Darrell Canty, 2021-11-15 Love is a choice that creates feelings not feelings that makes you choose. This book is created from an account of how I experienced a time in my life where a woman knowing how to get along with a man. It is not normal today for relationships to just work out without working it out. Most women are told even before their teenager to enjoy their singlehood focus on their career spend money travel and enjoy hanging out with their friends before getting serious with a man. Many women are told not to focus on a man just their 5 year plan. This book is for the woman who chooses to find her way back to her true femininity and self-love through her expression of self. This type of journey is with the interaction with others showing yourself separate from a man. As men and women we have an innate fundamental desire for connecting with one another by design. My experience has awarded me the privilege to share with a woman in her natural state as she brought me to mine. I experienced a proud woman embracing her femininity her softness and kind nature. Always expressing her feminine energy through her words touch and environment. She didn't find her feminine nature in things but in her inner self. When she expressed I made her feel safe and secure. She respected and accepted me. I made her comfortable and feel cherished. She was loyal and presented herself with kindness and grace among the public. Which made me want to carry myself to be responsible in my actions so she would have the emotional security she needed. And she regularly expressed acts of service to show her appreciation and need for me. While all the time never exchanging hurtful words or injuring one another's feeling. I would naturally give to her and give to her. This is when I knew a woman can get what she wants from a man. Darrell Canty stands out with this surprising content with informative and impressionable information. This dynamic content provides the emotional and intellectual influence to engage this target audience. As an author he feels compelled to share this information with others. Many if not most people in their entire life will never experience one day of what he had for the most of nine.

years Darrell Canty says he will be forever grateful and honored for the rest of his life The author can only hope to help one person find a true connection as he did The time we spend here on earth means very little without an experience such as this Once you have experienced this type of experience it will become a lifelong yearning He can only imagine it to be like a drug attic experience that first high and forever chasing that high time and time again The author believes because of this experience he has become an author given a voice with something to say I say thank you If a woman is giving a man everything but respect she has given him nothing at all Dc
