Why The Jews The Reason For Antisemitism:

Why the Jews? Dennis Prager, Joseph Telushkin, 2007-11-01 From the bestselling authors of *The Nine Questions People Ask About Judaism* a compelling discussion of the dangerous rise in antisemitism during the twenty first century The very word Jew continues to arouse passions as does no other religious national or political name Why have Jews been the object of the most enduring and universal hatred in history Why did Hitler consider murdering Jews more important than winning World War II Why has the United Nations devoted more time to tiny Israel than to any other nation on earth In this seminal study Dennis Prager and Joseph Telushkin attempt to uncover and understand the roots of antisemitism from the ancient world to the Holocaust to the current crisis in the Middle East *Why the Jews* offers new insights and unparalleled perspectives on some of the most recent pressing developments in the contemporary world including The replicating of Nazi antisemitism in the Arab world The pervasive anti Zionism antisemitism on university campuses The rise of antisemitism in Europe Why the United States and Israel are linked in the minds of antisemites Clear persuasive and thought provoking *Why the Jews* is must reading for anyone who seeks to understand the unique role of the Jews in human history *Anti-Semitism and Its Metaphysical Origins* David Patterson, 2015-02-09 This book articulates a deeper understanding of the phenomenon of Jew hatred as a metaphysical aspect of the human soul Proceeding from the Jewish thinking that the anti Semites oppose David Patterson argues that anti Semitism arises from the most ancient of temptations the temptation to be as God and thus to flee from an absolute accountability to and for the other human being

Blaming the Jews Bernard Harrison,2020-10-06 In recent years Western countries have seen a proliferation of antisemitic material in social media and attacks on Jews such as that on the Tree of Life synagogue in Pittsburgh in 2018 Much of this has stemmed not from personal hostility to Jews on the part of this or that individual but from a resurgence in groups at both ends of politics of the ancient delusion that the Jews collectively dominate world affairs and lie at the root of all the world s evils In *Blaming the Jews* author Bernard Harrison offers a new and unique analysis of this second and far more dangerous form of antisemitism and its persistence as a cultural phenomenon Questioning the assumption that antisemitism affects or targets only Jews he demonstrates that allowed to go unrecognised or unchecked antisemitism is potentially damaging to us all In a world where rhetoric is fashioned on stereotypes and driven by political ideology Harrison argues it is our responsibility to be vigilant in exposing the delusions of antisemitism and their consequences for Jews and non Jews alike

Why Do People Discriminate against Jews? Jonathan Fox,Lev Topor,2021-06-17 Jonathan Fox and Lev Topor provide a new and innovative approach to answering the age old question of why people discriminate against Jews They examine anti Jewish discrimination using a two pronged approach First they combine and integrate ideas and theories from classic studies of anti Semitism with social science theories on the causes of discrimination Second they use previously unavailable data on discrimination against Jews in 76 countries with significant Jewish minority populations to analyse the patterns and causes of discrimination They focus on three potential causes Religious causes anti Zionism and belief in conspiracy theories about Jewish power and world domination *Antisemitism* Bernard Lazare,1995-01-01 Bernard Lazare s controversial magnum opus originally published in France in 1894 asks why the Jews have aroused such hatred for three thousand years The journalist though severed from his Jewish upbringing was fiercely committed to social justice and could not ignore a shocking antisemitism in the fin de siecle circles he knew In search mg for its historic causes he was also searching for his own roots and place in the world As biographer Nelly Wilsonhas noted young Lazare was constantly engaged in a dialogue with himself when he wrote *Antisemitism Its History and Causes* Lazare begins his impartial study by considering whatever in the Jewish character might be to blame for antisemitism Then he looks outward to those nations among which the Israelites dispersed examining the different faces of antisemitism from Greco Roman antiquity to the end of the nineteenth century Lazare brings his research and study to bear on whatever form antisemitism has taken ethnic nationalist economic social literary philosophical Recognizing that antisemitism is fundamentally based on fear of the stranger and the need for a scapegoat

