritance as government crowds out the private sphere He calls for a renewed commitment to the Anglosphere the alliance of free English speaking nations which has preserved freedom in our time

How China's Communist Party Made the World Sick Bill Gertz, 2020-04-28 The outbreak of a deadly new form of pneumonia that began in Wuhan China in December 2019 has shown the world that the regime in Beijing poses the most serious threat to world peace and freedom since the Soviet Union Early missteps by China's ruling Communist Party repressing doctors who sought to alert China and the world to the dangers of the novel coronavirus and permitting millions to travel out of Wuhan for a holiday caused the global pandemic now devastating populations and economies around the world In this important essay Bill Gertz shows how China's lies and obfuscations imperiled the world

Countdown to Socialism Devin Nunes, 2020-09-15 The Democratic Party has changed beyond recognition Once the party of anti communism and tax cutting under President Kennedy it is now dominated by a surging socialist movement and led by a presidential candidate who vows to transform America On a near daily basis the Democrats are issuing radical proposals to socialize medicine industry and higher education So how can the Democrats win elections when their agenda is so far to the left of the American people That's easy it's because the means of public debate are being manipulated In Countdown to Socialism Congressman Devin Nunes exposes the nexus between the Democratic Party the mainstream media and the social media corporations These three entities cooperate to blast out the Democrats message and downplay their extremism while suppressing and censoring conservative points of view Tens of millions of Americans are only seeing one side of the debate The information they get from newspapers and social media is not news it's contrived content designed to help one political party and punish its opponents In the run up to the most consequential election of our lifetime read this book to learn how your information is being skewed and regulated to force America onto the path to socialism

The Growth Deficit James Piereson, 2022-11-01 During the 1980s and 1990s European economies went through a period of slowing economic growth and high unemployment what some economists described as secular decline On the other side of the Atlantic the United States enjoyed a robust recovery during those years by reducing taxes eliminating regulations on business and tightening monetary policy Now after two decades of subpar growth the question is whether or not the American economy has entered into its own era of secular decline This Broadside examines this troubling development recognizing that there are no easy solutions to the problem Lacking workable solutions Americans will have to adjust to a future of slow economic growth with all that implies for inter generational progress American strength abroad and political conflict at home

The Next Pandemic Betsy McCaughey, 2020-05-19 America is suffering from two public health crises One is caused by a virus The

other a brutal economic shutdown is something we have brought on ourselves Both the virus and the shutdown are deadly But many more Americans will likely die from getting laid off than from the virus The shutdown wasn't caused by the virus It was a frantic response to America's unpreparedness For more than two decades a dozen official reports sounded the alarm The career pols and federal bureaucrats did nothing Message to Washington DC No more commissions and televised hearings It's time to act In this incendiary Encounter Broadside Betsy McCaughey shows how to battle the next pandemic without an economic shutdown including technologies to make workplaces healthier protections for hospital workers and severing dependence on China for medical supplies Despite the suffering there's reason for optimism America will be ready for the next pandemic **Trump vs. the Media** Mollie Ziegler Hemingway, 2017-04-25 How bad is the problem of media

bias The answer can be summed up in a few words President Donald J Trump Whether you love him or hate him there's no question that Trump gained a huge amount of support for his willingness to criticize the media in harsh and unsparing terms The media seems baffled by the fact that it's lost the trust of the American people It has responded by being extraordinarily defensive and doubling down on histrionic attacks However the American system has always depended on a strong and trusted media to hold those in power accountable Journalist Mollie Hemingway looks at the impressive list of media failure that led us to this unique moment and asks Is it possible for the media to recover its credibility before it's too late What

to Do About the U.N. Claudia Rosett, 2017-03-14 The United Nations is failing abysmally and dangerously in its mission Founded in 1945 as a vehicle to avert war and promote human dignity and freedom the U N has instead become a self-serving and ever-expanding haven of privilege for the world's worst regimes rife with bigotry fraud abuse and corruption both financial and moral Yet the American foreign policy community treats it as taboo to speak seriously about sidelining supplanting or leaving the U N The usual argument is that the U N may be imperfect but it's all we've got In this Broadside Claudia Rosett explains why the U N's basic design means it cannot really be reformed and why it is becoming ever more urgent to seek alternatives Rosett argues that it's time to break the taboo and to bring fully into America's foreign policy debates the question of how to dispense with the U N altogether Free Trade Broadside ,1905 *Catalog of BroadSides*
