Why Dust Shall Never Settle Upon This Soul:

Why Dust Shall Never Settle Upon This Soul Ryka Aoki, 2015-03-06 In the old old days Ryka Aoki would be tagged as some kind of prophet and the thumbsucking masses bewildered flummoxed by her talking stories would stone or torch her Forged from the ceaseless grappling match with life living identity obligations duty home selfhood the poems in this striking collection are a libretto of what survives what is elusive what transforms or transmogrifies and what remains primal elemental Justin Chin Author of Gutted and Bite Hard Sharp eyed witty passionate and just a lament for trans losses that is also somehow a celebration of life this book made me cry and then laugh and then do something that was both at once It is an important contribution to our literature and also that rare thing a book of poetry you won't be able to put down Cat Fitzpatrick Poetry Editor Topside Press

How We Make Each Other Perry Zurn, 2024-12-06 Trans people have always lived in the cracks of institutions and the university is no exception In *How We Make Each Other* Perry Zurn tells the stories of how trans people make and live their lives at the edges of the university in ways that sometimes lead to policy change but always leave participants and institutions different than they were before Using the Five Colleges in Massachusetts as a case study Zurn notes that Amherst College Hampshire College Mount Holyoke College Smith College and the University of Massachusetts Amherst have been at the forefront of developing trans inclusive policies in higher education often in response to student organizing Zurn focuses on the stories of trans students staff faculty and community members within and alongside these institutions exploring how they have built themselves and each other Drawing on official archives as well as over 100 interviews Zurn shows how trans people in the Five Colleges have made history forged resistance habits and cultivated hope

Write On, Sisters! Brooke Warner, 2025-07-30 There are more outlets than ever for writers to spread their messages and share their work more opportunities to speak out and be seen Writers expose themselves freely and willingly in a way that would have been unfathomable fifty years ago and more people than ever are writing and publishing Men and women are writing with equal fervor and commitment to their message and craft As a result it's easy to assume or hope that the gendered playing field is a thing of the past too Unfortunately for women writers it's not Knowing what we're up against and how to fight back is the heart and soul of *Write On Sisters* Inside these pages Brooke Warner draws upon research anecdotes and her personal experiences from twenty years in the book publishing industry to show how women's writing is discounted or less valued than men's writing then provides support to overcome these challenges This book also shines light on how women writers face not only ever present historical and social challenges but also their own self limiting beliefs *Write On Sisters* is for every woman writer ready to be done with all that and who's ready for the next revolution

Radical Elegies Eleanor Perry, 2022-04-21 Scholarship has traditionally characterized elegy as a Eurocentric tradition a genealogy spanning from ancient Greek pastoral poems via the English elegy to English and Anglo American Modernist contemporary poets Perry examines how these genealogical constructions operate as a means of framing which guides

interpretation This book argues that they reflect a necropoetics a system of principles precepts and techniques which serve to establish and maintain ideas about whose lives are worthy of being mourned publicly and whose losses matter Examining elegies that challenge questions of whose deaths may be grieved elegies which articulate the various ways in which certain lives are made precarious and disposable and elegies which interrogate colonial violence structures of white power militarized forms of policing prison industrial and military industrial complexes Perry explores possibilities for radical new ways of understanding elegy beyond established genealogical frames This study retheorizes some basic terms of analysis of contemporary US poetry and poetics critical race and ethnic studies racial capitalism and contemporary theories of comparative and relational racialization
