Why I Became An Atheist A Former Preacher Rejects Christianity Revised Expanded:

Why I Became an Atheist John W. Loftus, 2012-10-10 For about two decades John W Loftus was a devout evangelical Christian an ordained minister of the Church of Christ and an ardent apologist for Christianity With three degrees in philosophy theology and philosophy of religion he was adept at using rational argumentation to defend the faith But over the years doubts about the credibility of key Christian tenets began to creep into his thinking By the late 1990s he experienced a full blown crisis of faith In this honest appraisal of his journey from believer to atheist the author carefully explains the experiences and the reasoning process that led him to reject religious belief The original edition of this book was published in 2006 and reissued in 2008 Since that time Loftus has received a good deal of critical feedback from Christians and skeptics alike In this revised and expanded edition the author addresses criticisms of the original adds new argumentation and references and refines his presentation For every issue he succinctly summarizes the various points of view and provides references for further reading In conclusion he describes the implications of life without belief in God some liberating some sobering This frank critique of Christian belief from a former insider will interest freethinkers as well as anyone with doubts about the claims of religion [50 Great Myths About Atheism](#) , 2013-10-28 Tackling a host of myths and prejudices

commonly leveled at atheism this captivating volume bursts with sparkling eloquent arguments on every page The authors rebut claims that range from atheism being just another religion to the alleged atrocities committed in its name An accessible yet scholarly commentary on hot button issues in the debate over religious belief Teaches critical thinking skills through detailed rational argument Objectively considers each myth on its merits Includes a history of atheism and its advocates an appendix detailing atheist organizations and an extensive bibliography Explains the differences between atheism and related concepts such as agnosticism and naturalism **Outsoaring the Shadow: Atheistic thoughts on life and death** Martin

Rushton, 2015-11-19 The day will come when the Sun rises but you do not your last breath will have been made This is a stark fact Do you think the day will never come Do you conduct your life on the presumption that it will not come But it will come it is part of the script of life It may even come today How does an atheist answer the perennial existential question What is the meaning of life In this sobering but ultimately compassionate and optimistic book the author offers a helping hand Combining elements of ancient Stoic philosophy academic argumentation contemplative practices practical advice and at times dark humour the author weaves a coherent and sympathetic guide to the art of living in the face of mortal angst **Bad Girls**

and Boys Go to Hell (or not) Gloria Neufeld Redekop, 2012-07-26 To question the idea of hell as a default destination is to question the entire fundamentalist evangelical worldview This book does just that Fundamentalist evangelicalism holds that the Bible is an infallible authority and that all are born in sin Sinners go to hell but Jesus taking their place died to save them from hell How did this belief come to be What were the effects on people brought up with a belief in the reality of hell What has been the process of people leaving the fundamentalist evangelical movement In Bad Girls and Boys Go To Hell or not

Gloria Neufeld Redekop takes us on her own personal journey as she engages a movement in which she was raised conducting a careful study of the history of fundamentalist evangelicalism the attachment to a literal factual interpretation of the Bible and an analysis of the experience of those who have left the movement

Why I Became an Atheist John W. Loftus, 2008 This book is a companion volume for my book *Why I Became an Atheist A Former Preacher Rejects Christianity* Amherst NY Prometheus Books 2008 It presents some personal reflections and additional arguments not covered in that other book

Challenged: Living Our Faith in a Post Modern Age John King, 2019-12-03 My wife and I love our sons unconditionally and equally Talking with one of them about his atheism has brought me to a new dimension in my relationship with him to a review of my own christian beliefs to a more critical examination of the church and to a different understanding of ministry in today s world As personal as I make this all sound my family represents a thousand families a hundred thousand and more who have sat in painful silence because religious differences have taken away their voice They tire of confrontation angry discussions verse hurling and jabbing one another with theories over every conceivable divisive issue It is a powerful idea that those who do not share our faith should know that we do not so much in our argument as in our love It is time to listen

