Shi'i Islam Gurdofarid Miskinzoda,Farhad Daftary,2014-01-08 Shi i Islam with its rich and extensive history has played a
 crucial role in the evolution of Islam as both a major world religion and civilization The prolific achievements of Shi i
 theologians philosophers and others are testament to the spiritual and intellectual wealth of this community Yet Shi i studies
 has unjustly remained a long neglected field despite the important contribution that Shi ism has made to Islamic traditions
 Only in recent decades partially spurred by global interest in political events of the Middle East have scholars made some
 significant contributions in this area The Study of Shi i Islam presents papers originally delivered at the first international
 colloquium dedicated exclusively to Shi i studies held in 2010 at The Institute of Ismaili Studies London Within the book are
 eight sections namely history the Qur an and its Shi i interpretations hadith law authority theology rites and rituals and
 intellectual traditions and philosophy Each section begins with an introduction contextualizing the aspects of studying Shi i
 Islam particular to its theme before going on to address topics such as the state of the field methodology and tools and the
 primary issues with which contemporary scholars of Shi i studies are dealing The scope and depth here covered makes this
 book of especial interest to researchers and students alike within the field of Islamic studies The volume benefits from the
 diverse expertise of nearly 30 world class scholars including Mohammad Ali Amir Moezzi Meir M Bar Asher Farhad Daftary

 Korte,2020-01-03 Could the Revelation of St John inspire us even today in our own spiritual quest Yes answers Dr Korte an
 author of several books and articles interpreting myths and the Bible as she reads man s spiritual transformation in St John s
 visions Irma Korte questions the common view of Revelation as a prophesy of horrors and God s revenge and instead invites
 the reader into man s inner world Here St John contemplates in pictorial mythical language the most essential problems in
 religion such as the nature of man reality and evil As the visions proceed St John himself experiences a profound inner
 change He gives up alienating religious beliefs and moves toward ever deeper spirituality culminating in the final
 illumination Interpreting the visions much like myths are analyzed in Jungian thought Dr Korte compares the images in St
 John s visions to those from other religious texts psychological and philosophical theories mythology and yoga literature as
 well as from dreams and experiences of present day men and women The many quotations from the works of Occidental and
 Oriental mystics testify that they have used images similar to those of St John in recounting their own experiences These
 mystics include among others St Teresa of Avila St John of the Cross and Paramahansa Yogananda
