You Say That I Am Jesus And The Messianic Problem:

You Say That I Am Matthew O'Neil, 2014-06-20 What does it mean to say that Jesus of Nazareth was the Messiah More importantly what expectations did Jews have for the promised savior of their people Was it enough to be a descendant of King David To perform miracles To rise from the dead What if any of this criteria did Jesus fulfill and what part of it became an amendment to the job description The Christian faith has accepted Jesus of Nazareth as the Messiah that Judaism promised and it is a belief that they refuse to shake But in a world of biblical literalists who take the Bible as the unedited uninhibited Word of the Abrahamic God what they do not know can be damaging to their faith And perhaps there is a reason they keep it that way In this critical examination of the alleged exploits of Christ atheist historian and theologian Matthew O Neil explores the beliefs that gave rise to Christianity pieces together who the historical Jesus was and shows how big the Messianic problem really is **"The Time Is Fulfilled"** Lynne Moss Bahr, 2018-12-27 In this study Lynne Moss Bahr explores the concept of temporality as central to Jesus's proclamation of the Kingdom of God Using insights from continental philosophy on the messianic which expose the false claim that time progresses in a linear continuum Bahr presents these philosophical positions in critical dialogue with the sayings of Jesus regarding time and time's fulfillment She shows how the Kingdom represents the possibilities of a disruption in time one that reveals the intrinsic relation between God and humanity In illustrating how Jesus's sayings regarding time are thus expressions of his messianic identity as of the world and not of the world Bahr argues that the meaning of Jesus's identity as Messiah is embedded in the disjuncture of time in the impossibility of now from which the Kingdom comes Bahr's use of critical theory in this study expands the concept of God's Kingdom beyond the traditional confines of the discipline **Judaisms and Their Messiahs at the Turn of the Christian Era** Jacob Neusner, William Scott Green, Ernest S. Frerichs, 1987 In its approach to evidence not harmonizing but analyzing and differentiating this book marks a revolutionary shift in the study of ancient Judaism and Christianity *We Have Found the Messiah* Michael Vicko Zolondek, 2016-09-28 Ben F Meyer once wrote Radical developments generally take place not by someone's seeing something new but by his seeing everything in a new way This book is Michael Vicko Zolondek's attempt to bring Meyer's words to fruition For more than two hundred years scholars have been debating whether the historical Jesus took up the role of Davidic Messiah In this book Zolondek addresses this long standing question in a fresh and unique way He challenges a generation of scholarship by arguing that the manner in which it has gone about answering the Davidic messianic question is significantly problematic when considered in the light of Jesus' cultural context and the messianism of his day This cultural context and messianism then forms the basis for Zolondek's fresh approach to the Davidic messianic question which he ultimately answers in the affirmative In this book readers will not only be exposed to more than forty years of research on the Davidic messianic question but they will come away with a unique understanding of what it means to be a Davidic Messiah and what it would have looked like for Jesus to have taken up that role **Is Jesus of Nazareth the**

Predicted Messiah? Douglas D. Scott, 2019-02-04 Christians in general and preachers of prophecy in particular attribute the fulfillment of hundreds of Old Testament messianic prophecies to Jesus of Nazareth. Often these claims arise in the uncritical environment of Christian churches or popular literature that is treating messianic prophecy. People with critical thinking abilities and those endowed with a skeptical nature often have key questions that remain unaddressed in such environments. These thinkers and skeptics are the people that will be most interested in this work. The primary question addressed is this: Do critically acceptable historical evidential reasons exist for believing that Jesus Christ is the direct fulfillment of some specific Old Testament messianic texts? Approaching this question within a framework that eliminates any possibility of staged prophetic fulfillment and those that may occur by mere chance or collusion produces results that must be taken seriously. Even with these strict criteria, Jesus emerges as the only viable candidate to fulfill some of the prophecies included in this study. For other prophetic texts, the evidence is not as abundant or convincing. However, even these texts yield several minimal facts that directly impinge on New Testament claims about Jesus. Improbable J. D. Brucker, 2014-11-04 Does God exist? This question has plagued humanity since its beginning. From the primitive to the sophisticated human kind has worshipped gods of every shape, gender, size, and creed. One god, however, reigns supreme: The God of Abraham. Giving birth to the three most prevalent monotheistic religions existing today, Yahweh has dominated the theological landscape. A recent intellectual movement has taken place, however, challenging the religious status quo. This movement has given many the right to approach the God hypothesis with skepticism. Improbable: Issues with the God Hypothesis critically examines the claims made by the religious, determining whether a belief in Yahweh is actually as reasonable as long believed. *Jesus Christ as Logos Incarnate and Resurrected Nana (Ancestor)* Rudolf K. Gaisie, 2020-10-16 This book seeks to demonstrate the significance of Ancestor Christology in African Christianity for christological developments in World Christianity. Ancestor Christology has developed in the process of an African conversion story of appropriating the mystery of Christ. Eph 3:4 in the category of ancestors. Logos Christology in early Christian history developed as an intricate byproduct in the conversion process of turning Hellenistic ideas towards the direction of Christ. A. F. Walls. Hellenistic Christian writers and modern African Christian writers thus share some things in common, and when their efforts are examined within the conversion process framework, there are discernible modes of engagement. The mode of Logos Christology that one finds in Origen, for example, is an innovative application of the understanding of Jesus Christ as Logos incarnate, a new key but not discontinuous with the Johannine suggestive mode or the clarificatory mode of Justin Martyr. African Ancestor Christology is at the threshold of an innovative mode, and the argument this book makes is that this strand of African Christology should be pursued in the indigenous languages, aided by respective translated Bibles. A suggested way is a Logos Ancestor Nana's discourse in Akan Christianity. Jesus is the Christ: The Messianic Testimony of the Gospels Michael F. Bird, 2012-06-01 Explains the importance of the title and role of Messiah in each of the Gospels and argues that Christianity was a messianic

movement rooted in its Jewish context Michael Bird engages the subject of the messianism of the four Gospels While the title and role of Messiah ascribed to Jesus in the Gospels has long been regarded as a late add on a fabricated claim or an insignificant feature Bird argues in contrast that the messianic claims are the most significant for the portrayal of Jesus
