

Health and Safety Information

IMPORTANT PRECAUTIONS WHEN USED BY CHILDREN:

An adult must explain all Health and Safety Information and usage guidelines and instructions to all children who are going to use the Wii Balance Board. Failure to do so may result in injuries or damage to the system or other property. Observe children during gameplay for proper and safe use of the board. An adult should assist young children when first playing to make sure they understand correct use.

To prevent injury and/or to prevent damage to the Wii Balance Board or surrounding objects, follow these guidelines during gameplay:

- Be aware of your balance so that you do not slip or fall from the board. Avoid more movement than is needed to operate the game you are playing.
- Do not wear shoes or socks while using the board. Playing barefoot should reduce the risk of slipping or falling. If your feet become damp during gameplay, stop and dry your feet and the board before continuing.
- No more than one person should use the board at a time.
- Make sure you leave adequate space between you and any other objects or people during game play. Nintendo recommends at least 3 feet (1 meter).
- Avoid stepping or standing on the edges of the board.
- Always place the board on a flat, horizontal and stable surface. Do not use the board on slippery surfaces. If used on thick carpet, attach the Wii Balance Board foot extensions included with the Wii Balance Board. (See page 10 for more information.)
- Do not use the Wii Balance Board if you are under the influence of alcohol or any other substance which could affect your sense of balance or perception and cause you to slip or fall.

WARNING - Injury Due to Pre-existing Conditions

Gameplay with the Wii Balance Board may require varying amounts of physical activity. Consult a doctor before using the Wii Balance Board if:

- you are or may be pregnant,
- you have heart, respiratory, back, joint or other orthopedic conditions,
- you have high blood pressure,
- you have difficulty with physical exercise, or
- you have been instructed to restrict physical activity.

While using the Wii Balance Board, if you experience excessive fatigue, shortness of breath, chest tightness, dizziness, discomfort or pain, STOP USE IMMEDIATELY and consult a doctor.

CAUTION - Damage to the Wii Balance Board

Observe the following precautions to avoid damage to the board:

- Do not use the board if you weigh more than 330 lbs (150 kg).
- Do not jump on the board or use excessive force when operating the game.
- For indoor use only. Do not expose the board to liquids or to extremes of heat or cold.

Components

Installing Batteries

WARNING - Battery Leakage

Battery leakage can cause personal injury as well as damage to your accessory. If battery leakage occurs, thoroughly wash the affected skin and clothes. Keep battery residue away from your eyes and mouth. Leaking batteries may make popping sounds. To avoid battery leakage:

- Do not mix used and new batteries (replace all batteries at the same time).
- Do not mix different brands of batteries.
- Nintendo recommends alkaline batteries. Do not use lithium ion, nickel cadmium (nickel), or carbon zinc batteries.
- Do not leave batteries in the accessory for long periods of non-use.
- Do not recharge alkaline or non-rechargeable batteries.
- Do not put the batteries in backwards. Make sure that the positive (+) and negative (-) ends are facing in the correct directions. Insert the negative end first. When removing batteries, remove the positive end first.
- Do not use damaged, deformed or leaking batteries.
- Do not dispose of batteries in a fire.

See next page for instructions on installing batteries.

Installing Batteries

The Wii Balance Board uses AA batteries. Nintendo recommends high-quality alkaline batteries for best performance and longevity of battery life (approximately 60 hours depending on type of game being played, the amount of wireless communication used and ambient temperature).

If you use rechargeable nickel metal hydride (NiMH) batteries, be sure to follow the manufacturer's guidelines for safety and proper usage. Use a set of four batteries from the same manufacturer with the same specifications. Charge all four batteries at the same time.

- Remove the battery cover on the bottom of the Wii Balance Board and insert four AA batteries.
- Be sure to insert the negative (-) end first when inserting new batteries, and remove the positive (+) end first when replacing the batteries.

- Replace the battery cover.

IMPORTANT: Always replace the battery cover to prevent moisture, dirt, dust or other foreign matter from entering the battery compartment.

CHECKING BATTERY LIFE:

You can check the remaining battery life by pressing the HOME Button on the Wii Remote to bring up the HOME Menu Screen. The battery indicator for the board will appear in the I+4 position on the menu screen.

NOTE: If you select Wii MENU or RESET from the menu screen, any unsaved data for the game you are playing will be lost.
