Summary of Caroline Myss's Why People Don't Heal and How They Can Everest Media, 2022-04-29T22:59:00Z Please note This is a companion version not the original book Sample Book Insights 1 In 1988 I went to the Findhorn Community in Scotland to teach a healing workshop During lunch I met Mary a member of the community who was there to attend an incest support group She said she would never miss her incest support group meeting on June eighth 2 When we define ourselves by our wounds we burden and lose our physical and spiritual energy We open ourselves to the risk of illness 3 I began to see that the language of woundology was spoken outside Findhorn People were confusing the therapeutic value of self expression with permission to manipulate others with their wounds 4 I began my work as a medical intuitive in 1983 when I became able to sense illness in others The countless manuscripts I received about personal healing stories revealed the depth of fear people feel when facing a terminal illness but many of the stories also revealed the power of the human spirit to catalyze a healing process

You Don't Have

to Die When Your Doctor Says David Elliot,2009 This book will not cure you of cancer or a terminal disease it does not contain any miracle cures cancer curing diets or secrets What this book does contain is viewpoints that may help you create faith in your own healing ability and inspire you to engage your will and live as fully and for as long as possible The information contained within this book has no scientific basis whatsoever and is not intended to be taken in any way as clinically proven or evidence based fact The viewpoints expressed are created from the author s own experience of being diagnosed with a terminal cancer and from supporting other sufferers

Love and Loss A Journey through Fear to Peace - Volume Five Betty Hibod,2025-01-08 What if the teachings of scripture weren t just stories or symbols but lived realities LossLove and A Journey through Fear to Peace offers a rare window into that experience Unlike traditional biographies or historical accounts this spiritual memoir invites readers deep into the invisible world of awakening Betty Hibod s journal based narrative is intensely personal documenting the lived embodiment of mystical principles across time grief and divine revelation From devastating loss to divine union from emotional disintegration to spiritual clarity Betty records her journey not as metaphor but as transformation made flesh More than a spiritual memoir this book is a detailed sensual and unfiltered chronicle of mystical awakening It explores tantric love divine feminine spirituality and non dualism through a lens that is both deeply human and profoundly sacred Rather than offering abstract theories it shows how the myths of sacred texts take shape in daily life It answers the questions rarely spoken aloud What does enlightenment feel like in real time How does one survive and evolve through spiritual paradox grief and loss and the collapse of personal identity Infused with mystical awakening philosophical reflection and raw emotional truth this is not a book about religion It is a book of lived revelation For readers seeking a deeper understanding of consciousness sacred sexuality or the journey of awakening this memoir is a path inward Step beyond the stories Walk into the soul Buy now and begin the journey

Love and Loss Betty Hibod,2025-10-06 Many books have been written as histories recounting events that shaped the life of a group society nation or civilization or as biographies recounting events and achievements relating to one person s life and work Many books have been written putting forth ideas philosophies and words of wisdom to live by Some of these we call holy books or scripture Fewer books have been written like this one which go behind the scenes of history lay bare the feelings behind the philosophies and document the painful and joyful inner path along which historical events and philosophical ideas emerge This book is intensely even shockingly personal not clinical or abstract or detached It is an intimate detailed sensual and sometimes disturbing account of a life lived on the cusp that bridges time and eternity Its focus is narrow it does not reveal much at all about anyone s visible public life or accomplishments but it explores in great depth the invisible contents of minds hearts and souls The scriptures and scriptural commentaries of most religions describe a path to salvation or bliss and provide instructions or guideposts for moving along the path but they are still only theoretical hypothetical mythical or metaphorical accounts This book seeks to show how the theories and hypotheses play out pragmatically in real time and

space how the myths come alive in flesh and spirit how the metaphors become the very things they symbolize How does daily life look from inside someone in the throes of awakening How does she know who or what she is How is her destiny revealed How do seemingly ordinary mundane events become miracles This book begins to answer those questions **Defy Gravity**
