May 1973 Triumph factory workshop manual It should be noted that the original May 1973 manual part number 99 0983 was also updated in 1978 using the same part number However the R suffix was added to the 1979 revision as it now included a December 1979 supplement 99 7140 for the 1979 and later T140E equipped with electronic ignition and the new Lucas RM24 alternator This manual is applicable to all 1973 to 1978 750cc UK General Export and USA twins including the T140V Bonneville T140RV Bonneville T140E Bonneville the TR7RV Tiger and the TR7V Tiger As noted previously the 11 page supplement extends the coverage to include the 1979 and later T140E models Unfortunately Triumph was already experiencing financial troubles and it is obvious that they were doing everything they could to cut costs Consequently the print quality of these later Triumph factory manuals was somewhat compromised by the re use of images and text from earlier manuals This re use is apparent in this manual as the quality of the images and the density of the text varies within the page and or from one page to another While we have done our best to normalize the print density there will still be variations that were just too difficult to correct Unfortunately owners of the 1973 to 1978 models are subjected to considerable confusion surrounding the appropriate selection of the multitude of originals and reprints of the various manuals that have recently flooded the marketplace We encourage you to exercise caution when purchasing a manual for your motorcycle or automobile as many of the reprints found on internet websites are from bedroom sellers at enticingly low prices by individuals that really have no idea what they are selling Many are nothing more than poor quality comb bound photocopies that are scanned and printed complete with greasy pages and thumbprints and as such are deceptively described as pre owned used or even refurbished In addition they are often advertised for the incorrect series and or model years Owners of the later 1979 to 1983 750cc machines are directed to workshop manual ISBN 9781588502902 which will also be of use to owners of the 1985 1988 T140 Devon Bonneville Triumph Bonneville and TR6 Motorcycle Restoration Guide David Gaylin,2011-05-12 Triumph s Bonneville and its sibling the TR6 are two of the most revered models in all of motorcycling Distinguished by their handsome lines and pace setting performance the Bonneville and Tiger ruled the streets and race tracks from their introduction in the late 1950s through Triumph s golden age in the 1960s Devotion to the marque remained strong even as the sun slowly set on the company s fortunes in the late 1970s and early 1980s The original Triumph s demise in 1983 simply served to cement the legendary status of its long lived top guns the Bonneville and TR6 Today the Bonnie and Tiger are highly sought after classics machines whose pedigree demands correct mechanical restoration and accurate refinishing Triumph Bonneville and TR6 Motorcycle Restoration Guide 1956 1983 contains all the information needed to guarantee the correct restoration of your classic More than 250 photos and extensive technical appendices supplement Triumph expert David Gaylin s thoroughly researched text Triumph Triples & Fours (carburettor engines) '91 to '04 Editors of Haynes Manuals,2016-03-15 Complete coverage for your Triumph 750 900 Triples and 1200 Fours covering 750 900 and 1200cc for 1991 thru 2004 Fuel injected T509 955i Speed Triple Sprint ST RS T595 955i Daytona and 1999 on
