WITH THE 14TH AMENDMENT**

**INTERESTING...WHAT'S
IT SAY?**

**IT SAYS "NOR SHALL ANY STATE DEPRIVE
ANY PERSON OF LIFE, LIBERTY, OR
PROPERTY, WITHOUT DUE PROCESS OF LAW;"**

**BUT IT SAYS A PERSON
CANNOT BE DEPRIVED OF THEIR
RIGHT TO LIVE RIGHT THERE**

**OH THEY JUST ARBITRARILY DECLARED
ABORTION WAS A RIGHT, AND
THAT UNBORN BABIES ARE NOT PERSONS**

**AND THAT'S HOW WE
HAVE LEGAL ABORTION**

You May Be A Liberal If:

Why You May Be A Liberal (and why That's Okay): the Political Conversion of a Utah Mormon Bishop Steve Olsen, 2007-06-01 A short book by a Mormon bishop and the 2006 Democratic congressional candidate from Utah's 1st District on why he determined that liberalism better reflected his values even though he had considered himself a conservative all his life

Liberalism as a Way of Life Alexandre Lefebvre, 2025-10-28 Why liberalism is all you need to lead a good fun worthy and rewarding life and how you can become a better and happier person by taking your liberal beliefs more seriously Where do you get your values and sensibilities from If you grew up in a Western democracy the answer is probably liberalism Conservatives are right about one thing liberalism is the ideology of our times as omnipresent as religion once was Yet as Alexandre Lefebvre argues in Liberalism as a Way of Life many of us are liberal without fully realizing it or grasping what it means Misled into thinking that liberalism is confined to politics we fail to recognize that it's the water we swim in saturating every area of public and private life shaping our psychological and spiritual outlooks and influencing our moral and aesthetic values our sense of what is right wrong good bad funny worthwhile and more This eye opening book shows how so many of us are liberal to the core why liberalism provides the basis for a good life and how we can make our lives better and happier by becoming more aware of and more committed to the beliefs we already hold A lively engaging and uplifting guide to living well the liberal way Liberalism as a Way of Life is filled with examples from television movies stand up comedy and social media from Parks and Recreation and The Good Place to the Borat movies and Hannah Gadsby Along the way you'll also learn about seventeen benefits of being a liberal including generosity humor cheer gratitude tolerance and peace of mind and practical exercises to increase these rewards You're probably already waist deep in the waters of liberalism Liberalism as a Way of Life invites you to dive in

Liberalism Undressed Jethro K. Lieberman, 2012-09-12 One of mankind's most enduring questions is the legitimate scope of state power how far and in what ways may the government meddle with people's lives Where lies the line that government ought not cross For more than three centuries the western world has answered these questions with institutions and practices that collectively have come to be known as liberal democracy Though deeply rooted liberalism has stirred critical attacks from both the left and the right and it has never wholly won the day During the past 40 years many of liberalism's most distinguished defenders have presented complex controversial abstruse and even impenetrable theories to justify liberal institutions and practices often relying on metaphysical constructs imaginary beings and fanciful events to fashion abstract liberal principles that rarely reach real world problems In Liberalism Undressed Jethro K. Lieberman returns to liberalism's roots to explain in accessible and readable prose why liberalism retains its power and appeal He begins with the memorable thesis of John Stuart Mill who drew from earlier liberal writers that the only purpose for which power can be rightfully exercised over any member of a civilised community against his will is to prevent harm to others Building on Mill's well known but rarely analyzed Harm

Principle Liberalism Undressed undertakes to show that this widely accepted precept it s a free country I should be able to do what I want as long as I don t hurt anybody can justify a government robust enough to deal with pressing modern problems of human harm and suffering while restrained enough to provide people freedom to live life on their own terms A powerful reinterpretation of liberalism s foundations it forces us to rethink our understanding of the meaning of harm and the proper role of government in our individual and communal lives

Liberalism and Its Discontents Patrick Neal,2016-07-27 In these essays the reigning models of liberal political theory of John Rawls and Joseph Raz are immanently criticized Neal argues that neither political nor perfectionist liberalism adequately gives expression to the liberal spirit Surprisingly Neal finds resources for the expression of such a spirit in the much maligned tradition of Hobbesian or vulgar liberalism He argues that a turn in this direction is necessary for the articulation of a liberalism more genuinely responsive to the diversity of modes of life in the twenty first century

