The Second Son Edgar Wallace, 1925 **The Public** Louis Freeland Post, Mrs. Alice Thacher Post, Stoughton Cooley, 1916 *Country Guide and Nor'west Farmer*, 1925 Philip V of Macedon in Polybius' Histories Emma Nicholson, 2023-01-20 Philip V of Macedon in Polybius Histories Politics History and Fiction offers a historiographical and literary study of Polybius portrait of Philip V and aims to advance our knowledge of both the Macedonian king and the historian It takes a chronological and thematic approach exploring how Polybius political historiographical and didactic aims impact the king's depiction from beginning to end The first half focuses on political and rhetorical aspects it highlights the embedded Achaean perspective of the narrative and how this fundamentally shapes Philip's image it re-evaluates key character defining episodes such as the sack of Thermum and the attempt on Messene and it problematizes Polybius claim that Philip became increasingly treacherous and tyrannical towards the Greeks after 215 BC The second half explores how Polybius develops his interpretation of the king through ideological and literary means it investigates how Polybius uses cultural politics to blacken Philip's image and justify the exchange of Macedon and Rome as hegemonic powers in the Greek world it rationalizes his use of a tragic mode for Philip's last years examining the implications this styling has for our historical understanding of the king and it considers how tensions between Polybius narrative and commentary on Philip may be the result of his combination of historiographical and biographical modes of presentation It finishes by resituating Philip in the broader context of the Histories drawing comparisons between his portrait and that of other kings and leaders and discussing how kings are shaped by and contribute to the arguments in the Histories Middle East and Arabic Countries Environmental Law Handbook Volume 1 Strategic Information and Regulations IBP, Inc., 2015-08-03 2011 Updated Reprint Updated Annually Middle East and Arabic Countries Environmental Law Handbook **Moore's Rural New-Yorker**, 1911

The contributions of Woodiwiss Lister and Sassen are outstanding but not unrepresentative of the many merits of this excellent collection The British Journal of Sociology From women's rights civil rights and sexual rights for gays and lesbians to disability rights and language rights we have experienced in the past few decades a major trend in Western nation states towards new claims for inclusion This trend has echoed around the world from the Zapatistas to Chechen and Kurdish nationalists social and political movements are framing their struggles in the languages of rights and recognition and hence of citizenship Citizenship has thus become an increasingly important axis in the social sciences Social scientists have been rethinking the role of political agent or subject Not only are the rights and obligations of citizens being redefined but also what it means to be a citizen has become an issue of central concern As the process of globalization produces multiple diasporas we can expect increasingly complex relationships between homeland and host societies that will make the traditional idea of national citizenship problematic As societies are forced to manage cultural difference and associated

tensions and conflict there will be changes in the processes by which states allocate citizenship and a differentiation of the category of citizen This book constitutes the most authoritative and comprehensive guide to the terrain Drawing on a wealth of interdisciplinary knowledge and including some of the leading commentators of the day it is an essential guide to understanding modern citizenship About the editors Engin F Isin is Associate Professor of Social Science at York University His recent works include *Being Political* Genealogies of Citizenship Minnesota 2002 and with P K Wood *Citizenship and Identity* Sage 1999 He is the Managing Editor of *Citizenship Studies* Bryan S Turner is Professor of Sociology at the University of Cambridge He has written widely on the sociology of citizenship in *Citizenship and Capitalism* Unwin Hyman 1986 and *Citizenship and Social Theory* Sage 1993 He is also the author of *The Body and Society* Sage 1996 and *Classical Sociology* Sage 1999 and has been editor of *Citizenship Studies* since 1997 News Bulletin National Council for Prevention of War (Great Britain),1929 *County Gentleman and Land and Water* ,1905 *Orange Judd American Agriculturist* ,1913

