Whitefoot A Story From The Center Of The World Port William:

Wendell Berry: Port William Novels & Stories: The Civil War to World War II (LOA #302) Wendell

Berry, 2018-01-30 Library of America inaugurates its edition of the complete fiction of one of America's most beloved living writers. For more than fifty years in eight novels and forty-two short stories, Wendell Berry b. 1934 has created an indelible portrait of rural America through the lens of Port William, Kentucky, one of the most fully imagined places in American literature. Taken together, these novels and stories form a masterwork of American prose: straightforward, spare, and lyrical. Now, for the first time, in an edition prepared in consultation with the author, Library of America is presenting the complete story of Port William in the order of narrative chronology. This first volume, which spans from the Civil War to World War II, gathers the novels *Nathan Coulter* (1960, revised 1985), *A Place on Earth* (1967, revised 1983), *A World Lost* (1996), and *Andy Catlett's Early Travels* (2006), along with twenty-three short stories, among them such favorites as *Watch With Me*, *Thicker than Liquor*, and *A Desirable Woman*. It also features a newly researched chronology of Berry's life and career, a map, and a Port William Membership family tree and helpful notes. LIBRARY OF AMERICA is an independent nonprofit cultural organization founded in 1979 to preserve our nation's literary heritage by publishing and keeping permanently in print America's best and most significant writing. The Library of America series includes more than 300 volumes to date, authoritative editions that average 1,000 pages in length, feature cloth covers, sewn bindings, and ribbon markers, and are printed on premium acid-free paper that will last for centuries.

Wendell Berry: Port William Novels & Stories: The Postwar Years (LOA #381) Wendell

Berry, 2024-07-16 Library of America continues its definitive edition of Wendell Berry's complete fiction, including the novels *The Memory of Old Jack* and *Remembering*, and 23 brilliant and beautiful stories. In this second volume, Port William faces the disappearance of farms and farmers in the decades after World War II, while Andy Catlett resolves to remain in the Membership Set along the banks of the Kentucky River in America's heartland. Fictional Port William, Kentucky, is an agrarian world, peopled with memorable and beloved characters collectively known as the Port William Membership. For more than 50 years, Wendell Berry has told Port William's history from the Civil War to the present day, recapturing a time when farming, faith, and family were the anchors of community and the ligaments that bound one generation to the next. Now, Library of America continues its definitive edition, prepared in close consultation with the author and published for his 90th birthday, presenting the complete story of Port William for the first time in the order of narrative chronology. This second volume contains 23 stories and 2 novels that span the years 1945 to 1978, as the town faces the forces of mechanization and the looming possibility of its own disappearance. As the generation that came of age after the Civil War disappears, the younger generation increasingly chooses to leave and not return; one of the only exceptions is Andy Catlett, who resolves to remain in and to maintain the Membership. This definitive edition of Wendell Berry's complete fiction includes detailed notes, endpapers featuring a map of Port William, and a Membership family tree and a chronology of Berry's remarkable life and career.

The Center of the World June Howard, 2018-10-25 Regional Writing and the Puzzles of Place Time is a study of literary regionalism. It focuses on the fiction of the United States and considers the place of the genre in world literature. Regionalism is usually understood to be a literature bound to the local but this study explores how regional writing shapes ways of imagining not only the neighborhood or the province but also the nation and ultimately the world. Its key premise is that thinking about place always entails imagining time. It analyzes how concepts crystallize across disciplines and in everyday discourse and proposes ways of revising American literary history and close readings of particular authors' work. It demonstrates for example the importance of the figure of the school teacher and the one room schoolhouse in local color and subsequent place focused writing. Such representations embody the contested relation in modernity between localities and the knowledge they produce and books that carry metropolitan and cosmopolitan learning. The volume discusses fiction from the nineteenth, twentieth and twenty first centuries including works by Sui Sin Far, Edith Eaton, Sarah Orne Jewett, Ernest Gaines, Wendell Berry and Ursula LeGuin as well as romance novels and regional mysteries.

Preaching in Place Mark R. Rigg, 2022-06-29 Why is preaching so often bad? Why is worship so often dull? Why do Sunday mornings so often fail to help the folks in the pews live a faithful life from week to week? And what can be done about it? Many will tell us that there are easy and purchasable fixes. More technology. Less tradition. Virtual worship. Thinking big. The land and the farm model for us a different path. As Mark Rigg shows in this concise introduction to Wendell Berry, the themes that have illuminated the Kentucky farmer's essays, fiction and poetry for fifty years have a great deal to say to the church. They offer an agrarian model of church where the focus is on the local, the tangible and the communal. Out of such a model emerges a new approach to preaching. Both congregation members and preachers themselves will find themselves called to turn away from sermons that echo the promises of an individualistic consumer culture and to proclaim instead Jesus Christ in the midst of the local community.

The Humane Vision of Wendell Berry Mark Mitchell, Nathan Schlueter, 2014-04-08 A striking contribution to the conversation that is conservatism. Wendell Berry, poet, novelist, essayist, critic, farmer, has won the admiration of Americans from all walks of life and from across the political spectrum. His writings treat an extraordinary range of subjects including politics, economics, ecology, farming, work, marriage, religion and education. But as this enlightening new book shows, such diverse writings are united by a humane vision that finds its inspiration in the great moral and literary tradition of the West. In *The Humane Vision of Wendell Berry*, Mark T. Mitchell and Nathan Schlueter bring together a distinguished roster of writers to critically engage Berry's ideas. The volume

features original contributions from Rod Dreher Anthony Esolen Allan Carlson Richard Gamble Jason Peters Anne Husted Burleigh Patrick J Deneen Caleb Stegall Luke Schlueter Matt Bonzo Michael Stevens D G Hart Mark Shiffman and William Edmund Fahey as well as a classic piece by Wallace Stegner Together these authors situation Berry s ideas within the larger context of conservative thought His vision stands for reality in all its facets and against all reductive isms for intellect against intellectualism individuality against individualism community against communitarianism liberty against libertarianism Wendell Berry calls his readers to live lives of gratitude responsibility friendship and love notions that as this important new book makes clear should be at the heart of a thoughtful and coherent conservatism **Jersey Bulletin and Dairy World**
