before When you first get into Malcolm s head his thoughts are immediately invaded by the other elements that control him namely the voices The voices are cryptic they have a purpose and are all driven by a mutual goal to save the world from a future yet to come a future vision Malcolm refuses to face But Malcolm has a dark entity among the voices hidden deep within He is haunted by the understanding that these voices can continually take literal control over his body and do whatever they need to in order to achieve their goals As Malcolm seeks to discern whether the voices belong to real people or are an extensive psychotic episode causing him to tap into unnatural human abilities as though he were a living video game character or an invincible super villain he finds he must research the voices and follow their guidance always listening for more clues into the reality of the future that he has foreseen Left without any foresight into the future world that he s seen Malcolm is too afraid to confront the nightmare He let s the voices take the helm and starts learning the nuances and characteristics of each voice and eventually learns their names and starts identifying them for when they occasionally take control in order to escape from a New Hampshire State mental asylum that he d been placed in following a violent prison fight which one of the voices had intervened earlier in to save him A Green Beret an Escape Artist a Pickup Artist a Politician a Writer a Security Guard a Scientist a Martial Artist and a DJ are the voices Malcolm discovers hide in his head taking control to get him through the various challenges that he s faced with on his path of writing a book that tells the future by naming a dangerous chemical mutagen s mercenary origins and of the various people that were going to survive its outbreak The future being the chemical s release into the atmosphere in the same fashion as the Cold War once feared and which causes a terrible mutation of everyone exposed driving them mad and cannibalistic but not affecting their mental acumen Can a man of pure flaws overcome adversity and defeat a greater evil than himself Suspense humor and an ending that no one could predict for the daring few to step into this non formulaic journey
