Why Do My Feet Fall Asleep Body Wise:

Bodywise Joseph Heller, William Henkin, 2004-10-20 Bodywise is based on Joseph Heller's own brand of deep tissue bodywork which makes the connection between life issues and natural bodily alignment and shows how to restore the body's natural balance. The book teaches readers how to regain control and become a full time owner of their bodies. Part One explains the way the body works in everyday life as well as in the structures of consciousness. Part Two takes the reader on a guided tour of the Hellerwork experience.

BodyWise Rachel Carlton Abrams, M.D., 2016-12-27 Are you tired? Do you suffer from chronic pain, headaches, backaches, or other persistent discomfort? Do you experience depression or feel anxious? Do you have allergies or autoimmune issues? Have you lost your sex drive somewhere along the way? If you have one or more of these symptoms, you may be suffering from what Rachel Carlton Abrams MD calls Chronic Body Depletion, a condition that can be related to weight gain, high blood pressure, exhaustion, and many other symptoms that leave the body drained. In BodyWise, Dr. Abrams helps us to understand that these symptoms, uncomfortable as they may be, are actually a sign of our body's intelligence. Our bodies are trying to communicate, sometimes screaming at us to pay attention, and only when we learn to listen are we able to treat what ails us, to achieve optimum healing and lifelong health. Dr. Rachel shares her customizable 28-day program used with thousands of patients in her clinic for healing the body both physically and emotionally. Through quizzes and detailed self-assessments, she explains how you can evaluate your own body wisdom for different areas in your life, including stress, sleep, libido, pain, anxiety, depression, allergies, and autoimmune issues. Guiding you through thoughtful diet, routine, and lifestyle changes, BodyWise will help you discover your own unique needs and offer you the principles and practices to create the vibrant, balanced, healthy life you have always deserved.

Body Wise Joseph Heller, William A. Henkin, 1991 Hellerwork connects life issues and natural bodily alignment and restores the body's natural balance from the inside out.

Let'S Talk About Health Ray Morgan Om.D Ph.D, 2017-12-18 It is always strange to me that most people don't value their health until sickness shows its ugly face. Then they scramble for whatever help they can find to get healthy, only to neglect their health again, a kind of a slow, unhealthy dance. The truth is, each of us can learn to value and maintain good health for a lifetime at the highest possible level. The aim of this book is to introduce an old but very reliable, effective, and valuable set of therapies: alternative medicine, complimentary medicine, holistic medicine, and homeopathic medicine.

WHAT IS ALTERNATIVE MEDICINE? Alternative medicine has become increasingly popular in today's society. It takes on many forms in a wide variety of guises, from remedies such as herbs, oils, massages, and Chinese acupuncture, which many of us have heard of and maybe even tried, to Ayurvedic medicine, which has widely been used in India for over five thousand years. A proven, safe, and effective therapy, alternative medicine has been known to work, time and time again, for thousands of people. There is a vast array of different types of treatments available for minor and severe illnesses. Even those suffering from life-threatening illnesses have benefited from some type of alternative medicine where conventional treatments have failed.
