

who killed kurt cobain?

In this revised and updated edition of *Who Killed Kurt Cobain?* the authors recount Courtney Love's surprising response to the controversial book's publication and her efforts to suppress the documentary *Kurt & Courtney*, which also explored the theory that Cobain was murdered. Eventually the film would appear in more than forty cities throughout the country.

"People should read this book."

—Howard Stern

In this compelling work, the reader will encounter a bizarre and fascinating cast of characters: the respected Beverly Hills private investigator hired by Courtney Love to find her husband, missing from a

Los Angeles drug rehab center, who later declared Cobain's death a murder, not a suicide; the father who accused his own daughter of murdering Cobain; the Los Angeles musician who was allegedly offered \$50,000 to kill Cobain and was mysteriously found dead shortly after passing a lie detector test given by the world's top polygraphist.

These and many other revelations offer compelling reasons to officially reopen the case of Cobain's death to find out how he really died.

In the words of *Chicago New City Magazine*, "*Who Killed Kurt Cobain?* is a thoroughly fascinating and entertaining read." *Phoenix New Times* called it "meticulously researched."

Ian Halperin and Max Wallace bring more than thirty years of combined experience in journalism and the music industry to their investigation. In 1984 Halperin and Wallace were cowinners of the *Rolling Stone* magazine Award for Investigative Journalism. Both live in Montreal.
