Why Religion Is Natural And Science Is Not:

Why Religion is Natural and Science is Not Robert N. McCauley, 2011-11-01 A comparison of the cognitive foundations of religion and science and an argument that religion is cognitively natural and that science is cognitively unnatural Natural science and religion, 2 lectures Asa Gray, 1880 Is Religion Natural? Dirk Evers, Michael Fuller, Antje Jackelen, Taede Smedes, 2012-06-28 How natural is religion Is it a phenomenon written in our genes or brains naturally developing with the development of the human race The book considers the findings of evolutionary psychology from scientific philosophical and theological perspectives and critically examines the relation between empirical epistemological and theological notions Chapters in the book deal with the naturalness of religion and religious experiences as based on genetics biology and social psychology Other authors examine the relationship between religion science and theology with regard to the naturalness of religion from a more general perspective The last part of the book includes views from a Muslim scholar and a historian

Principles And Laws In World Politics: Classical Chinese Perspectives On Global Conflict Walter Wan Fai Lee, 2021-12-02 The search for universal principles and laws in world politics is a colossal common task for all civilisations It should not be monopolised by the Western liberal paradigm Thirty years after the end of the Cold War global conflicts have been satisfactorily resolved neither by communism nor liberalism Humanitarian intervention now under the cover of the responsibility to protect R2P has destabilised many societies leaving justice undone This inspiring book invites debates on the post liberal imagination of emancipated Leviathan an almighty political authority which exercises awe and force to restore order as well as enshrines globally negotiated values of common conscience and reinvented cosmopolitanism Human well being will truly become reality when we synergise pre modern and pre liberal ways of thinking worldviews ethics and aesthetic styles by means of cross civilisational cross disciplinary fundamental research and let an emancipated Leviathan exercises principles and laws of virtue derived from the study The starting point of such intellectual innovation is China This book explores the application of classical Chinese resources to the innovation of thoughts in contemporary Chinese international relations IR It examines whether Knowledge Archaeology of Chinese International Relations KACIR coined by the author responds sensibly to today s issues of international ethics and global justice The book contends that emancipative hermeneutics holds the key to the Chinese soft power puzzle A bottom up non nationalistic and non ethnocentric approach to the Chinese civilisation will reinvent intellectual pluralism and cosmopolitan elements in the Chinese tradition that interact constructively with and ultimately transcend the liberal Western model Strolling from contemporary IR back to ancient Chinese philosophy then striding into the future searching for common principles and laws this insightful book is a must read for those who want to reflect on global conflicts in this era of great uncertainty and transformation as well as those who love to make our world a better place to live in **The Scientific Bases of Faith** Joseph John Murphy, 1873 Finding Answers History!