Golden Days for Boys and Girls ,1883 **Jews in the Early Modern English Imagination** Eva Johanna Holmberg,2016-05-06 Based on travel writings religious history and popular literature *Jews in the Early Modern English Imagination* explores the encounter between English travellers and the Jews While literary and religious traditions created an image of Jews as untrustworthy even sinister travellers came to know them in their many and diverse communities with rich traditions and intriguing life styles The Jew of the imagination encountered the Jew of town and village in southern Europe North Africa and the Levant Coming from an England riven by religious disputes and often by political unrest travellers brought their own questions about identity national character religious belief and the quality of human relations to their encounter with the scattered nation **The Saturday Evening Post** ,1901 *The Oxford Handbook of Jewishness and Dance* Naomi M. Jackson,Rebecca Pappas,Toni Samantha Phim,2022 Focusing on North America Europe and Israel in the twentieth and twenty first centuries this Handbook highlights the sometimes surprising often hidden and overlooked Jewish resonances within a range of styles from modern and postmodern dance to folk dance and flamenco **Normal Instructor** ,1906 **The SAGE Handbook of Nations and Nationalism** Gerard Delanty,Krishan Kumar,2006-06-14 With its list of distinguished contributors and its wide range of topics the handbook is surely destined to become an invaluable resource for all serious students of nationalism Michael Billig Professor of Social Sciences at Loughborough University and author of *Banal Nationalism* SAGE 1995 The persistence some would say revival of nationalism across the recent history of modernity in particular the past two decades has taken many scholars in the social sciences by surprise In response interest in the analysis of nationalism has increased and given rise to a great variety of new angles under which to study the phenomenon What was missing in the cacophony of voices addressing nationalism was a volume that brought them together and confronted them with each other This handbook does just that It deserves particular praise for the wide range of approaches and topic included and for the systematic attempt at studying nationalism as a phenomenon of our time not a remnant from

the past Peter Wagner Professor of Social and Political Theory European University Institute and Professor of Sociology University of Warwick For students concerned with the contemporary study of nationalism this will be an invaluable publication The three fold division into approaches themes and cases is a very solid and sensible one The editors have commissioned essays from leading scholars in the field and this handbook provides the best single volume overview of contemporary nationalism John Breuilly Professor of Nationalism and Ethnicity London School of Economics Nationalism has long excited debate in political social and cultural theory and remains a key field of enquiry among historians anthropologists sociologists as well as political scientists It is also one of the critical media issues of our time There are however surprisingly few volumes that bring together the best of this intellectual diversity into one collection This Handbook gives readers a critical survey of the latest theories and debates and provides a glimpse of the issues that will shape their future Its three sections guide the reader through the theoretical approaches to this field of study its major themes from modernity to memory migration and genocide and the diversity of nationalisms found around the globe The overall aim of this Handbook is to relate theories and debates within and across a range of disciplines illuminate themes and issues of central importance in both historical and contemporary contexts and show how nationalism has impacted upon and interacted with other political and social forms and forces This book provides a much needed resource for scholars in international relations political science social theory and sociology

The Christian Advocate ,1926 *Religion, Ethnicity and Xenophobia in the Bible*
Brian Rainey,2018-11-21 Religion Ethnicity and Xenophobia in the Bible looks at some of the Bible s most hostile and violent anti foreigner texts and raises critical questions about how students of the Bible and ancient Near East should grapple with ethnicity and foreignness conceptually hermeneutically and theologically The author uses insights from social psychology cognitive psychology anthropology sociology and ethnic studies to develop his own perspective on ethnicity and foreignness Starting with legends about Mesopotamian kings from the third millennium BCE then navigating the Deuteronomic and Holiness traditions of the Hebrew Bible and finally turning to Deuterocanonicals and the Apostle Paul the book assesses the diverse and often inconsistent portrayals of foreigners in these ancient texts This examination of the negative portrayal of foreigners in biblical and Mesopotamian texts also leads to a broader discussion about how to theorize ethnicity in biblical studies ancient studies and the humanities This volume will be invaluable to students of ethnicity and society in the Bible at all levels