Liberalism and Affirmative Obligation Patricia Smith,1998-11-26 The scope of affirmative obligation is a point of contention among liberals Some see affirmative obligations required by social justice as incompatible with a strong commitment to individual freedom The task before the moderate liberal is then to consider what a consistently liberal view of affirmative obligation would have to be in order to accommodate liberal commitments to freedom and justice and also account for long standing institutions that are central to liberal democratic society In this book Patricia Smith argues that this can be achieved by reconstructing the liberal doctrine of positive and negative duty She offers a careful consideration of these elements of liberal principles as they relate to affirmative obligation Through an innovative analysis of the institutions of family and contract Smith develops the idea of duties of membership as preferable to natural duties to explain family obligation and as needed to supplement contractual duties to explain professional obligation This idea is then applied to the problem of justifying political obligation She argues that membership obligations implied in cooperative endeavor must supplement obligations of consent that are central to liberal theory This is deftly illustrated through a state of nature theory that includes community membership eliminating atomistic individualism while maintaining consonance with what Smith calls cooperative individualism The resulting view of liberal individualism is consistent complete and capable of handling long standing liberal institutions while taking seriously the demands of affirmative obligations Smiths clear articulation of a liberal view of affirmative obligation finds a middle ground on this polarized topic with compelling and reasoned implications for liberal political philosophy Her discussion will interest students and scholars of legal and political philosophy and political science

[Delete Hyperianism: The New Face of Cults In the Twenty-First Century](#) Dave Sinclair,2023-02-18 Articles by investigative journalist David G McAfee an expert on cults have revealed what many people have been saying for years that the New Age group known as Hyperianism with several hundred fanatical followers and two millionaire backers is a dangerous cult The leader of this cult calls himself Morgue a suitably cult

like appellation Other names he uses are Morgen Night the Night Bringer 89 and the Terror of Men Hyperianism preaches a highly disturbing ideology revolving around Woke extremism and it could easily be considered a hate group encouraging people to say No to normality and to normal people Hyperianism detests mainstream society The leader of the cult is a gender radical preaching a message that androgyny constitutes a higher state and he says that his cult is for people who are higher than human and beyond human He even says that he does not identify as human His misogyny is self evident in this comment I can not count how many times some spray on tan slut has inquired in disbelief why I dress the way I do or do the things I do It s not sexy she informs me Such stupidity makes me want to strangle the bitch Why should I be concerned if other people find me attractive in any way Should I change my identity for a waste producing organ between the legs Morbidly Yours Morgue This toxic leader constantly asks for financial support from people who are clearly highly vulnerable and being groomed by him The sheer number of brainwashing techniques in evidence is astonishing All his life as a street performer and expert in NLP Morgue has perfected the art of getting the weak minded to pay him for putting on a show It s essential for whistleblowers to expose these sinister cults and their even more sinister leaders who do enormous damage to susceptible individuals who are easily psychologically manipulated and exploited by those on the Dark Triad spectrum of narcissism Machiavellianism and psychopathy This book is all about blowing the whistle on this dangerous cult and ensuring that people are warned about what they are dealing with should they ever encounter members of this cult or its sinister leader Judge for yourselves whether Hyperianism is harmless or a sick twisted cult that people must be warned about to stop more falling into its trap

Williams,2024-12-27 In this book leading scholar Andrew J Williams examines contemporary liberal thinking on the ending of wars and puts it into its historical context Using a vast range of archival material he examines the main strategies used by liberal states to consolidate their gains in the aftermath of war and prevent conflict re occurring Considering historical wars from the nineteenth century to the withdrawal from Afghanistan in 2021 and the war in Ukraine since 2022 Williams explores the continuities and changes within western liberalism in response to war and the encouragement of peace These include in recent times the emergence of neoliberalism a growing revulsion

against humanitarian intervention and the evolution of legal attempts to control illiberal regimes He shows how liberalism and the articulation of international norms and institutions sprang out of historical traditions linked to colonialism but also out of a desire to promote liberty and justice He examines the attitudes and practices that have distorted liberalism s essentially emancipatory nature into one that has encouraged hubris in foreign policy and an increasingly divisive set of economic political and social policies He suggests that a new liberal impulse to encourage the spread of democracy and international justice is possible one that returns to a more realistic approach to intervention in international conflicts The book will appeal to scholars and students of war conflict and political theory interested in the historical perceptions at the heart of many of the mistakes made by liberalism in the ending of wars It will also give hope to those who still believe that liberalism can be the organising feature of a just and equitable world order *The Present Position of the "Liberal" Party.* By the Author of "Miriam May," Etc.
