Who Would Jesus Kill War Peace And The Christian Tradition:

Who Would Jesus Kill? Mark Allman, 2008 In *Who Would Jesus Kill War Peace and the Christian Tradition* Dr Mark J Allman asks a provocative timely and timeless question Readable and thought provoking *Who Would Jesus Kill* Provides an overview of approaches to war and peace within the Christian tradition The author invites students to reflect on their own views as he examines in detail the topics of holy war just war and pacifism An appendix further explores the issues of war and peace from Jewish and Muslim perspectives Provided by publisher Bodies of Peace Myles Werntz, 2014 *Bodies of Peace* argues that Christian nonviolence is both formed by and forms ecclesial life creating an inextricable relationship between church commitment and resistance to war In this volume Myles Werntz examines the work of John Howard Yoder Dorothy Day William Stringfellow and Robert McAfee Brown demonstrating how each thinker's advocacy for nonviolent resistance depends deeply upon the ecclesiology out of which it comes The volume argues that any account of an ecclesially informed resistance to war must be open to a multitude of approaches not as pragmatic concessions but as a foretaste of ecumenical unity **Just Revolution** Anna Floerke Scheid, 2015-06-17 Despite the U S Catholic Bishops 1983 declaration that insufficient analytical attention has been given to the moral issues of revolutionary warfare theological scholarship has been slow to engage in systematic analysis of what makes a revolution ethical or unethical *Just Revolution A Christian Ethic of Political Resistance and Social Transformation* aims to address this lacuna What principles and practices ought to guide people who want to free themselves from dictatorial or oppressive governments With this question in mind this book focuses on oppressed peoples as agents of their own processes of social transformation The model of just revolution proposed endeavors to limit violence to do the least possible harm while overcoming political oppression working toward a justice and promoting long term efforts at peacebuilding and sociopolitical reconciliation Using the South African struggle against apartheid as a case study *Just Revolution* posits an ethic for revolutionary activity that begins with nonviolent just peacemaking practices allows for limited and restrained armed resistance in accordance with revised just war criteria and promotes post revolutionary transitional justice and social reconciliation Together the practices and criteria that emerge from this study yield a rich and theologically grounded ethic of just revolution **Introducing Catholic Social Thought** J. Milburn Thompson, 2015-02-26 Introduces Catholic social teaching of the twenty first century and includes encyclicals of Benedict XVI **Historical Dictionary of Catholicism** William J. Collinge, 2021-08-15 This work covers the whole history of Catholicism including the periods of Christian history prior to the present divisions into Catholic Orthodox and Protestant but within the earlier periods it focuses on the story line that leads to Catholicism in the Roman Rite and particularly to Roman Catholicism in the United States The *Historical Dictionary of Catholicism Third Edition* contains a chronology an introduction and an extensive bibliography The dictionary section has more than 500 cross referenced entries on important persons and places as well as themes such as baptism contraception labor church architecture the sexual abuse crisis

Catholic history doctrine and theology spirituality and worship moral and social teaching and church structure This book is an excellent resource for students researchers and anyone wanting to know more about Catholicism Henry Cadbury James Krippner, David Harrington Watt, 2024-02-06 This book introduces readers to the life thought social activism and political conflicts of the Quaker intellectual and peace activist Henry Cadbury 1883 1974 Born into an established Orthodox Philadelphia Quaker family Cadbury was among the most prominent Quaker intellectuals of his day During his lifetime he was well known as a contributor to one of the most important English translations of the Bible the Revised Standard Version and wrote scores of articles and books on the early history of Christianity and the history of the Society of Friends He also had enormous influence over what may be the single best institutional instantiation of the Quaker commitment to nonviolence the American Friends Service Committee AFSC an organization Cadbury helped to found in 1917 and served throughout his long lifetime When the AFSC was awarded the Nobel Peace Prize in 1947 Cadbury was asked to accept the prize on its behalf **Journal of the Society of Christian Ethics** ,2008 After the Smoke Clears Mark J. Allman, Tobias Winright, 2022-07-21 While most studies of just war focus on the rationale for going to war and the conduct of the war this important book examines the period after the conflict What must be done to restore justice In the words of the authors Victory is declared by presidents and other leaders yet all too often no just peace is to be found in the wake of today's conflicts After the smoke clears the powers that be may declare mission accomplished when as Ezekiel long ago said there really is no peace Toying with God Nikki Bado-Fralick, Rebecca Sachs Norris, 2010 Written with verve and a healthy dollop of humor Toying with God examines the sometimes zany world of religious games and dolls from pre history to today Packed with examples that add immeasurably to readers knowledge of religious trivia this entertaining romp is an insightful reflection upon one of the more curious intersections of popular culture and spirituality Have we humans blended fun with spirituality for good or for ill And what does all of this say about our insatiable need for entertainment Book Jacket

Robotic Persons Joshua K. Smith, 2021-02-26 Robotic Persons will introduce the evangelical community to the journey of Robotic Futurism and how current and forthcoming AI driven robots will impact human value and dignity This book will consider three key areas of robotic development and the existential risks on the horizon for humans in the fields of work war and sex There are risks in the fields of work because there is a temptation to replace human workers with automation Current arguments for the benefit of war fighting robots posit that these robots will eliminate war and the risk of war but there is much more to the story Arguments for sex and companion robots proffer that they will benefit the fringe community or help those who do not have a relative to care for them but again there are many ethical and philosophical problems with these arguments Robotic Persons not only introduces the reader to these issues but also gives an evangelical response to each There is presently no evangelical work addressing these critical issues Robotic Persons will argue that granting legal personhood to qualified robots will further prevent dehumanizing use of robots and protect human dignity and value