Lazare concludes with a surprising scenario for the future This remarkable book conveys Lazare s own spiritual growth France s Dreyfus Affair in the 1890s would galvanize him to a passionate battle against antisemitism Introducing this Bison Books edition is Robert S Wistrich Neuberger Professor of Modern Jewish History at the Hebrew University of Jerusalem and the author of *Antisemitism The Longest Hatred* **Ten Reasons Why Israel Will Fail** Wajid Mahmud Ibn Bashir,2008-11 The author uses historical and theological information as the basis for the thesis that unless drastic changes are made the entire Middle Eastern region will fall *Why the Germans? Why the Jews?* Götz Aly,2024-09-04 A provocative and insightful analysis that sheds new light on one of the most puzzling and historically unsettling conundrums Why the Germans Why the Jews Countless historians have grappled with these questions but few have come up with answers as original and insightful as those of maverick German historian Götz Aly Tracing the prehistory of the Holocaust from the 1800s to the Nazis assumption of power in 1933 Aly shows that German anti-Semitism was to a previously overlooked extent driven in large part by material concerns not racist ideology or religious animosity As Germany made its way through the upheaval of the Industrial Revolution the difficulties of the lethargic economically backward German majority stood in marked contrast to the social and economic success of the agile Jewish minority This success aroused envy and fear among the Gentile population creating fertile ground for murderous Nazi politics Surprisingly and controversially Aly shows that the roots of the Holocaust are deeply intertwined with German efforts to create greater social equality Redistributing wealth from the well off to the less fortunate was in many respects a laudable goal particularly at a time when many lived in poverty But as the notion of material equality took over the public imagination the skilled well educated Jewish population came to be seen as having more than its fair share Aly s account of this fatal social dynamic opens up a new vantage point on the greatest crime in history and is sure to prompt heated debate for years to come **The Primary Cause of Antisemitism** Abraham Shaikewitz Schomer,1909 *Why Are Jews Liberals?* Norman Podhoretz,2010-10-05 From the bestselling author of *World War IV* a brilliant investigation of a central question in American politics and culture During his career as a neoconservative thinker Norman Podhoretz has been asked no question more often than Why are so many Jews liberals In this provocative book he sets out to solve this puzzle He first offers a fascinating account of anti-Semitism in the West to show the historical roots of Jewish mistrust of the right But Podhoretz argues since the Six Day War of 1967 Jewish allegiance to the left no longer makes sense and yet most Jews continue supporting the Democratic Party and the liberal agenda Reviewing the history of Jewish political attitudes and examining the available evidence Podhoretz argues against the conventional explanations for Jewish liberalism finally proposing his own **Why Did Hitler Hate the Jews?** Peter den Hertog,2020-09-30 This investigation into the Nazi leader s mindset is an inherently fascinating study a work of meticulously presented and seminal scholarship Midwest Book Review Adolf Hitler s virulent anti-Semitism is often attributed to external cultural and environmental factors But as historian Peter den Hertog notes in this book most of Hitler s contemporaries

experienced the same culture and environment and didn't turn into rabid Jew haters let alone perpetrators of genocide In this study the author investigates what we do know about the roots of the German leader's anti-Semitism He also takes the significant step of mapping out what we do not know in detail opening pathways to further research Focusing not only on history but on psychology forensic psychiatry and related fields he reveals how Hitler was a man with highly paranoid traits and clarifies the causes behind this paranoia while explaining its connection to his anti-Semitism The author also explores and answers whether the Führer gave one specific instruction ordering the elimination of Europe's Jews and if so when this took place Peter den Hertog is able to provide an all encompassing explanation for Hitler's anti-Semitism by combining insights from many different disciplines and makes clearer how Hitler's own particular brand of anti-Semitism could lead the way to the Holocaust

Twenty-six Reasons why Jews Don't Believe in Jesus Asher Norman, 2007 In this seminal work an attorney puts Jesus on trial explaining to Jews Christians and the theologically curious why Jesus did not qualify as the Jewish messiah why believing in Jesus cuts Jews off from God forever in the World To Come how the Christian Bible has strategically mistranslated key verses in the Old Testament to shoehorn Jesus into the text This compelling new book calls unorthodox Jews back to Torah Judaism Black White and Read Publishing

Antisemitism, Its History and Causes Bernard Lazare, 1903 *Anti-Semitism in America* Harold Earl Quinley, Charles Young Glock, Periodic outbreaks of anti Jewish hostility testify to the continuing presence of anti-Semitism in America Based on the most extensive research ever conducted on the subject *Anti-Semitism in America* now in a new paperback edition provides us with the often surprising facts about the enduring form of bigotry and sheds new light on the nature of prejudice in general The authors draw their conclusions from a specially designed nationwide survey on anti-Semitism conducted by the Survey Research Center at the University of California Berkeley and by other public opinion polls
