Who Is God? J. Vernon McGee, 1999-09-18 How do you understand the dimensions power mind will and love of God when He is beyond definition Dr J Vernon McGee unravels the mystery of who God is and offers a solid theological understanding for the layman Thoroughly biblical Who Is God does not attempt to put Him in a box but instead examines the biblical revelation and affirms that though God cannot be measured by human standards He does reveal Himself to us From learning about the Trinity to discussing God's character Dr McGee gives both believer and nonbeliever wise counsel on who God is and how He makes Himself known to us *Who is God?* John Vernon McGee, 1999 How do you understand the dimensions power mind will and love of God when He is beyond definition Dr J Vernon McGee unravels the mystery of who God is and offers a solid theological understanding for the layman Thoroughly biblical Who Is God does not attempt to put Him in a box but instead examines the biblical revelation and affirms that though God cannot be measured by human standards He does reveal Himself to us From learning about the Trinity to discussing God's character Dr McGee gives both believer and nonbeliever wise counsel on who God is and how He makes Himself known to us **The Divine Ideas Tradition in**

Christian Mystical Theology Mark A. McIntosh, 2021-03-04 By the time of early modernity a widely deployed tenet of Christian thought had begun to vanish The divine ideas tradition the teaching that all beings have an eternal existence as aspects of God's mind had functioned across a wide range of central Christian doctrines providing Christian thinkers and mystical teachers with a powerful theological capacity to illuminate the Trinitarian ground of all creatures and to renew the divine truth of all creatures through human contemplation Already by the time of the Middle Platonists Plato's forms had been reinterpreted as ideas in the mind of God Yet that was only the beginning of the transformation of the divine ideas for Christian belief in God as Trinity and in the incarnation of the Word imbued the divine ideas tradition with a remarkable conceptual agility The divine ideas teaching allowed mystical theologians to conceive the hidden presence of God in all creatures and the power of every creature's truth in God to consummate the full dynamic of every creature's calling The Divine Ideas Tradition in Christian Mystical Theology brings to life the striking role of the divine ideas tradition in the teaching of its central exponents and also suggests how the divine ideas might constructively inform Christian theology and spirituality today Especially in an age of global crises when the truth of the natural environment of racial injustice and of public health is denied and disputed for political ends the divine ideas tradition affords contemporary thinkers a creative and contemplative vision that reveres the deep truth of all beings and seeks their mending and fulfilment **Creation, the**