Secularization and Its Discontents Rob Warner, 2010-10-21 Secularization and Its Discontents provides an illuminating overview of major current debates in the sociology of religion exploring changing patterns of religious practice in the West during the past 150 years Examining classical secularization theory as well as modified versions that allow for difference between national and social contexts Rob Warner also explores the proposed post secularization paradigm as well as its close offshoot rational choice theory Possibilities for a spiritual revolution and the feminisation of religion are scrutinised and also theories of the durability of conservative religion The author goes on to develop a new interpretation of resilient religion from an analysis of 21st century trends in religious participation These are categorised as entrepreneurial and experiential therapeutic before the volume finally focuses upon individual identity construction through autonomous religious consumption This book provides a clear and penetrating overview of theoretical frameworks and develops a new theoretical synthesis derived from fresh examination of empirical data and will be of interest to academics and students in religious studies practical theology and the sociology of religion

God or Godless? John W. Loftus, Randal Rauser, 2013-04-15 Perhaps the most persistent question in human history is whether or not there is a God Intelligent people on both sides of the issue have argued sometimes with deep rancor and bitterness for generations The issue can t be decided by another apologetics book but the conversation can continue and help each side understand the perspectives of the other In this unique book atheist John Loftus and theist Randal Rauser engage in twenty short debates that consider Christianity the existence of God and unbelief from a variety of angles Each concise debate centers on a proposition to be resolved with either John or Randal arguing in the affirmative and the opponent the negative and can be read in short bits or big bites This is the perfect book for Christians and their atheist or agnostic friends to read together and

encourages honest open and candid debate on the most important issues of life and faith [Christian Register and Boston Observer](#) ,1925 **The Unitarian Register** ,1925 *The End of Christianity* John W. Loftus,2011-07-12 In this successor to his critically acclaimed anthology *The Christian Delusion Why Faith Fails* a former minister and now leading atheist spokesperson has assembled a stellar group of respected scholars to continue the critique of Christianity begun in the first volume Contributors include Victor Stenger Robert Price Hector Avalos Richard Carrier Keith Parsons David Eller and Taner Edis Loftus is also the author of the best selling *Why I Became an Atheist A Former Preacher Rejects Christianity* Taken together the Loftus trilogy poses formidable challenges to claims for the rationality of the Christian faith Anyone with an interest in the philosophy of religion will find this compilation to be intellectually stimulating and deeply thought provoking

Christianity is Not Great Hector Avalos,2014 In this new anthology critiquing Christianity John Loftus a former minister and now a leading atheist has brought together an outstanding group of respected scholars who focus on the harms caused by the world s leading religion The contributors begin by dissecting the many problematic aspects of religious faith generally They repeatedly demonstrate that with faith as a foundation almost anything can be believed or denied And almost any horrific deed can be committed The authors then take a good hard look at many of the most important political institutional scientific social and moral harms committed in the name of Christianity These range from the historical persecutions of the Inquisition and witch hunts to the current health hazards of faith healing Finally the authors answer three common Christian retorts to criticisms from nonbelievers 1 that atheists cannot judge a harmful action without an objective moral standard 2 that atheists need faith to solve the world s problems and 3 that atheists cannot live a good life without faith Loftus and the contributors generally conclude that given both the well documented historical record and ongoing problems raised by the faith Christianity decisively fails empirical tests of its usefulness to humanity *The Truth Seeker* ,1928 [Truth Seeker](#) ,1945 *The Reasoner* ,1855 [How to Defend the Christian Faith](#) John W. Loftus,Peter Boghossian,2015-11-01 The first book on Christian apologetics written by a leading atheist figure that teaches Christians the best and worst arguments for defending their faith against attack The Christian faith has been vigorously defended with a variety of philosophical historical and theological arguments but many of the arguments that worked in an earlier age no longer resonate in today s educated West Where has apologetics gone wrong What is the best response to the growing challenge presented by scientific discovery and naturalistic thought Unlike every work on Christian apologetics that has come before *How to Defend the Christian Faith* is the first one written by an atheist for Christians As a former Christian defender who is now a leading atheist thinker John Loftus answers these questions and more He shows readers why Christian apologists have failed to reach the intelligent nonbeliever and offers practical advice for Christians whether they want to better defend their faith against atheist arguments or actively convert more individuals to Christianity **Who's Who in Hell** Warren Allen Smith,2000 This listing of several thousand nonbelievers includes ancients such as Euripides French revolutionaries and statements by or about

countless individuals including Sir Arthur C Clarke Hugh Hefner Jack Nicholson Sally Jesse Raphael Christopher Reeve
